Zombie Bike Ride: Special Event Permit Description

The 10th annual Zombie Bike Ride is proposed to take place on October 20, 2019.

The event will stage at the East Martello Tower. The staging has been approved by The Key West Art and Historical Society. We are coordinating with the director of the airport, the county administrator, the Sheriff's department and the Key West Police Department. All relevant permits from the county and state are in progress

At ^{6:30pm} the ride will leave the staging area and proceed westbound on S. Roosevelt Blvd.

The ride will continue on Atlantic Blvd towards Duval St, with traffic control being coordinated by The Key West Police Dept. The ride will be handled as a rolling roadblock, with lower Duval as the destination.

We are requesting the closure of the 100, 200, and 300 blocks of Duval from 7pm - Midnight. Due to historical volume of participants we are also requesting the closure of the 400 block of Southard from 8pm to 10pm.

We are working with Public Works to contract barricades as needed along the parade route and for the Duval St. closure.

RECYCLING PLAN

Zombie Bike Ride: Recycling Plan October 20, 2019 7-11:59pm

Zombie Ride recycling contact: Evan Haskell, 305-393-5797

No vendors are associated with this event. Any trash or recycling generated during this event will have originated from the adjacent bars and restaurants, or have been brought in by event participants.

Zombie Ride organizers are in active communications with Public Works in order to ensure the appropriate amount of recycling bins are rented for the proposed event on October 20, 2019. Public Works and the event organizers are still confirming the exact size and number of bins required to accommodate this event. The event organizers are aware of the costs associated with bin rental and the requirement to use bin liners.

- Communications efforts will be made in advance of the event through web and social media to encourage event participants to use recycle bins on Duval Street.
- Because there are no vendors at this event, it can be assumed that the majority of the potential recyclable material will be glass bottles, plastic bottles, aluminum cans and possibly plastic cups.
- Since there are no event vendors, signage at point of sale is not applicable.
- During the event, roving event staff will monitor the bins to ensure that people are properly disposing of recycling. Should improper disposal be occurring, event staff will be stationed at recycling bins to observe and if necessary correct disposal behavior.
- Should the recycling bins become full during the event, event staff will rotate in new empty bins.
