UNMANNED AIRCRAFT (I

Member Entity Name

Please answer ALL questions below. **PLEASE**

A. General Information

Do you own a drone? (If yes, please complete entire application. If Not do not complete)

How many drones do you own?

Is this address located on, or adjacent to, an airport?

Name of last Aircraft insurance carrier (if none, please state none)

Expiration Date

Describe all incidents, accidents, claims (hull and liability) with dates and amounts paid (even if none), which occurred in the last five years.

Has any Insurance Company or Underwriter at any time declined an aircraft application submitted by or cancelled or refused to renew an aircraft policy held by the applicant or any of the pilots named herein?

If so, explain

B. Pilot/Operator

Name(s)

Is the pilot an employee?

Number of Years as a Pilot/Operator?

Has applicant obtained a certificate of waiver or authorization (CoA) from the FAA?

C. Aircraft Details

Manufacturer Name

Make & Model of Aircraft including size & weight

Replacement Cost

Average Flying Altitude including Maximum Operating Altitude (in feet)
Maximum Range (specify feet, yards, meters, miles, or kilometers)
Does the aircraft have the ability to independently detect and avoid other aerial traffic?
In the event of a lost link between the ground control station and aircraft, does the UAV contain an automated recovery program that allows for it to safely return to a predetermined point?
If yes, please describe procedure
If aircraft has no registration number or manufacturer's serial number, please describe how aircraft can be positively identified in the event of an incident, accident, or claim
Aircraft Manufacturer's Website

D. Maintenance

Is all maintenance performed on the aircraft, and its individual components, completed in accordance to manufacturer guidelines?
Is a record of all maintenance maintained?

E. Purpose of Use

Police
Fire
Search & Rescue
Surveillance
Photography
Wildlife Observation
Construction/Engineering
Video/Film Production
Communications
Pipeline/Powerline Patrol
Thermal Imagery
Aerial Marketing
Employee Training
Mapping
List all other uses not indicated above (explain)
Estimated number of hours the aircraft to be insured is/are to fly in the coming 12 months:

Number of flights:

F. Operating Environment/Characteristics (Mark All That Apply)

Urban (City centers, heavily populated areas)
Suburban/Semi-Urban (numerous nearby buildings/moderate population)
Industrial (Near numerous non-residential buildings)
Rural (Limited, if any, exposure to people and property)
Over Water (rivers/ponds/small lakes)
Over Open Water (large lakes/seas/oceans)
Night Operations/Severe Weather IFR Weather Operations
Other (Describe)
Does any pre- and/or in-flight communication with Air Traffic Control take place for a typical flight?
How many visual observers are used for a typical flight? (Do not include pilot/operator)
List all states where flights are anticipated to take place:

G. Policy and Procedures

Do you have a policy for the use of the aircraft?
If yes, please attach a copy of policy for use
Will aircraft be secured to limit access to only authorized personnel?
How will photos/videos be stored?
Will a flight log be maintained?
