Re: Lot Split & Administrative Waiver to Lot Size  
Lots 2 & 3 Amended Plat of Vista del Mar

Dear Mr. Bond;

The owner of lots two and three as described in the Amended Plat of Vista Del Mar as recorded in the public record of Monroe County, Florida, wishes to reconfigure the lots, as the previous owner split the lot line with a pool and has constructed a house on lot 3 and a garage and small residence on lot 2. The reason for the reconfiguration is to convey ownership of the home and pool and retain the garage and loft.

The zoning of the lots is (SF) Single Family, this zoning calls for single-family permanent residence and an accessory attached or detached unit. Based on this, the split of the lots would be acceptable. The code further along in section 122-238, outlines the dimensional lot requirements. Reconfigured lot 3 meets all the requirements as outlined within this section. Unfortunately, lot 2 does not meet these requirements; as the non-conforming depth has existed prior to; January 1, 1994 it does not appear to be an issue, per section 122-31 of the zoning code. The relocation of the demising property line to allow for single ownership of the swimming pool, will force a lot size reduction below the minimum lot area of 6000 S.F., but section 122-31(B) allows for a reduction in lot size of up to 25%. Thus, providing an allowed minimum lot size of 4500 S.F., which we shall exceed just slightly with the proposed lot reconfiguration.

This submittal is requesting a modification of the original configuration of lots two and three, which since originally platted were combined by ownership and description to allow for the construction on the property. Returning it to, two individual lots, one of which requiring a waiver from the minimum lot size, which we are requesting as a second part of the application.
