Subject: **Request for an Easement Agreement at 534 Duval Street (RE# 00009760-000000)**

Introduction

The subject application involves a request for an easement of approximately 222.70 square feet to maintain the existing encroachments on the City right-of-way of a historic commercial building. The property located at 534 Duval Street is currently improved with a two-story commercial structure within the Historic Residential Commercial Core zoning district. The City Commission is authorized to consider the granting of an easement pursuant to Chapter 2 (Administration), Article VIII (City Property) Division 3 (Real Property Disposition).

Sec. 2-938 (Easements) states, in part, that the “*City may grant an easement over any lands or interest therein owned by the city or any city agency.*” According to Sec. 2-938 (b), “*If the City grants an applicant's request for easement over any lands owned by the city or any city agency, the applicant shall pay an annual fee to the city. The annual fee shall be prorated based on the effective date of the easement.*”

Background

The subject balcony and historic facade extends approximately five feet into the right of way. As a structural improvement, the repair or replacement of the balcony requires approval of an easement from the City Commission.

This easement request was reviewed at a publicly held Development Review Committee hearing on July 17th, 2025. There were no concerns from other departments.
