- 2.1 The CITY has budgeted funds for consulting services for a variety of projects. The CONSULTANT is not entitled to receive, and the CITY is not obligated to pay, any fees or expenses in excess of the amount budgeted for a task order not issued in each fiscal year (October 1-September 30) by CITY. The budgeted amount may only be modified by Resolution of the Commission.
- 2.2 The CITY has met the requirements of the Consultants' Competitive Negotiation Act, as set forth in Section 287.055, Florida Statutes, and has selected CONSULTANT to perform the services hereunder.
- 2.3 Negotiations pertaining to the services to be performed by CONSULTANT were undertaken between CONSULTANT and staff selected by the Commission, and this Agreement incorporates the results of such negotiations.

ARTICLE 3

SCOPE OF SERVICES AND STANDARD OF CARE

- 3.1 CONSULTANT's services shall include civil engineering, highway & bridge design, transportation analysis, beach, environmental, structural, mechanical, fire protection, and electrical engineering and architectural services and consulting for facilities planning; permitting, preliminary and ongoing cost estimating, construction budgets and cash flow time line, cost impact analysis; preliminary architectural studies, appraisals and evaluations; contamination and other testing services; writing of design-build Request for Proposals; evaluation of design-build proposals and their associated budgets and cost supervision services; architectural design; auto CAD services; construction management and on-site construction services, and any other lawful professional architectural or other consulting services that the CONSULTANT is qualified to provide and that the CITY authorizes the CONSULTANT to undertake in connection with the CITY'S Project. CONSULTANT shall provide all necessary, incidental and related activities and services required as described in Exhibit A and by individual Task Order.

3.2 CONSULTANT and CITY acknowledge that the Scope of Services does not delineate every detail and minor work task required to be performed by CONSULTANT to complete the Project or any particular task order. If, during the course of the performance of the services included in this Agreement, CONSULTANT determines that work should be performed to complete the Project which is, in the CONSULTANT's opinion, outside the level of effort originally anticipated, whether or not the Scope of Services identifies the work items, CONSULTANT shall notify Contract Administrator in writing in a timely manner before proceeding with the work. If CONSULTANT proceeds with such work without notifying the Contract Administrator, the work shall be deemed to be within the original level of effort, whether or not specifically addressed in the Scope of Services. Notice to Contract Administrator does not constitute authorization or approval by CITY to perform the work. Performance of work by CONSULTANT outside the originally anticipated level of effort without prior written CITY approval or modification of task order is at CONSULTANT's sole risk.

3.3 The specific services to be provided by the CONSULTANT and the compensation for such services will be as mutually agreed to in separate Task Orders to this AGREEMENT. Each Task Order when fully executed shall become a supplement to and a part of this AGREEMENT. Execution of the Task Order does not constitute a notice to proceed.

- A. Each Task Order will be supported by appropriate cost and pricing data and such other documentation as required by the CITY.
- B. Task Orders shall be numbered consecutively as specified by CITY. Each Task Order shall include a description of the scope of services and specified deliverables, time of completion, total estimated costs of services, and method of compensation. Additional information shall be provided to the CITY if required. Amended Task Orders shall include substantially the same information and be submitted to the CITY for approval.
- C. The CITY may make or approve changes within the general Scope of Services in any Task Order. If such changes affect the CONSULTANT's cost of or time required for performance of the services, an equitable adjustment shall be made through an amendment to the Task Order.
- D. A task order may be terminated at any time, with or without cause, by the CITY upon written notice to CONSULTANT. No further work will be performed by CONSULTANT upon receipt of this notice unless specifically authorized by the City Manager of the City of Key West. On termination, the CONSULTANT will be paid for all authorized services performed up to the termination date plus, if terminated for the convenience of the CITY, reasonable expenses incurred during the close-out of the Task Order. The CITY will not pay for anticipatory profits. The termination of this Agreement

pursuant to Paragraph 8.2, hereof, shall constitute the termination of any and all outstanding task orders.

- E. The CONSULTANT will begin services under any Task Order when authorized by a Notice to Proceed issued by the City Manager or his designee.
- 3.4 The CITY and CONSULTANT may negotiate additional scopes of services, compensation, time of performance and other related matters for each Task Order. If CITY and CONSULTANT cannot contractually agree, CITY shall have the right to immediately terminate negotiations at no cost to CITY and procure services for future Project Task Orders from another source.
- 3.5 CONSULTANT shall perform the professional services under this Agreement at the level customary for competent and prudent professionals in CONSULTANT'S field performing such services at the time and place where the services are provided. In the event CONSULTANT does not comply with this standard, and omissions or errors are made by CONSULTANT which require the expenditure of additional funds for additional work by CITY, CITY has the option of reducing payment to CONSULTANT or requiring the CONSULTANT to do the additional work.
- 3.6 CONSULTANT is required to perform the task orders consistent with current applicable Federal, State and City laws, codes and regulations that pertain to the project. In all task orders, where changes to any laws, codes or regulations affecting the project have a projected effective date or are anticipated to be effective at a future date, or if knowledge of anticipated changes is available to CONSULTANT or any subconsultant, CONSULTANT shall present options for their use or implementation.

ARTICLE 4

TERM OF AGREEMENT; TIME FOR PERFORMANCE; CONTRACTOR DAMAGES;

The term of this Agreement shall be for a period of five (5) years from the effective date of the Resolution by the Commission approving the Agreement, whether the Agreement is signed by the parties or not. The Agreement will be in effect upon execution by both parties and after approval by the Commission. The Agreement may be renewed for two (2) additional two (2) year periods with consent of both parties and approval by Resolution of the Commission.

- 4.1 CONSULTANT shall perform the services described in each Task Order within the time periods specified. Each such time period shall commence from the date of the Notice to Proceed for such services.
- 4.2 Prior to beginning the performance of any services under this Agreement, CONSULTANT must receive a Notice to Proceed. CONSULTANT must receive

written approval from the Contract Administrator prior to beginning the performance of services in any subsequent task order. Prior to granting approval for CONSULTANT to proceed to a subsequent task order, the Contract Administrator may, at his or her sole option, require CONSULTANT to submit any deliverables/documents for the Contract Administrator's review.

- 4.3 In the event CONSULTANT is unable to complete the above services because of delays resulting from untimely review by CITY or other governmental authorities having jurisdiction over the Project, and such delays are not the fault of CONSULTANT, or because of delays which were caused by factors outside the control of CONSULTANT, CITY shall grant a reasonable extension of time for completion of the services and shall provide reasonable compensation, if appropriate. It shall be the responsibility of CONSULTANT to notify CITY within 10 days in writing whenever a delay in approval by a governmental agency, including CITY, is anticipated or experienced, and to inform the Contract Administrator of all facts and details related to the delay.
- 4.4 In the event the Contractor fails to substantially complete the Project on or before the substantial completion date specified in its agreement with CITY or if Contractor is granted an extension of time beyond said substantial completion date, and CONSULTANT's services are extended beyond the substantial completion date, through no fault of CONSULTANT, CONSULTANT shall be compensated in accordance with Article 5 for all services rendered by CONSULTANT beyond the substantial completion date.
- 4.5 In the event Contractor fails to substantially complete the Project on or before the substantial completion date specified in its agreement with CITY, and the failure to substantially complete is caused in whole or in part by a negligent act, error or omission of CONSULTANT, then CONSULTANT shall pay to CITY its proportional share of any claim or damages to Contractor or CITY arising out of the delay. This provision shall not affect the rights and obligations of either party as set forth in Paragraph 8.8, INDEMNIFICATION OF CITY.
- 4.6 In the event CONSULTANT fails to provide services as described in a task order which causes monetary damage to CITY because of Contractor's inability to perform or because of price increases attributable directly to delay caused by CONSULTANT, CONSULTANT shall be responsible for such monetary damages.

ARTICLE 5

During the Construction Contract Administration Phase, it is agreed by both parties that whether construction is completed earlier or later, that a proportional part of the compensation will be adjusted and either given to CONSULTANT for additional work or deleted from the amount owed CONSULTANT for less time required.
