

Historic Architectural Review Commission

Staff Report Item 12a

Meeting Date:	October 28, 2014
Applicant:	Brian Olson, Agent, and Elizabeth Chamberlain, Owner
Application Number:	H14-01-1609
Address:	#1418 Pine Street
Description of Work:	Renovation and maintenance of rear of contributing house and installation of wooden deck.
Building Facts:	The house located at 1418 Pine Street is listed as a contributing resource. The single-story frame vernacular house was built in 1906 and first appears on the 1912 Sanborn map. The house has retained a similar footprint, with an extension in the rear that first served as a kitchen. The back portion has been modified over time, and the current rear shed is not considered historic or contributing.
Ordinance and Guidelines Cited in Review:	Secretary of the Interior's Standards (pages 16-17), specifically Standards 9 and 10. Additions, alterations, and new construction (pages 36-38a). Windows (pages 29-30), specifically 6. Entrances, porches, and doors (pages 32-33), specifically 11.

Staff Analysis

The Certificate of Appropriateness in review proposes the demolition of a non-historic portion in the rear, repairing and replacing siding, installing two wood French doors, a wood pass through window, and a deck. The proposed design only affects the rear of the house and will not be publicly visible. The new deck will be built only on the owner's property.

Consistency with Guidelines

It is staff's opinion that the proposed plans are consistent with the guidelines pertaining windows; doors; additions, alterations and new construction; and with the Secretary of the Interior's Standards and Guidelines for Rehabilitation. The changes will have no adverse effect on the historic house and its surroundings.

Application

THERE WILL BE A FINAL INSPECTION REQUIRED UNDER THIS PERMIT

DETAILED DESCRIPTION OF WORK:

Demo existing attached shed (55 sq. ft.) and deck (165 sq. ft.) at rear of house. Install (2) new wood full light french doors at rear of house. Install (1) new wood pass through window. Install above grade pt wood deck in back yard (aprox. 200 sq. ft.) replace and repair damaged siding (match existing) on rear and sides of house (aprox 35 sq. ft.)

Chapter 837.06 F.S.-False Official Statements - Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree punishable as provided for in s. 775.082 or 775.083

This application for Certificate of Appropriateness must precede applications for building permits, right of way permits, variances, and development review approvals. Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Key West's Historic Architectural Guidelines.

Once completed, the application shall be reviewed by staff for completeness and either approved or scheduled for presentation to the Historic Architectural Review Commission at the next available meeting. The applicant must be present at this meeting. The filing of this application does not ensure approval as submitted.

Applications that do not possess the required Submittals will be considered incomplete and will not be reviewed for approval.

Date: 9-30-2014

Florida Administrative Code

61G-16.003 WHEN SEAL MAY BE AFFIXED. The personal seal, signature and date of the architect shall appear on all architectural documents to be filed for public record and shall be construed to obligate his partners of his corporation. A corporate seal alone is insufficient. Documents shall be signed personally and sealed by the responsible architect. Final official record documents (not tracings, etc.) shall be so signed. The signing and sealing of the index sheet or sheets (if it identifies all parts) of drawings and specifications shall be considered adequate. Without such index, all sheets and pages shall be so signed and sealed. An architect or interior designer shall not affix, or permit to be affixed his seal or name to any plan, specifications, drawings, or other related document which was not prepared by him or under his responsible supervising control as provided in rule 61G-23.003, FAC. An architect or interior designer shall not use his seal or do an other act as an architect or interior designer unless holding at the time a certificate of registration and all required renewals thereof.

CONSTRUCTION PLAN GENERAL NOTES

1. Do not scale drawings, written dimensions govern. All partition locations shall be as shown on the partition plan. In case of conflict, verify with the owner or architect.
2. All new gypsum board partitions shall be taped and sanded smooth with no visible joints. Patch and repair surfaces to match adjacent or adjoining surfaces where required. All surfaces shall be aligned and sanded smooth.
3. All partitions are dimensioned from finish face of gypsum board to finish face of gypsum board unless otherwise noted. All dimensions marked "Clear" or "cl" shall be maintained and shall allow for thicknesses of all wall finishes, UNO.
4. Dimensions noted "clear" or "cl" must be accurately maintained and shall not vary more than +/- 1/8" without instruction from architect and/or owner, as applicable.
5. Dimensions marked +/- mean a tolerance not greater nor smaller than 2 inches from indicated dimension, UNO. Verify field dimensions exceeding tolerance with architect or owner.
6. All dimensions to the exterior window wall are to the inside face of sill, UNO.
7. Notify architect or owner of any discrepancies or conflicts in the locations of the new construction.
8. All exposed gypsum board edges to have metal edge trim work or equivalent.
9. All work shall be directed and installed, plumb, level, square, and true and in proper alignment.
10. Refer to cover sheet for additional notes, legends, symbols, abbreviations, and schedules.
11. Refer to electrical power plans for locations of switched, outlets and the like.
12. Obtain approval from architect or owner, as applicable, prior to modifying building components, systems and items not identified prior to adjusting any and all other field conditions required to fit plans.
13. All existing and new floor penetrations for piping shall be fully blocked and sealed in accordance with the applicable building fire codes.
14. Trim the bottoms of the doors to clear the top of finished floor, as applicable, by 1/2" maximum, UNO. Verify slab conditions, trim each door to fit condition. Where radical variations in floor elevation exist, doors shall be ordered with bottom stile sized to accommodate these undercut conditions.
15. Dimensions locating doors are to the inside of edge of jamb UNO.
16. All "wet walls" to receive concrete board or green board.

EXTERIOR DEMOLITION NOTES

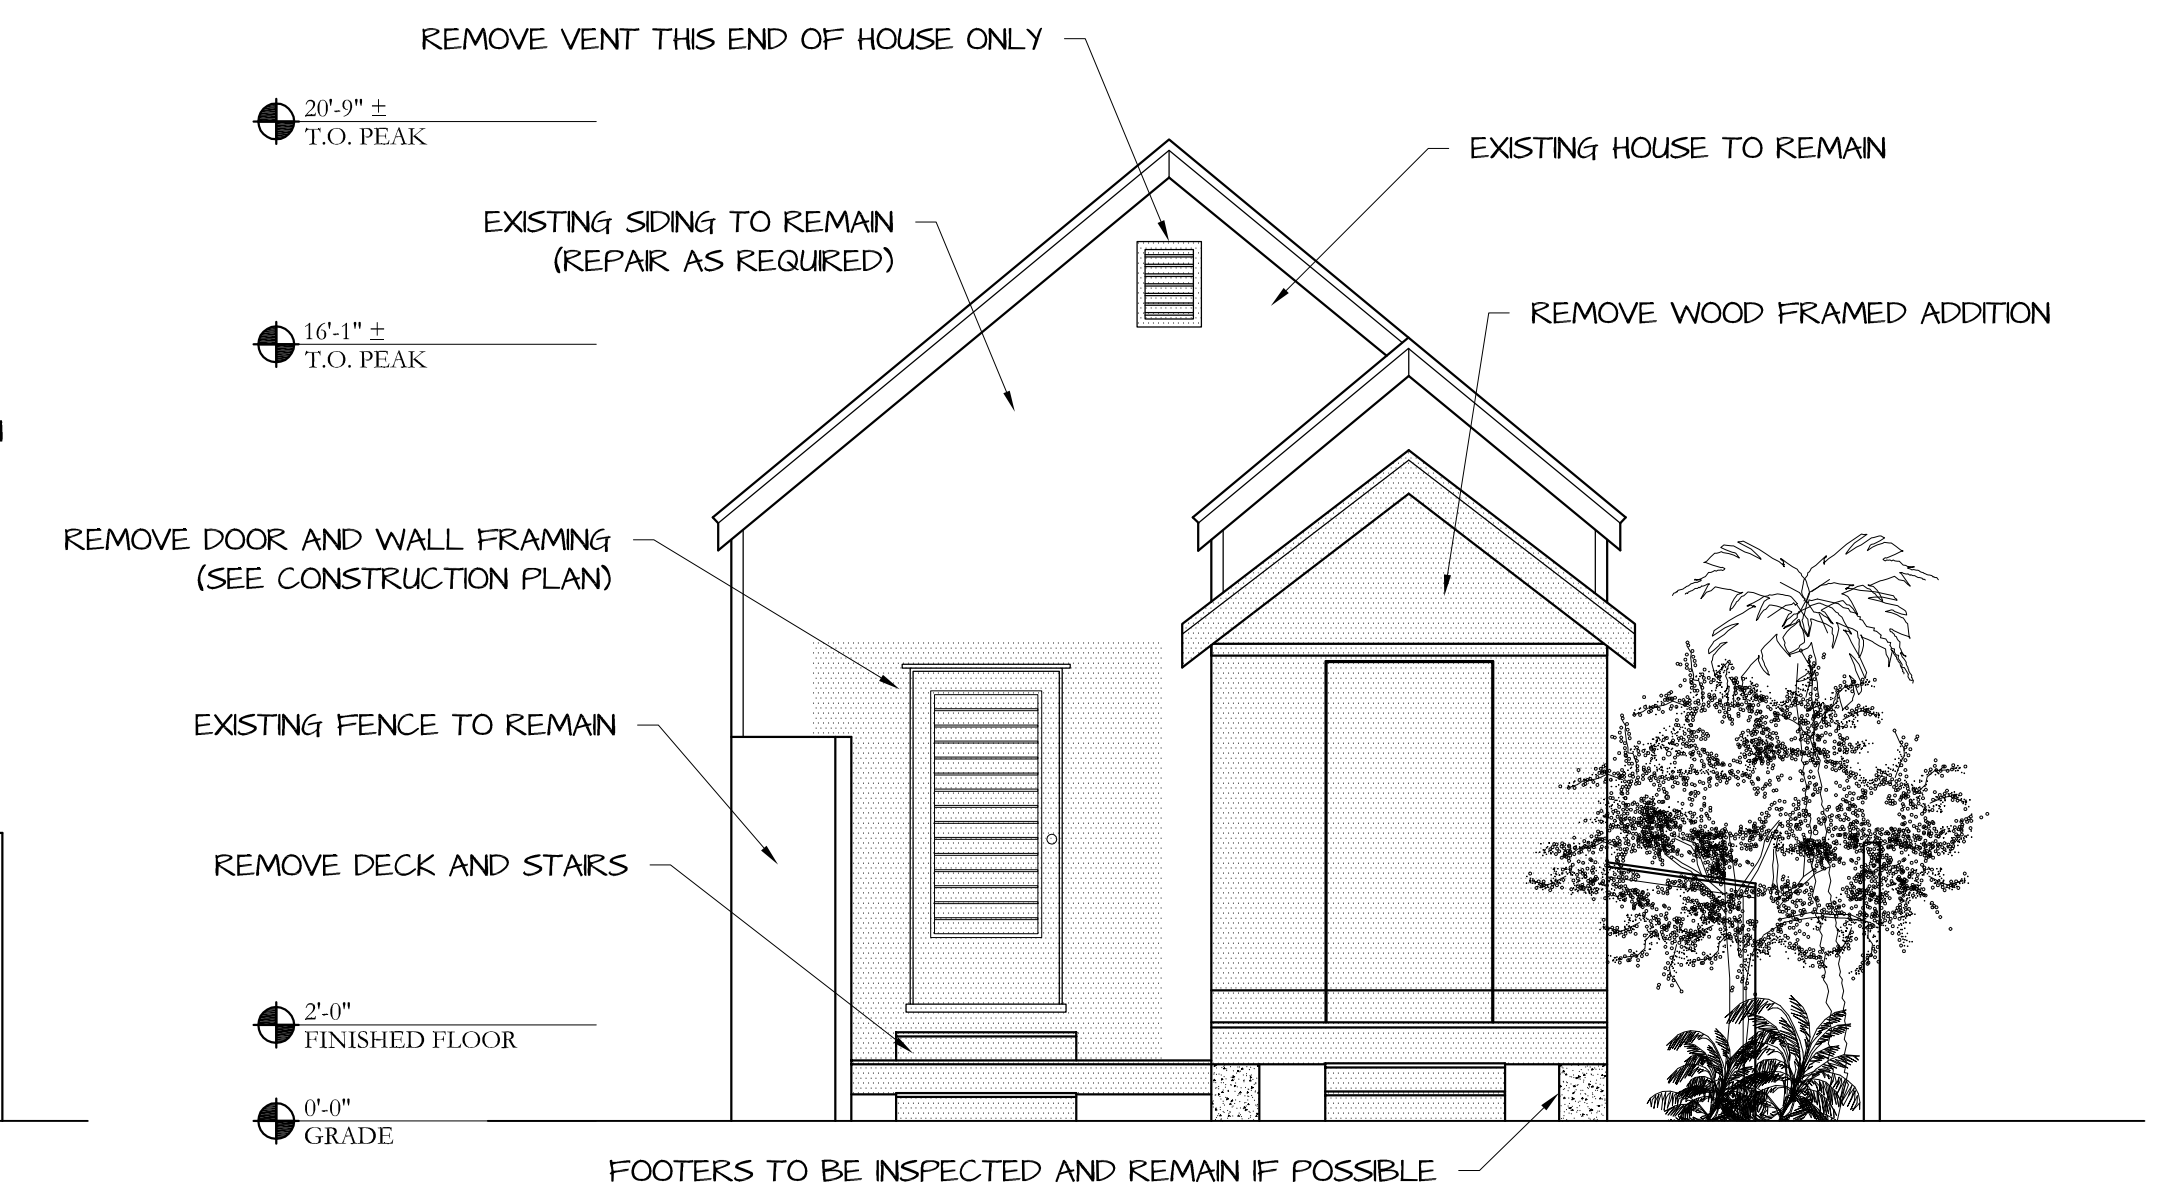

1. If Demolition commences prior to permit, GC shall obtain demo permits.
2. Furnish all labor and materials as required to complete demolition and removal of all items as indicated.
3. Provide strict control of job cleaning and prevent dust and debris from emanating from demolition area. Keep area clean.
4. If any questions arise as to the removal of any material, clarify the point in question with the architect or owner before proceeding.
5. At completion of demolition work the construction areas shall be left in 'broom clean' condition. All debris and misc. material shall be moved to waste area provided by the contractor.
6. Debris removal must be performed in accordance with owner and building management requirements and procedures.
7. Carefully remove all existing light fixtures and lenses (where demolition is noted) and store for future use. Before indicated reinstallation, inspect each fixture and repair or replace parts as required. All relocated fixtures shall be in full operating order. All tubes and/or ballasts not reused shall be disposed of in a proper manner.
8. Contractor shall be responsible for patching and/or repairing any damage caused by him or his subcontractors to existing construction. Refinish to match existing adjacent finish or as noted herein.
9. Existing plants to remain except where damage occurs due to demolition or noted otherwise. Replace or relocate where required.
10. Removal of any equipment, cabling, switches, and conduit pertaining to data/communications and telephone shall be verified with telephone companies or service owner data/communications representative as required to prevent new construction delays.
11. Demolition is not necessarily limited to what is shown on the drawings. The intent is to indicate the general scope of demolition required to complete the work in accordance with the contract drawings.
12. Contractor to coordinate with owner for reuse of existing millwork.
13. Demolition is limited to the rear and interior of house, no demo is to occur at the street side unless approved by HARC.

Parcel Sales History

NOTE: Sales do not generally show up in our computer system until about two to three months after the date of sale. If a recent sale does not show up in this list, please allow more time for the sale record to be processed. Thank you for your patience and understanding.

Sale Date	Official Records Book/Page	Price	Instrument	Qualification
5/29/2014	2687 / 90	405,000	<u>WD</u>	<u>02</u>
8/1/1984	919 / 390	63,000	<u>WD</u>	<u>Q</u>
9/1/1981	839 / 1415	48,500	<u>WD</u>	<u>Q</u>
