

**Historic Architectural Review Commission
Staff Report for Item 6**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: June 19, 2019

Applicant: Meridian Engineering, Designer

Application Number: H2019-0024

Address: #1209 Georgia Street

Description of Work

Addition to side of house.

Site Facts

The site under review is located on the southeast corner of Georgia and Catherine streets. The main structure in the site is a contributing resource to the historic district. Built circa 1919, the historic bungalow house has undergone some alterations, including enclosure of the front porch. Currently half of the historic porch remains enclosed. A pergola is located at the southeast corner of the main house.

The site has an unpermitted shed and covered shelter facing Catherine Street. After Hurricane Irma, the owners applied for an emergency permit to rebuild the perimeter fence. The owners are in need of expanding their bedroom and adding a laundry space.

Guidelines Cited in Review

- SOIS (pages 16-23), specifically Standards 1, 2, 5, 9, and 10.
- Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 2, 5, 6, 21, 23, 30 and 33.

Staff Analysis

The Certificate of Appropriateness in review is for the construction of a new side addition. The proposed addition will be located on the south side of the house and setback from the enclosed portion of the front porch. Nevertheless, the proposed bump out will be forward from the historic front wall. The proposed addition will have a side gable roof with aluminum windows on its side elevation. Metal shingles are proposed as roofing material.

Consistency with Cited Guidelines

It is staff's opinion that the proposed design is inconsistent with cited SOIS and Guidelines. The addition will have an adverse effect on the bungalow structure as the form of the building has been preserved; adding a volume to the side of the building will alter the integrity, massing, and proportions that are specific to this architectural style. (Page 67 of the guidelines)

Staff has discussed with the applicant other alternatives to achieve his client's needs without altering the exterior of the main house, and by enclosing portions of the existing pergola. Other alternatives will create no alterations to the existing historic house fabric.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

Remove existing wood siding and framing for addition. Remove existing French door. Demo of 182 sf total (wall plus doors)

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

Project involves demolishing a portion of exterior wall.

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

see (1)(a)

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

see (i) (a)

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

see (i) (a)

(d) Is not the site of a historic event with significant effect upon society.

see (i) (a)

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

see (i) (a)

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

see (i) (a)

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

see (i) (a)

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

see (1)(a)
(i) Has not yielded, and is not likely to yield, information important in history.
see (1)(a)

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

N/A

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

N/A

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

N/A

(4) Removing buildings or structures that would otherwise qualify as contributing.
