

## THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3700

### **Bahama Village Community Redevelopment Area Community Redevelopment Trust Fund Appropriation Application Cover page 2014 Allocation Year**

#### **Funding Source**

Based on a Finding of Necessity, first adopted in 1995 and updated in 2009, that establishes that the Bahama Village (BV) Redevelopment Area meets the state definitions for blighted districts, a special taxing district was established created from tax increment growth known as the Community Redevelopment Trust Fund (CRTF).

Each year the property tax increment growth generated from within the BV subarea that has accrued above the baseline year (1995), is taken from both the City and the County's general property tax fund base and held in the CRTF. The Community Redevelopment Trust Fund generated by property taxes are allowed to be awarded to projects located within the district boundaries that meet the adopted Community Redevelopment Plan and alleviate blight. In this case, this application is made available to the public in order to compete for those funds. Within the BV subarea, the Bahama Village Redevelopment Advisory Committee reviews the applications, after staff review, and makes recommendations of expenditure to the CRA. The Community Redevelopment Agency is ultimately responsible for directing the expenditure of the fund each year.

As part of the adopted Community Redevelopment Plan and the City's Strategic Plan each of the CRA districts is required to adopt a 5-year capital plan in order to prioritize expenditure of the CRTF Fund which is a taxpayer based fund. The long-range plan is expected to be complete sometime in 2014.

#### **Application Process**

Please completely fill out the attached application. Provide additional information on separate sheets of paper labeled according to the corresponding letter of the question. There are inserts attached to this application to assist in better organizing the application attachments. Please submit one (1) signed original paper copy and one (1) copy in electronic format (ie: email, cd, or USB flash drive) of the application to the Planning Department. Applications for funding are accepted between Monday, July 8, 2013 and close of business (5pm), Friday, September 27, 2013. Please contact the Planning Department to make an appointment or for questions regarding the application at 305-809-3778 or [nmalo@keywestcity.com](mailto:nmalo@keywestcity.com).

After staff review, additional information may be requested or required. Incomplete applications may not be considered for award. Please see the 2013 Schedule for Application Cycles and Review for details related to the process. By law funding for the Community Redevelopment Agency occurs after January 1, 2014. The attached Community Redevelopment Agency Use of Community Redevelopment Trust Fund Guidelines includes additional information to assist in the application process. Please note that CRTF awards are processed by the City as **reimbursements** only.

**SECTION 1**

**Community Redevelopment Area  
Application for of the Community Redevelopment Trust Fund  
Tax Increment Appropriation  
For the Bahama Village Subarea  
2014 Allocation Year**

A. **PROJECT NAME:** Newman Rehabilitation Building Project

B. **PROJECT LOCATION/ADDRESS:**  
410 Truman Ave.  
Key West, Florida

C. **APPLICANT (PLEASE EXECUTE ATTACHED AUTHORIZATION FORMS)**

Entity United Methodist Church

Authorized Representative Donald G. Carey

Role or Capacity of Authorized Representative Grant Application Coordinator

Address 410 Truman Ave. Key West, Fl

Telephone Number 305-414-8611

Cellular Number \_\_\_\_\_

E-Mail Address donaldgcarey@yahoo.com

D. **PROJECT INFORMATION: Development Benefits and Costs**

The direct and indirect benefits of any proposed community redevelopment project (including rehabilitation, infrastructure, redevelopment, development and programs) should, be determined and quantified based upon advancing the Primary Objectives of the Plan. All projects must be compliant with the Land Development Regulations, Historic Architectural Guidelines and other adopted City Plans.

a. What type of project is proposed: **Check one:**  Construction/Restoration  Program

b. Provide a description of the project: Demonstrate how the proposed project will alleviate blight in the subarea; Describe how the project has the long term ability to alleviate blight; Demonstrate how the proposed project meets or exceeds specific objectives of the CRA Plan for the subarea.

Description attached

c. Provide a map of the project and where it falls within the CRA boundary

Map attached

d. Provide a description of the population served by the project: How many people are affected by the project improvements? How is that population related to the subarea?

Description attached

e. Attach proper authorization and verification forms from the property owner(s) for the proposed project facility location.

Property location authorization and verification form attached

Monroe County Property Appraiser data for the site (<http://www.mcpafl.org>)

f. For **Construction/Restoration Projects**, provide information that fully describes the physical boundaries of the proposed project as follows:

Map(s) attached

Deeds(s) attached

Sunbiz printout at [www.sunbiz.org](http://www.sunbiz.org)

Boundary survey attached

Please indicate whether the proposed site is considered a contributing building or structure within the Historic district or is individually listed in the National Register of Historic Places (NHRP).

Locally contributing historic structure

Individually listed in the NHRP

#### **E. OWNERSHIP AND LEGAL STRUCTURE**

Provide the full name(s) of the person(s) or entity(s) expected to own (or operate if a program) the project and fully describe their legal structure (i.e. principals, ownership interests, relationship to parent organization, subsidiaries, etc.). Include a complete list of officers, directors and board members (as applicable) associated with entity requested the appropriation. Attach additional information if necessary.

Owner: The local church, Newman UMC; Represented by its Board of Trustees and the United Methodist Church. The Board of Trustees :

Donald G Carey, President ; Frank Leggett, Vice President; Ruth Thurston, Alfred Rahmings

Leo R. Rivas, Louis Tynes, Griffith Thurston, Rogina Robinson. & Eugenia Rivas.

Is the facility or program open to the public regardless of the individual's race, color, sex, gender identity or expression, religion, disability, national origin, ancestry, sexual orientation, marital status, parental status, or source of income and is there a charge associated with public use or entry to the facility or program? Please describe or explain if facility or programs have limitations to access. Attach additional information if necessary.

The facility is open to everyone and nothing is charged for the use or entry to the church.

---

---

---

**F. PREAPPLICATION MEETING**

A pre-application with the Planning Department is required prior to application submittal. Please contact the Planning Department to make appointments. Provide below provide dates that the pre-application meetings were held:

[Signature] City Planner or designated Staff  
[Signature] Historic Preservation Planner  
[Signature] Sustainability Coordinator } 9/12/13

**G. PROJECT BUDGET: Need for Public Contribution of Tax Increment**

The need for a tax increment appropriation must be demonstrated to the satisfaction of advisory committee, staff, and the CRA. Documentation, including development budgets, cash flow projections, market studies and other financial and market information will be carefully analyzed. The City, at its sole discretion, may choose to require a deed restriction in the form of a lien, restrictive covenant and promissory note for any funds awarded.

Applicants are encouraged to consider the total amount available for TIF funding in 2014 relative to their project request. This year the amount of funding that will be available is approximately \$ \_\_\_\_\_.

1. What type of funding is being requested?  
 Loan  
 Donation with matching funds  
 Donation without matching funds
  
2. What type of taxing classification entity are the improvements for?  
 Private Property – Residential  
 Private Property – Commercial  
 Not for profit organization  
 Publicly owned land
  
3. Is funding requested for multiple phases (over more than one funding cycle)?  
 yes  no

**H. PROJECT SCHEDULE**

Please provide a schedule for approvals, construction and implementation of proposal, including multi-year phasing if relevant.

Schedule attached

**I. GREEN FEATURES - Promote Sustainable Community Redevelopment** - Chapter 163, part 3, Florida Statutes of the Community Redevelopment Act, recognizes the importance of and encourages sustainable development and "going green" within the context of implementation of community redevelopment. Going green means a conscious attempt to reduce overall negative environmental impacts by individuals, businesses and government.

Pursuant to the City's adopted Climate Action Plan reduce greenhouse gas emissions by 15% and to demonstrate sustainable community leadership, applicants must document 15% water and energy use reductions. As a governmental entity the city is committed to being a responsible spending agent. By investing taxpayers money (TIF expenditures) in sustainable projects the City will ensure greater lifecycle longevity of a development project, healthier conditions for the occupants and the community as a whole, and the overall reduction of utility costs for the property owner. In order to ensure that tax payer funds are being used in a sustainable way attach the following documentation:

1. An energy and water baseline report consisting of 12 months of energy and water use. For commercial buildings (including multifamily), building data must be input into EPA Portfolio Manager (<https://www.energystar.gov/istar/pmpam/>), and access to building data given to the City of Key West. For residential, either EnergyGuage or RESNET may be used to establish a baseline.

Energy and Water Baseline Report attached

2. Plans to reduce 15% of both water and energy use on the property.

Greenhouse Gas Reduction Plan attached

**J. MAINTENANCE**

For **Construction/Restoration Project**, please fully describe the plan for maintaining the proposed project, including but not limited to evidence as to how the appropriate repair and maintenance coverage for the improvements funded by the TIF request will be provided; and if the project has multiple construction phases, describe how subsequent phases will be funded.

Building Maintenance Plan attached

For a **Program** please fully describe the plan for maintaining the proposed project including but not limited to a financial plan describing how the program will sustain itself overtime

Program Maintenance Plan attached

**K. CERTIFICATION**

By making this application, Applicant certifies that he or she has read Chapter 163, Part III Florida Statutes and the City's Community Redevelopment Plan (including any amendment or restatement thereof), and understands that any funding pursuant to application must be consistent with the City's community redevelopment policy objectives and City of Key West guidelines and procedures.

Applicant certifies that the proposed project shall be completed consistent with this application and representation made in order to obtain funding.

The undersigned has read this form, authorized its preparation and, under penalty of perjury, hereby certifies that, to the best of his or her knowledge and belief that the information provided is true, accurate and complete. Applicant understands that any appropriation is subject to available funds and if requested agrees to provide any and all additional information in a timely fashion as requested by the CRA or City.

Chapter 837.06 Florida Statutes – False Official Statements – Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree punishable as provided for in S. 775.082 or S. 775.083.

**ITEM D**  
**PROJECT INFORMATION**

## Project Description

b. Provide a description of the project: Demonstrate how the proposed project will alleviate blight in the subarea; describe how the project has the long term ability to alleviate blight; demonstrate how the proposed project meets or exceeds specific objectives of the CRA Plan for the subarea.

Description: **Phase 3:** Repair concrete piers and stairs at west wall, repair and paint the entire exterior of the church building. The exterior of the church building shall be painted white and all repair material will match existing material. The completion of this third phase of this job will complete Newman's Rehabilitation Building Project. Phase one was completed in 2011 and Phase two in 2012. The rehabilitation of this community land mark in the Historic District will beautify, instill pride in the neighborhood and help revitalize an (Blighted) area that is visited by hundreds of tourist. The restoration is needed to preserve a corner of old Key West. It is one of the most wonderful spaces in Key West, in terms of the light and the windows and the ambience of the structure itself. The restoration of this 127 year old Historic building according to the architect and contractors will enable it to last in very good condition for decades, attracting visitors and beautifying the area.

The project embraces and supports the unique historic social fabric of the residents of the Bahama Village sub-area. It's in compliance with the small scale grants program to refurbish and maintain properties in the village. The building is now on the Historic Registry as a historic building and has won a Preservation Award for the restoration work completed in phase one and phase two of this project.

Green Features: We have gone green whenever there was an opportunity to do it. There is an attached list of green features used in phase one, phase two and planned green features for phase 3.

d. Provide a description of the population served by the project: How many people are affected by the project improvements? How is that population related to the subarea?

Newman United Methodist Church has served Bahama Village and the Key West Community for more than 127 years. The white wooden church has stood as a sentry on Truman Avenue for more than a century, sheltering its congregation and offering hope to Key West's Faithful. Visitors from everywhere stop and take pictures of the church. The facility is open to everyone and nothing is charged for use or entry to the church. Tourist often come into the church on Sundays and participate in our worship service. The population served by the project are people from Bahama Village and old town Key West.

The church is located in the Old Town Historic District, in close proximity to the light house museum, Earnest Hemingway House, Truman Annex and the Heart of Bahama Village. It is the Southernmost United Methodist Church in the continental United States. The people visiting these areas are affected by the project. The above attractions and project are adjacent to the subarea.

Asst. Recording Secretary

On the *27<sup>th</sup>* day of *April* Anno Domini 1951, before me, the subscriber, a Notary Public for the Commonwealth of Pennsylvania, residing in Philadelphia, personally appeared *F. L. Federsen*, who being duly sworn according to law, says that he was personally present at the execution of the within Indenture and saw the common or corporate seal of the said Corporation duly affixed thereto; that the seal so affixed is the common or corporate seal of the said Corporation; that the said Indenture was duly sealed and delivered by *G. Stanley Lynch*, Vice-President of the said Corporation as and for the act and deed of the said Corporation for the uses and purposes therein mentioned, and that the names of this deponent as Assistant Recording Secretary as of *G. Stanley Lynch* as Vice-President of the said Corporation, subscribed to the within Indenture in attestation of its due execution and delivery, are in their and each of their respective handwritings.

Sworn and subscribed before me, the day and year aforesaid. Witness my hand and Notarial seal.

**PHASE 3 PROJECT BUDGET**

Newman United Methodist Church  
Repair concrete piers, stairs and paint building  
03/31/13

**A. Construction cost\***

1.	Concrete repair		
	a.	Repair concrete piers supporting the rear pulpit bay. Repair the west side stairway	\$ 4,800.00.
2.	Building Repair		
	a.	Repair and paint the entire building	\$ 46,818.00.
3.	Contingency		
	a.	Building Permit and Architectural and Engineering Fees (17%)	<u>\$ 10,572.00</u>
		Total for Phase 3	\$ 62,190.00

**PROPOSED GRANT FUNDED  
PROJECT COSTS AND PHASING PLAN**

Newman United Methodist Church  
Stained Glass Restoration, Walls  
and Tower Repair and Building Painting

9-30-10  
Revised 11-2-11

**SUMMARY**

**A. Construction Costs\***

1.	Stained Glass		
	a.	Replace missing stained glass panels at Crossings and Protect with Impact Glass	\$66,316*
	b.	Clean and repair and protect all other stained glass windows	\$72,598
2.	Repair and Paint Exterior of Building		\$75,465
3.	Repair Concrete Piers and Stairs at West Wall		<u>\$4,800</u>
		Subtotal	\$218,279
4.	Building Permit 2.4% (Ph2 & 3 only; Ph 1 Incl.)		<u>\$3,125</u>
		Total Construction Cost	\$221,304

**B. Architectural and Engineering Costs**

Includes all Design, Drawings, Specifications, City  
Approval Work, Bidding, and Construction Administration (10.5%) \$23,059  
Subtotal \$244,363  
Phase 1 Newman Church Contribution (\$13,222)

**Total Project Grant Request \$231,141**

\* Including actual Phase 1 costs.

**PHASING PLAN**

**A. Phase 1 Costs (Actual)**

1.	Replace missing stained glass panels at Crossings and Protect with Impact Glass (Actual Cost; Conrad Schmitt plus Keys Construction Paid out of Grant)	\$66,316
2.	Repair and paint portions of exterior walls and tower	<u>\$21,647</u>
	Subtotal	\$87,963
3.	Building Permit (incl.)	
4.	Architectural and Engineering Fees (15.2%)	<u>\$13,400</u>
	Subtotal	\$101,363
	Newman Church Contribution*	<u>(\$13,222)</u>

**Total Grant Request for Phase 1 \$88,141**

\* \$2,500 Architect's retainer, discretionary  
change orders and contingency items.

**B. Phase 2 Costs**

1.	Fabricate and install impact glazing on all Existing unprotected windows (7 Windows)	\$29,796
2.	Repair glass, rebuild sash, and provide storm sash For main center panel of large window behind pulpit and alter. Repair Jesus figure and replace missing glass.	<u>\$42,802</u>
	Subtotal	\$72,598
3.	Building Permit (2.4%)	\$1,742
4.	Architectural and Engineering Fees (8.9 % of Construction Cost)	<u>\$6,470</u>

**Total Grant Request for Phase 2 \$80,810**

**C. Phase 3 Costs**

1.	Repair concrete piers and stairs at West wall	\$4,800
2.	Repair and paint the entire building	<u>\$52,818</u>
	Subtotal	\$57,618
3.	Building Permit (2.4%)	\$1,383
4.	Architectural and Engineering Fees (5.5%)	<u>\$3,189</u>

**Total Grant Request for Phase 3 \$62,190**

**Total Project Grant Request \$231,141**

# **Interior Capital Church Repairs between exterior Phases 2 & 3**

## **A. The complete overhaul of the Men Rest Room.**

RR all four walls, replace the ceiling tiles and lights, replace the floor tiles, RR the vanity and toilet, paint room.

## **B. The complete overhaul of the Women Rest Room,**

RR all four walls, replace the ceiling tiles and lights, replace the floor tiles, RR the vanity and toilet, paint room.

## **C. The complete overhaul of the Anti-Room**

Repair all four walls, replace the ceiling tiles, repair fluorescent light, repair damaged floor and replace the floor tiles. Replace refrigerator.

**The church made the above necessary repairs between phases 2 and 3. Our funds are depleted and we have no matching funds to give for phase 3.**

**PROJECT SCHEDULE**

# PHASE 3 CONSTRUCTION PROJECT

Newman United Methodist Church

Repair concrete piers, stairs and paint exterior of church building

8/23/2013

	Date	Duration	Completion
A. Receive Funding	02/01/2014		
B. Sign Construction Contract		4 wks	March 3, 2014
C. Contractor Mobilization of Equipment and material Required to perform job.		7 to 10 days	March 13, 2014
D. Repair concrete piers supporting the rear Pulpit bay. Repair the west side stairway. Repair and paint the entire exterior of Church building.		4 wks	April 10, 2014

**ITEM I**  
**GREEN FEATURES**

## Phase 3 Green Features

### A. Water-efficient Toilets

In February 2012 Newman UMC had water-efficient Glacier Bay toilets that operate at 1.28 per flush (gpf), using 20 percent less water than standard 1.6-gpf toilets installed in their men and women rest rooms. The water-saving toilets reduced our water consumption, saved us money (We have attached our utility use records as supporting data) and they are good for the environment.

The energy consumption chart shows that from August 1, 2012 through August 1, 2013 Newman has reduced **Kilowatt Hours consumption by 29%** and **water gallon consumption by 7.4 %**. We shall continue working on our water consumption until we reach 15%.

### B. Sealing Building Drafts Can Help Reduce Energy Cost.

Before painting the building exterior, cracks or leaks around window and door frames, anywhere building materials join, and any areas where the walls are penetrated, such as electrical and plumbing fixtures. These areas will be scraped and sealed before being painted.

According to the Environmental Protection Agency, air leakage can account for anywhere from 25 percent to 40 percent of the energy used for cooling and heating a typical home. That's why sealing up drafts and leaks in a building could result in hundreds of dollars of energy savings. Proper sealing is a low cost investment that will pay for itself in years of reduced energy cost and increased comfort.

## **PHASE 2 GREEN FEATURES**

Newman United Methodist Church  
Stained Glass Restoration

### **Phase 2**

#### **A. INSULATED WINDOWS**

The addition of storm sash to the church's stained glass windows performs the same function as insulating glass, increasing the R-value of the building's exterior walls. In addition, the new storm sash will add a combination of caulk expandable sealant, and weather stripping to the windows thus sealing frame and sash gaps and preventing air leaks. A buttoned-up church won't leak energy. This will increase air conditioning efficiency and reduce utility bills.

#### **B. WATER BASED PAINT**

In painting the new storm sash with a water based paint such as Benjamin Moore's ECO Spec Zero VOC will be specified. This will reduce the overall VOC (Volatile Organic Compounds) that pollute the environment.

### **Phase 1**

#### **A. INSULATED WINDOWS (See above)**

The new crossing windows will be fitted with storm sash over the entire windows.

#### **B. COMPACT FLUORESCENT LIGHTS**

The church has replaced its incandescent light bulbs with energy efficient compact fluorescent light (CFL) bulbs, which in addition to saving energy, have a useful life that can be five times as long as incandescent bulbs.

#### **C. WATER BASED PAINT**

The exterior siding and trim repairs were painted with a low VOC water based paint. This is reducing the overall VOC (Volatile Organic Compounds) that pollute the environment.

#### **D. PROGRAMMABLE THERMOSTAT**

Newman Church air conditioning and heating units now have programmable thermostats for the purpose of saving energy. The thermostats will cut the units off when they reach the preset temperature, saving energy and energy cost.

#### **E. INSURANCE PREMIUM DISCOUNTS**

With impact windows the church will be able to obtain premium discounts, reducing the effective price or cost of installing the windows.

#### **F. 24-HOUR HURRICANE AND BURGLARY PROTECTION**

Installed impact windows provide 24 hour hurricane protection, avoiding the hassles of putting up and taking down storm panels. It also helps protect the building against burglaries.

**ITEM J**  
**MAINTENANCE**

## **Newman Building Maintenance Plan.**

Newman Church building maintenance plan is to achieve the following five goals:

- **Preserve the investment in the building.** Preventive maintenance will extend the life of building components, thus sustaining the church's value and the significant dollars it represents.
- **Help the church function and operate at peak efficiency, including minimizing energy consumption.** Because preventive maintenance keeps equipment functioning as designed, it reduces inefficiencies in operations and energy usage.
- **Prevent failure of systems that would interrupt church service and activities.** Systems that operate trouble-free allow us to hold service and preach Scripture to our congregation. Because preventive maintenance includes regular inspections and repair of equipment crucial to this church, we want to establish a small maintenance contract to reduce the problems that might otherwise lead to mechanical breakdown of equipment.
- **Sustain a safe and healthful environment by keeping the building and its components in good repair and structurally sound.** Protecting the physical integrity of the church and its components through preventive maintenance provides a safe environment for the congregation.
- **Provide maintenance in ways that are cost-effective.** Preventive maintenance can prevent minor problems from escalating into major system and equipment failures that result in costly repairs. In avoiding costs of major repairs, preventive maintenance creates efficiencies.

Our maintenance plan is to work at and achieve all the things stated above.

## History Of Newman M. E. Church

Just after the session of the AME Zion Annual Conference of Florida in January 1886. A telegram was received in Key West announcing the re-appointment of Reverend Robert Meachim in charge of the Zion AME Church. The re-appointment did not meet the approval of a portion of its members, for Reverend Meachim had served them one year, unsatisfactory to them, and they did not desire his return. But a part of the law abiding members, who always bowed to whatever the conference did, accepted him at his arrival, which amazed the former group, and hence the disagreement. Matters began to look serious, and at times such actions not becoming Christians prevailed to its highest pitch against the former. Sometime the latter part of June 1886 disagreements became so prevalent in the church between Reverend Meachim and the dissatisfied portion of the members that he and his family were ostracized and assaulted, and various charges were forwarded to the presiding Elder, Reverend Darly, against him.

Reverend Darly, Presiding Elder, arrived at his appointed time for the purpose of inquiring into the preferred charges. An investigation was held at Zion, and the charges were not substantiated. The Presiding Elder, for the sake of peace, requested that Reverend Meachim and a minister in charge of a church in New York exchange appointments. An agreement was reached between the ministers, but the minister from New York did not show up.

Reverend Vesta received the appointment at Zion and was placed in charge, but Reverend Meachim's re-appointment was cancelled by the Presiding Elder and he had no church. Friends of Reverend Meachim seeing the injustice did to him, knowing that his appointment was revoked, knowing that he and his family were ordered to vacate the parsonage (forth with), that the charges presented against him were not proven, that he and his family were dealt with unfairly, knowing that he couldn't leave Key West because of the quarantine laws at this time of year, and not wishing to see him and his family put into the streets and made to suffer (as was intended by his opposers), voluntarily hired a house for them and assisted in the family's support for the time being.

Such actions on the part of Reverend Meachim's friends did not meet the approbation of his successor (Reverend Vesta) and they were sneered at, reprimanded, and so badly treated, that to have peace, for the purpose of serving God, they were compelled to withdraw from Zion, and ask for their church papers as members in good standing. Although the persons making this were official members in good standing, their request were denied.

On the evening of August 15<sup>th</sup> 1886 at 8:00 P.M. by appointment (after consultation since June) a group of concerned persons met at the residence of brother Rome Dupont to discuss what course to pursue in organizing a society for the purpose of serving God. Reverend Robert Meachim was elected Chairman Protem, and James A. Roberts was elected Secretary. The meeting was called to order by the chairman, prayer was offered by Brother Rome Dupont, one of Zion's songs was sung, and the purpose of the meeting was stated by the chairman. Brother James A. Roberts stated that he had communicated with Reverend Jeffery Grant, Pastor in Charge of Ebenezer M.E. Church of Jacksonville, Florida, and received an answer from him, and that he had also communicated with

## History Of Newman M. E. Church

Reverend Benjamin Dilworth, Presiding Elder of the Jacksonville District, and also received an answer from him which he considered very encouraging.

That he had also written to Reverend Solomon and Reverend P. Swensanger. By motion Brother Roberts was requested to read the letters and the propositions contained in them. By motion he was authorized to answer them, accepting the proposition of Reverend Grant (Viz) that this society after forming could attach themselves to Ebenezer M.E. Church as part of that body for the present. After different discussions the Secretary was authorized to enroll the names of those who desired to form this new society as probationers of Ebenezer M.E. Church, and the following named persons being present gave him their names:

James Dupont	James Roberts
Dennis McGee	Robert Meachim
John A. Sweeting	John Williams
Prince St. Clare	Edward B. Scott
Rosalie M. Roberts	Fannie E.A. Dupont
Frank Lancaster	Mary Lancaster
Laura Lewis	Emma Jane Outin
Emaline Abbott	Annie Duncomb
James Duncomb	Felecia Walton
Amelia Warner	Acey Walten
Percilla Curry	Mary Small
James Mingo	Charity Buttin
Ellen Johnson	Julia Kelly
James Sweeting	Estella Meachim
Estella A. Meachin	Margret Seabrooks
Andrew Cornish	

After the enrollment of names, by motion it was resolved that this society hold prayer and class meetings as often as possible at the different members residences, and Brother Rome Dupont was elected a committee of one to intercede into getting the Douglass School House for the purpose of holding Services. After singing a hymn and prayer by Brother Dennis McGee the meeting adjourned to meet again at Brother Frank Lancaster residence on the evening of August 18<sup>th</sup> 1886.

On the evening of August 18<sup>th</sup>, 1886 the Class and Prayer Meeting was held at Brother Lancaster residence and after class, the benediction was pronounced and the meeting brought to a close, to meet again at the residence of Sister Laura Gooden. On the evening of August 28<sup>th</sup>, 1886 a prayer meeting was held at Sister Laura Gooden's residence and on the following Thursday Night a prayer meeting was held at the residence of Brother Rome Dupont, and he reported that he had seen the Superintendent of Instructions and had permission for the society to hold its services at the Douglass School House on Sundays and have evening services in each week Tuesdays and Thursdays, and that no expense would be attached, only to pay for gas.

## History Of Newman M. E. Church

On Sunday, September 4<sup>th</sup> 1886 the new society met in the Douglass School House at 10:00A.M., for divine services. Reverend Robert Meachim giving his services as Pastor and after the services the following named persons attached themselves to the society by enrolling their names:

Amanda Dupont  
Laura E. Gooden  
Jeremiah Saunders

Henrietta E. Johnson  
Savalila Gooden  
Phyllis Pinder

This made a total of thirty seven (37) members. Brother James A. Roberts announced that at 3:00 P.M. he would like the members of the society to meet with him with their children to organize a Sabbath School. The benediction was pronounced and the service was closed.

At 3:00 P.M. the meeting for organizing the Sabbath School was held and James A. Roberts was elected Chairman, Fannie E.U. Dupont, Secretary; and the following officers and teachers were elected:

James A. Roberts, Superintendent  
Amanda Dupont, Assistant Superintendent  
Fannie E.U. Dupont, Secretary  
Amelia Warner, Treasurer

### Trustees

Dennis McGee      John A. Sweeting  
Frank Lancaster

### Teachers

Rosalie M. Roberts      Acey Walton  
Savalila Gooden      Estella Meachim  
Laura E. Gooden

### Classes

1<sup>st</sup> Class: Rosalie M. Roberts, Teacher.

2<sup>nd</sup> Class: Acey Walton, Teacher.  
Minerva Sweeting, Flora Sweeting, Rebecca Flowers, Carrie Barranger.

3<sup>rd</sup> Class: Savalila Gooden, Teacher.  
Solomon Sweeting, Richard Sweeting, Meachim S. Seabrooks, Charles Outin, Alonzo Small and William Lewis.

4<sup>th</sup> Class: Laura E. Gooden, Teacher.  
Florine Johnson, Rachel Gibson, Elizabeth Williams, Anna E. Wish, Florida Gibson and Gladys Warner.

Making a total of 7 officers, 6 teachers and 24 scholars for a grand total of 37.

## History Of Newman M. E. Church

The little band continued to increase in number under the faithful and untiring efforts of Reverend Meachin, and after the session or service new names were added to the membership roll. The school also progressed under the management of its officers and valiant corps of teachers, and they inscribed "Onward" on their banners.

Services, Prayer, and Praise Meetings were held continuously in the Douglass School House, and Reverend Jephtha St. Bullon a Baptist Minister gave his services to the society whenever Reverend Meachin was indisposed. The kindness of Reverend Bullon we shall never forget.

Sometime in the early part of January 1887, Reverend Saveranger, Presiding Elder of the Palatka District of Florida arrived in the city for the purpose of organizing this society into a church, and on the evening of 9 January 1887 the members met in the Douglass School House and was organized, and was placed on record as full members of the Methodist Episcopal Church, and the following named officers were elected for the conference year:

Dennis McGee, Lay Preacher

The church was formed as part of the Florida Conference of the Methodist Episcopal Church. Reverend Steven A. Huger became the pastor in 1888 and under his pastorate the first church building was built. The membership increased rapidly and the building was soon ready for holding services. In 1905 it became part of the new South Florida Conference of the Methodist Episcopal Church.

The 1910 unnamed hurricane that struck Key West destroyed the first church building. The foundation for rebuilding the church was laid in 1912 during the pastorate of Reverend W. Pericles Pickens and rebuilt in 1918 under Reverend Daniel W. Demps. The church is located on Division Street, between Duval and Whitehead Streets. It first comprised four lots; at present one lot has been sold to Mrs. A.L. Albert. For a number of years a Mission School was conducted in connection with the Church and hundreds of youth received helpful instruction. Mrs. Edith Kemp and Miss Corrine Jefferson were the teachers. Newman in 1940 was switch to the Central Jurisdiction, Methodist Church. The two conferences united in 1952 as the Florida Conference, Central Jurisdiction Methodist Church. In 1969 it became part of the United Methodist Church.

The church is referred to as Key West in the appointments until 1965, when the name Newman appears.

# Historic church restores stained glass

ROB O'NEAL/The Citizen

The Rev. Beverly Greene-Mingo reads in front of Newman United Methodist Church's new stained glass windows, which replicate the ones blown out during Hurricane Georges in 1998.

## KEY WEST

### Wisconsin glassworks replicates 123-year-old panes

BY JOHN DESANTIS  
Citizen Staff

For all of the 13 years that have passed since Hurricane Georges strafed Key West, members of the Newman

United Methodist Church on Truman Avenue have attended services with one of the sanctuary's most prized features missing.

Well before Christmas rolls around, they shall once again

worship in light gently filtered by prized stained glass windows, which before the storm were a hallmark of the sanctuary's identity.

Rebuilt windows matching the antique glass Georges

wiped out have been installed, partially covered by plywood until a protective cover of special glass is in place.

The Rev. Beverly Green,

# The strength of preservation

BY BARBARA BOWERS  
Special to The Citizen

Historic Florida Keys Foundation is the only Monroe County-wide historic preservation organization, which since 1981, has recognized hundreds of property owners, architects, craftspeople and others responsible for outstanding preservation efforts. Last Friday, Melissa Kendrick, president of the non-profit organization, announced this year's Preservation Award winners.

"The criteria for evaluating applications are the nationally recognized Secretary of the Interior's Standards," said Kendrick. "Awards are available for preservation, restoration, rehabilitation, new construction and master craftsmanship."

Twelve entries received Certificates of Excellence, and six of those also earned a ceramic star, "the highest level of award, and the hallmark of the Preservation Awards Program," she said. "The Star represents the tie rod, which strengthens a structure, and thus symbolizes the strength of historic preservation in Key West."

For new construction, a Star went to 817 Waddell St.:

- Henry Holliday, homeowner
- Tom Pope, architect
- Mark Smith, building contractor

This impressive new house was built on a vacant lot; its design and proportion, well-suited to the neighborhood recalling Key West's architecture of the past. The interior is formal, with large open rooms and cathedral ceilings. Beautiful crown molding shows attention to detail and historic traditions, while

Funded by a Key West's Bahama Village Redevelopment Authority's TIF grant, The Newman Methodist Church completed the restoration of its famous Kokomo stained glass windows. Originally installed in 1888, they are among the most beautiful hand-blown glass windows in the country. The window was destroyed by Hurricane Georges in 1998.

See AWARDS, Page 2D

**New Berlin, WI**

- Mark Mayer of Florida Keys Construction

The stained glass windows of this church were originally installed when the church was built in 1898. Over time they suffered damage, most seriously in 1999 when Hurricane Georges blew out the crossing windows, the largest in the church. For 13 years they were covered with plywood, but the famous "Kokomo" stained glass windows are back in their former glory, after wood framing was replaced, artisans recreated the new stained glass windows based on the original designs and funding came from the City's Bahama Village Redevelopment Authority's TIF grant program.

To 410 Truman Avenue, to Newman Methodist Church for restoration:

- Don Carey and Beverly Green, pastor
- Donald Carey and Rudy Rivas, project managers
- Michael Miller, Architect

# Old church gets a nip and a tuck and a tuck

## Ceiling and roof needed overhaul

By **NANCY KLINGEMER**  
Herald Staff Writer

The white wooden church has stood as a sentry on Truman Avenue for more than a century, sheltering its congregation and offering hope to Key West's faithful.

Now the Newnan United Methodist Church is getting some long-needed care — restoration work on the roof and ceiling.

"Work is coming along on schedule," said Betty Burney, a former member of the church. "I wrote the grant with the help of God."

The A-frame church, which has been a place of worship for some of the oldest families in Key West, has beautiful, prominent stained-glass windows. On Sundays, the sounds of praise flood the Old Town neighborhood in a weekly ritual of instrument-playing and singing.

**NANCY KLINGEMER / Miami Herald**

**GUIDING HAND:** Donzel Leggett, treasurer and lifelong member of the congregation, is helping to oversee the church's restoration.

"Visitors from everywhere stop and take pictures of the church," Burney said.

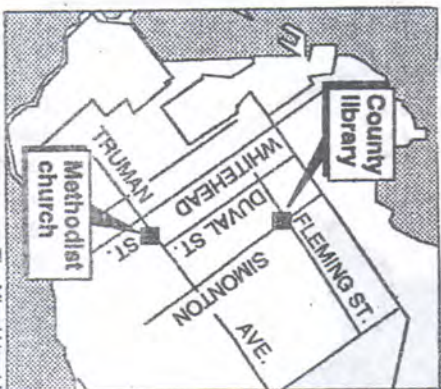

Sharon Wells, historian with the Historic Florida Keys Preservation Board, said the restoration is needed to preserve a corner of old Key West.

"I think it's one of the most wonderful spaces in Key West, in terms of the light and the windows and the ambience of the structure itself," Wells said. "It's certainly

worthy of all the support of the community."

The money from the restoration came from community fund raising, and restoration was finally started when the state contributed a \$20,000 matching grant for historic preservation.

"Before, we tried to raise money by having conch fritter sales, barbecue sales," said Donzel Leggett, treasurer and lifelong member of the church. "We weren't able to

The Miami Herald

really do anything until we got this grant."

The Old Island Restoration Foundation gave the church \$1,000 and First United Methodist Old Stone Church has been helpful in many ways, Burney said.

Last July, members of a fellow Methodist church in Orlando came to Key West for eight days and built new floors for the choir and pulpit area.

The Newnan United Methodist Church will be 106 years old this year, Leggett said. It is a small church with a small congregation — 66 total with about 25 active members, Leggett said.

"When I was a young boy in Sunday school, this church used to be almost full," he said. "People just don't go to church like they used

*'It's certainly worthy of all the support of the community.'*

**SHARON WELLS**,  
Historic Florida Keys  
Preservation Board

to." The congregation has continued to use the church almost every Sunday since the restoration started, more than a month ago. The pews and pulpit are draped with protective plastic, and are uncovered for services.

Leggett said he expects the project, by Atlantic Builders, to be finished by the end of this month. But the church still needs serious work. The floor should be replaced and the casings around the stained glass windows must be rebuilt. Even the bell tower is sagging and coming apart.

That extra work would take another \$50,000, Leggett estimates.

*Herald Staff Writer Ozzie Osborne contributed to this report.*

# 'I'M A CONCH'

ROB O'NEAL/The Citizen

Tennessee Titans cornerback Samari Rolle spoke Sunday morning at Newman United Methodist Church in an address to some members of the Key West High School Class of 2004. He said he considered himself lucky to have spent much of his youth in Key West.

## Samari Rolle has fond memories of times in Key West

BY DAVE O'NEIL  
Citizen Assistant Sports Editor

### KEY WEST

Tennessee Titans cornerback Samari Rolle is in on a secret. He knows what keeps Key West so warm.

And it's not the island's relatively short distance from the earth's equator. "Teammates and guys from around the league view Key West as a hot, crazy, little party town," said Rolle, a seven-year NFL veteran and, before that, a four-year starter at Florida State. "I've seen much more. I've

Grace Leggett-Rolle, late grandmother Janice Leggett and grandfather Donzel Leggett all are native Conchs.

Offering members of the graduating class advice for the future, Rolle looked back on memories he had of certain seniors. He mentioned that he remembered a time when Key West senior Dexter Butler — who played shortstop for the Conchs baseball team — couldn't talk.

From the time he could use words, though, Butler said he did plenty of talking about Rolle.

"I remember watching games on TV when he was playing with the

# High road to southernmost parish

*United Methodist bishop travels to the Keys to praise parish leaders who stood firm during Hurricane Georges*

Bishop Henderson and his wife Dorothy laugh with church treasurer Donzel Leggett about the parish's status as the southernmost United Methodist Church in the country.

**S**heets of plywood cover what once were intricate stained-glass windows on the Newman United Methodist Church on Truman Avenue, but Georges could not spoil the mood during a visit from Bishop Cornelius Henderson.

Henderson, who has jurisdiction over the United Methodist Churches of Florida, made a trip through the Keys on Thursday with his wife Dorothy.

He was surveying damage to churches and commending pastors on their leadership in the chaotic aftermath of the storm.

"Your commitment to this ministry is quite commendable," Henderson told Pastor Willie Anderson.

The praise was mutual. "The bishop is so down to earth, he'll hug you hello and hug you goodbye," Anderson said.

Members of the church's congregation also stopped by to meet the bishop.

Virgil Matthis, 84, still rides his bike to services, and Donzel Leggett is the church treasurer.

His family has been a part of the Keys for several generations, and his grandfather's name appears on the cornerstone of the old church.

Bishop Henderson and his wife were overwhelmed by the history of the old church and thrilled to hear that they were standing in the southernmost United Methodist Church in the country.

The visit ended with the presentation of a check for more than \$1,000 to assist with damage repair as well as food and supplies for the congregation, still suffering the effects of Georges.

Henderson expects more funding to be forthcoming as more parishes

Story by MANDY BOLEN/Photos by MIKE HENT

Newman United Methodist Church treasurer Donzel Leggett warmly greets Bishop Cornelius Henderson to the parish.
