RE: Tourist Development Council Grant Award Agreement
Mallory Square Sunshades (Public Facilities Category)

ACTION STATEMENT:

Resolution approving the Grant Award Agreement to accept the Tourist Development Council (TDC) grant for the Mallory Square Sunshades (Public Facilities Category) Project in an amount not to exceed \$167,890.00 to assist with a tourism impact study and with the purchase and installation of sunshades. The necessary budget amendments or transfers to accept the funding will be approved.

BACKGROUND:

The City of Key West submitted an application on April 29, 2020 for TDC funding from their 2021 Bricks and Mortar Capital Projects funding cycle, public facilities category, to assist with a tourism impact study and with the purchase and installation of sunshades at Mallory Square. Public Facilities requests must be in accordance with the conditions set forth in F.S. 125.0104(5)(a)(6).

The District I Advisory Committee (DAC I) approved funds for the project on January 13, 2021. The attached Grant Award Agreement will go before the Board of County Commissioners for approval in March. If approved, the City will then move forward with a tourism impact study and continue through the approval process as outlined in the public facilities funding flow chart.

PURPOSE AND JUSTIFICATION:

Since Mallory Square was converted in the early 1980's from a parking lot to the plaza as it is known today, it has only received minimal upgrades, limited to security updates, brick sealing, and landscaping here and there. The project would therefore be the first dramatic public improvements made since the early 1980's.

FINANCIAL IMPACT:

Expenses for the Mallory Square Sunshades project are currently budgeted in Fund 101, Account 1014302-5436300 (Infrastructure Surtax / Port Operations / Infrastructure) with the one cent sales surtax as the revenue source. Grant revenues of \$167,890.00 will be budgeted in 101-0000-337-7001 (TDC Grant). The TDC funding amount is up to \$167,890.00:

Key to the Caribbean – Average yearly temperature 77° F.

\$ 12,500 Representing 100% of the estimated cost of the tourism impact study
\$155,890 Representing 70% (maximum funding allowable under the statute) of the
construction cost
\$167,890 Total TDC funding

RECOMMENDATION:

Staff recommends approving the attached Grant Award Agreement to accept the Tourist Development Council (TDC) grant for the Mallory Square Sunshades (Public Facilities Category) project in an amount not to exceed \$167,890.00 to assist with a tourism impact study and with the purchase and installation of sunshades.

and will not reimburse for Segment #2 work in the event that the project does not have a positive impact on tourist related businesses.

If the Grantee has already complied with this requirement through previous funding, said acknowledgement fulfills this condition. A photograph of said acknowledgment shall be provided with the final request for reimbursement outlined in Exhibit A of this agreement.

This Project Manager shall be Steve McAlearney (Telephone: (305) 809-3747; Email: smcalearney@cityofkeywest-fl.gov; csheldon@cityofkeywest-fl.gov). b.) If, and to the extent that, Grantee contracts for any of the work funded under this agreement to be performed or completed, Grantee shall give notice to County of the contractual relationship, provide County with a copy of any and all contracts and shall require the contractor(s) to comply with all the terms of this contract. Should Grantee contract the work and then decrease the scope of work to be performed by a contractor, Grantee shall provide County with an amended contract executed by Grantee and its contractor.

(i) A Grantee which is a governmental entity shall comply with the procurement regulations and policies to which it is subject, and shall provide Grantor documentation of the procurement requirements applicable to the project and compliance therewith.

(ii) A Grantee which is a not-for-profit entity shall use procurement processes for those parts of the project to be contracted (not performed by the entity's employees) as follows. as to why such written quotes were not feasible for the goods or services. For work expected to be \$50,000 or more, a competitive bid process must be performed following Monroe County's procurement policies and procedures, unless the commodities or services will be provided by a "sole source" provider, in which case the not-for-profit must submit a notarized statement with its request for payment explaining why the vendor is the only source for the commodities or services. Refer to: <https://www.monroecounty-fl.gov/DocumentCenter/View/23168/PURCHASING-POLICY--3-18-2020>

c.) Grantee shall exercise good internal controls to assure that the project as described in the funding application shall be completed on a timely basis within the proposed budget and shall provide to County any certifications, including those by the architect, engineer, contractor or an independent consultant if necessary, required to establish that materials which are purported to be applied to the project are in fact so applied. Further verification shall be required to show that equipment and other fixtures and personal property covered by this agreement are delivered to and installed in the project site. When any permit is required by any governmental agency, copies of plans and other documents which are submitted to the applicable agency shall be submitted to the County Engineering Division to enable verification that the scope of services under this agreement has been provided.

3. **AMOUNT OF AGREEMENT AND PAYMENT.** The Grantor shall provide an amount not to exceed **\$167,890 (One Hundred Sixty-Seven Thousand Eight Hundred and Ninety Dollars TDC District 1 funding)** for materials and services used to improve the property. Reimbursement request must show that Grantee has paid in full for materials and services relating to the segment prior to seeking reimbursement from Grantor. Payment of segment 2 shall be 70% (seventy percent) reimbursement of the total cost of the segment, subject to the cap on expenditures for that segment as set forth in Exhibit A. Reimbursement can be sought after each segment of the agreement is completed and signed by the Monroe County Engineering Department as outlined in 3.a. The Board of County Commissioners and the Tourist Development Council assume no liability to fund this agreement for an amount in excess of this award. Monroe County's performance and obligation to pay under this agreement is contingent upon an annual appropriation by the BOCC.

a.) Payment shall be made upon the completion of a specific segment as outlined in the Scope of Services and Exhibit A. Payment for expenditures permissible by law and County policies shall be made through reimbursement to Grantee upon presentation of Application for Payment Summary, invoices, canceled checks, before and after pictures, County Project Manager signature of inspection and other documentation necessary to support a claim for reimbursement. Included in said documentation shall be proof that the Grantee has received the property, real or personal, for each segment of agreement as outlined in Exhibit A and paid an amount equal to or greater than the amount invoiced to the Grantor. It shall be necessary for the Grantee to contact the County Engineering Division (Steven Sanders- phone:

305-295-4338 email: Sanders-Steven@MonroeCounty-Fl.gov or Cary Knight- phone: 305-292-4527 email: Knight-Cary@MonroeCounty-Fl.gov) and to arrange for inspection upon the completion of each segment. It shall be the responsibility of the project manager to initiate the communication with the Monroe County Engineering Division to facilitate the inspection of the segment of the project. The application for payment document must be certified through a statement signed by an officer of the organization and notarized, declaring that representations in the invoice are true and factual.

All payment requests must be submitted to the TDC administrative office no later than **April 30, 2022**. Invoices received by the TDC administrative office after **April 30, 2022** will not be considered for payment.

b.) If in-kind services were noted within your application, and you are applying them to this project, documentation shall be submitted to the TDC Administrative Office to show the receipt and application of in-kind donations of goods, professional services, and materials. Said documentation should include invoices, bills of lading, etc., and be verified as received and applied to the project through a notarized statement of the project manager and said documentation submitted to the TDC Administrative Office. All submissions shall identify the items included in Exhibit A and Grantee shall complete the Application for Payment form which is provided within the payment/reimbursement packet. This document should be signed by the project manager.

The Project Manager shall certify delivery to the project site and installation therein of any goods or services provided other than through an architect, engineer or contractor. All work performed and goods received on site and incorporated into the project shall be verified by one of the foregoing. Submission of any documentation which is untrue, falsified, or otherwise misrepresents the work which has been completed, paid, or donated shall constitute a breach of agreement, for which the contract may be immediately terminated at the discretion of the County, whose decision shall be final.

c.) At any time that the documentation requirement policies of Monroe County are revised, such as to require annual inventory reports for equipment purchased under a TDC capital project grant, Grantee shall comply thereafter with such increased requirements, or further funding under the agreement may be terminated by County.

d.) Upon successful completion of this Grant agreement, the Grantee may retain ownership of the real and personal property acquired and/or improved with funding under this Grant agreement. However, the Grantee shall maintain, preserve, and operate the property which was acquired or improved under this agreement for the uses and purposes which qualified the Grantee for tourist development tax funding. Grantee shall complete and sign a Property Reporting Form upon request for personal property and forward said completed form to the TDC Administrative Office. At such time as any of the conditions in the preceding sentence shall cease to exist, the Grantee shall transfer ownership and possession of equipment and personal property to a local government or another not-for-profit organization which is a facility for which tourist development taxes may be used pursuant to Florida Statute 125.0104 with prior approval from TDC and BOCC.

(ii) At any time that the Grantee: (a) elects to stop the project or otherwise decide not to place into service for tourist-related purposes the facility acquired, constructed, or renovated with tourist development tax funding, (b) demolishes the project facility or divests itself of ownership or possession of the real property, or (c) ceases the use of the property with a primary purpose of promoting tourism, Grantee shall, pursuant to the formula set forth hereafter, refund to the County the Tourist Development funding. This provision shall survive the termination date of all other provisions of this contract for a period of ten years. Should the demolition, transfer of ownership, or change to a non-tourist related purpose occur, the amount of refund shall be pro-rated based on a useful life of ten (10) years.

(iii) The Grantee is responsible for the implementation of adequate maintenance procedures to keep the real and personal property in good operating condition.

(iv) The Grantee is responsible for any loss, damage, or theft of, and any loss, damage or injury caused by the use of, real or personal property or equipment purchased through funding under this agreement.

The Grantee shall also provide such access to the personal Property and equipment purchased under this agreement. It is the responsibility of the Grantee to maintain appropriate records in accordance with generally accepted accounting principles consistently applied to insure a proper accounting of all funds and expenditures. The Grantee understands that it shall be responsible for repayment of any and all audit exceptions which are identified by the Auditor General for the State of Florida, the Clerk of Court for Monroe County, the Board of County Commissioners for Monroe County, or their agents and representatives. If an audit determines that monies paid to the Grantee pursuant to this agreement were spent for purposes not authorized by this agreement, the Grantee shall repay the monies together with interest calculated pursuant to Sec. 55.03, F.S. running from the date the monies were paid to Grantee. In the

event of an audit exception, the current fiscal year grant award or subsequent grant awards will be offset by the amount of the audit exception. In the event the grant is not renewed or supplemented in future years, the Grantee will be billed by the Grantor for the amount of the audit exception and shall promptly repay any audit exception.

a.) **Public Access.** The County and Grantee shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and Grantee in conjunction with this agreement; and the County shall have the right to unilaterally cancel this agreement upon violation of this provision by Grantee.

In evaluating applications for acquisition funding, an important consideration is the appropriateness of the size of the site to be acquired. Determinations of the appropriateness of site size will be made on a case-by-case basis and will depend on the characteristics for which the property is considered to be significant. Sufficient property should be acquired to assure that the historic relationship of a structure or archaeological site to its surrounding environment is preserved. However, it is important that no more property than is necessary to achieve established preservation objectives be included in the acquisition project application. As this factor is crucial to favorable consideration of your grant application and will have substantial impact on the cost of the required application documentation, we encourage prospective applicants to consult with the staff of the TDC Administrative Office prior to initiating the required documentation.

5. Protection of property: Indicate any type of state or federal protection currently afforded the property. It may be that more than one type may be applicable. Provide citations for applicable local protective ordinances. Include copies of property-specific restrictive legal instruments in an attachment. By signing and submitting this application, the proposer **warrants** that **all** restrictions are disclosed. Failure to include **every** restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (**Enclose as Exhibit F**).

Not applicable.

6. Is the property threatened by imminent destruction, deterioration or other loss which may include demolition, vacancy, severe deterioration, loss of structural integrity, encroaching

Monroe County Tourist Development Council FY 2021 Capital Project Application

development, adverse environmental conditions, vandalism, etc.? Be specific regarding the nature of immediacy of the threat. If so, describe in detail:

The property is in City ownership and control and is therefore not threatened.

7. a) Are there any building restrictions on the site? If so, describe. Attach copies of all recorded easement and restrictive covenants. By signing and submitting this application, the proposer **warrants** that **all** restrictions are disclosed. Failure to include **every** restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (**Enclose as Exhibit G**).

Not applicable.

b) Is the proposed project compatible with the County's and/or the Municipality's Concurrency Requirements under the existing and proposed Land Use Comprehensive Plan?

☒ Yes ☐ No

Describe below how you have ascertained such compatibility. (Note: If your description does not provide information about existing permits and/or review by the County Planning Department, your application shall be rejected. Please list all permits required to complete this project)

Project area is an existing and current public plaza therefore its land use is consistent with all plans and concurrency requirements. Only local building permits which will be requested and provided by the City following routine permitting procedures will be required for renovation and improvements described in this application.

c) Does the site contain endangered or threatened species of flora or fauna?

☒ Yes ☐ No If yes, attach explanation as **Exhibit H**

d) Indicate whether or not the project will be accessible to the handicapped per Chapter 553, Part V, Florida Statutes and the Americans with Disabilities Act of 1990, Public Law 101-336, as amended.

☒ Yes ☐ No If no, attach explanation as **Exhibit I**

e) Explain how your facility will utilize recycling within the work of your proposed project:

The City has an extensive public recycling program. For specific reference please see the City Code Section 58. The recycling program is managed under contract by Waste Management, Inc.

f) **Public accessibility and use:** Indicate the extent to which the property is currently or will be scheduled to be open to the public each year (hours per day, days per week and weeks per year) upon project completion. Estimate the number of persons who will use or visit the completed facility annually. For archaeological projects, if the site will not be accessible to the public, estimate the number of persons annually who will be exposed to the interpretive materials and reports resulting from the project. How was this estimate derived?

The facility will be open and available to the general public year round, 365 days of the year. Of the 2.9 million people that visit Key West annually, we expect at least 1 million of them to visit Mallory Square. This number is based on the popularity of Mallory Square as being the number three (3) thing to do in Key West as ranked by TripAdvisor.com, the number of those participating in the nightly Sunset Celebration, and the numerous events held at Mallory Square that draw hundreds of thousands of tourists every year.

8. **Describe present physical condition of site:** (attach legal description per property tax records). Indicate the present condition of the property by checking the appropriate term below:

☐ **Excellent:** The property is habitable and occupied; no repairs are needed. All physical evidence indicates that the property is under continuous maintenance. Application is for expansion and enhancement.

☒ **Good:** The property is habitable and occupied; only replacement or cosmetic repairs are needed (e.g., peeling paint, missing ornamental features, windows, doors, some deteriorated mortar, etc.) Property is maintained but in need of minor repair.

☐ **Fair:** The property is habitable but may be vacant. Both the structural integrity (foundation, framing, etc.) and weather tight integrity of the property (siding, walls, roofing, etc.) are in jeopardy because of prolonged neglect.

☐ **Poor:** The property is uninhabitable and vacant. Major structural repairs are needed. Weather tight integrity has been lost. The property is derelict, abandoned and not habitable without major rehabilitation work.

List any specific factors or problems which contribute to the present condition of the property.

Since Mallory Square was converted in the early 1980's from a parking lot to the plaza as it is known today, it has only received minimal upgrades, limited to security updates, brick sealing, and landscaping here and there. The project would therefore be the first dramatic public improvements made since the early 1980's.

9. Status of Project Planning: (Any work initiated prior to the approval of an agreement by the Monroe County Board of County Commissioners will be at applicants' own cost):

- | | |
|---|---|
| ☒ Not yet initiated | ☐ Initiated |
| ☐ Schematics complete | ☐ Design development completed |
| ☐ Construction documents completed | ☐ Permits have been obtained (if required) |

10. Name and Address of Project Consultant (architect, engineer, contractor, etc.).

None selected at this time.

Enclose preliminary plans or architectural documents completed to date - 1 set (**Enclose as Exhibit J**).

11. Has an agreement for architectural services or construction services been executed?

- ☐ Yes (costs will not be reimbursed by TDC) ☒ No
- ☐ Project does not require architectural services

12. It is the County's policy **not to fund operations and maintenance costs** of facilities. Describe the means by which the structure(s) affected by this project will be maintained subsequent to restoration/rehabilitation. Include sources and estimated amounts of funding for such maintenance.

The City Department of Community Services will be responsible for maintaining these new facilities. The costs of maintenance and operations will be funded in the City's Annual Budget each year during the normal budget preparation process.

13. Estimated Project completion date April 30, 2022

14. How will the project enhance tourism in Monroe County?

Ranked the number three (3) thing to do in Key West by Trip Advisor, Mallory Square will soon be more attractive to the one million tourists anticipated to visit this well known area each year with the addition of sunshades and landscape improvements proposed in this project. The sunshades will provide protection from the sun's harmful UV rays, create a shady place to relax and enjoy the area year round especially during the hottest months of the year, and offer shelter from the rain adding practical and aesthetic value to Mallory Square. Landscaping will improve air and water quality, make better use of the land, and provide cooler temperatures. With the quality of life improvement this project will bring, visitors will prolong their time outdoors and stay in the area longer.

15. Applicant must demonstrate the ability to complete the project as proposed and to maintain and operate the project as a viable and long-term tourist attraction that is open to the public.

Included in this demonstration should be a proposed operational budget and marketing program to promote this facility as a tourist attraction. **(Attach as Exhibit K)**

Per Karen DeMaria:

Mallory Square: The area is a man-made developed area with planted areas. There are several species of palms and trees in the planter areas that are on the State and County threatened and endangered species lists including Thatch palms, Mahogany, and Lignum vitae trees. All of these have been planted by the City. Endangered and Threatened species of birds do migrate through the area but the area doesn't contain any threatened or endangered species of animals.

Marketing Plan & Operational Budget

Mallory Square is marketed on a variety of different internet and social media platforms as one of Key West's top tourist destinations. Several travel websites, including TripAdvisor.com, travel.usnews.com, trolleytours.com, visitflorida.com, all market Mallory Square as one of the top tourist destinations and Sunset Celebration as a best thing to experience in Key West. For decades, Sunset Celebration at Mallory Square has drawn hundreds of visitors for its free, nightly arts festival showcasing various street performers and vendors. The newly upgraded facilities and features, including sunshades, seating, and landscaping, will be highlighted and promoted on the website www.mallorysquare.com to enhance the number of daytime visitors. As these avenues for marketing are already in place, no additional marketing dollars will be required to inform the public and tourists of these upgraded facilities.

Regarding operational budget, the City Department of Community Services will be responsible for maintaining these new facilities. The cost of maintenance and operations will be funded in the City's Annual Budget each year during the normal budget preparation process.

Public Facilities Category TDC Bricks & Mortar Capital Funding Applications

In 2018 Public Facilities were added to the State Statute as a permissible category. The State has determined that the Monroe County Board of County Commissioners must approve the requested project along with an independent study to demonstrate the positive impact of the infrastructure project on tourist related businesses in the County. Tourist Development Taxes are responsible for paying up to 100% of the cost of the study and up to 70% for the cost of the project.
