- e. Mitigative techniques for abating smoke, odor, noise and other noxious impacts – The proposed development is not anticipated to produce any smoke, odor, noise or noxious impacts.

(c) Criteria for conditional use review and approval.

(1) Land use compatibility – The conditional use shall not adversely impact land use activities in the immediate vicinity and is compatible with the surrounding property. The property is located in a shopping center with other commercial businesses, solely contained within the existing building.

**Re: Hydro Thunder Recreational Vehicle Rentals
Conditional Use Application – Traffic Statement**

Dear Greg:

Hydro Thunder is an existing recreational vehicle rental business located in Key West, Monroe County, Florida. More specifically, the location that is the subject of this Conditional Use Application is 150 Simonton Street. This location currently has licenses for 41 electric cars and 46 scooters. A modification in this existing fleet mix is proposed. The number of electric cars is proposed to increase from 41 to 51 while the number of scooters is proposed to decrease from 46 to 36. The total number of vehicles (i.e. 87) at this location will remain unchanged. The purpose of this traffic statement is to document the anticipated traffic impacts associated with the proposed change in fleet mix.

As stated previously, the total number of vehicles (i.e. electric cars and scooters) at the 150 Simonton Street location will remain at 87. Furthermore, it is noted that these vehicle types have similar operating characteristics (as far as their speeds and travel patterns) while on the street network. Given that there will be no increase in the number of vehicles licensed at this site and the similarity in the operating characteristics of the subject vehicles, it is evident that the traffic impacts associated with the proposed change in the fleet mix will be negligible.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,
