MEMORANDUM

EXECUTIVE SUMMARY

TO: Bob Vitas, City Manager
E. David Fernandez, Assistant City Manager - Operations

FROM: Carolyn Sheldon, Senior Grants Administrator

DATE: March 17, 2014

RE: Approval to add a project to the City's Fiscal Year 2015 budget for the construction of a Vietnam Veteran's Memorial at Bayview Park with a budget amount of \$500,000.00 and approval to apply for and accept, if awarded, a Tourist Development Council (TDC) grant for this project.

ACTION STATEMENT:

This resolution will approve the addition of a project to the City's Fiscal Year 2015 budget for the construction of a Vietnam Veteran's Memorial at Bayview Park with a budget amount of \$500,000.00 and will approve the application and acceptance, if awarded, of a Tourist Development Council (TDC) grant.

BACKGROUND:

Resolution 14-068 to approve the conceptual site plan for a proposed Vietnam Veteran's Memorial at Bayview Park to honor the efforts of more than two hundred Key West citizens who served in Vietnam was approved by the City Commission on March 4, 2014. Also approved with Resolution 14-068 was providing financial support for the construction of a permanent memorial for up to one-third of the cost not to exceed \$150,000.00. In Resolution 13-177 (approved July 2, 2013) the City Commission expressed support for the memorial and directed the City Manager to work with a group of organizers to develop a plan for final approval.

The TDC has recently opened up its 2015 Bricks and Mortar Capital Projects funding cycle. Applications are due April 29, 2014 by 5 p.m. This grant has the potential to fund 50% of a TDC-approved project. With Commission approval, the City will be applying for a TDC grant that, if awarded, will fund up to 50% or \$250,000.00 of the total estimated project cost of \$500,000.00.

Key to the Caribbean - Average yearly temperature 77° F.

The TDC grant application requires the applicant, City of Key West, to show that all funds (100%) are available for the project at the time of application. A resolution passed and adopted by the City Commission to add the project to the City's Fiscal Year 2015 budget at the total estimated cost of \$500,000.00 along with a letter signed by the Mayor with this information will fulfill this requirement.

Given the due date of the applications on April 29, 2014, the review process will likely take place at the District Advisory Committee's (DAC I for Key West) June meeting. Once DAC I recommendations are received, the TDC will then continue with the approval process at its July meeting with final approval of the grant agreement by the Board of County Commissioners anticipated at the BOCC's October meeting.

PURPOSE AND JUSTIFICATION:

As shown in the table below, the City's budget (expenditures and funding sources) for this project is as follows:

Vietnam Veteran's Memorial Project		
Proposed Fiscal Year 2015 Budget		
Description	Project Costs (estimated)	Project Funding Sources (projected)
Professional Fees ¹	\$ 44,000	
Construction ²	\$ 450,000	
Construction Management ³	\$ 6,000	
Total Project Costs	\$ 500,000	
TDC Grant (50% of total project costs)		\$ 250,000
City of Key West		\$ 150,000
Private donations		\$ 50,000
In-kind Professional Fees		\$ 44,000
In-kind Construction Mgmt (City labor)		\$ 6,000
Total Project Funding Sources		\$ 500,000

- 1 At the advice of the City's grant writer, Langton & Associates, Inc., the professional fees to be donated by Bert Bender and Keith Oropeza will be included in the TDC grant application as project costs. These services are in-kind (match only) and are not reimbursable by the grant.
- 2 This construction estimate of \$442,950 (found in Resolution 14-068 approved by the City Commission on March 4, 2014) was rounded up to \$450,000.
- 3 Construction management performed by City Staff will be provided as in-kind (match only). Construction Management costs do not appear in the cost estimate for construction as described in Note 2 above. Since this project will be located on City property and funded initially in full (for grant purposes) by the City, City Staff will perform construction management duties.

If the City is awarded a TDC grant, the funding would not be available until an interlocal agreement with Monroe County, on behalf of the TDC, is fully executed (anticipated time frame is October). The earliest date to commence the project will likely be October 15, 2014.

The City Commission finds it respectful and important to construct a permanent Vietnam Veteran's Memorial to honor the efforts of more than two hundred Key West citizens who served in Vietnam. Providing financial support to this project would enhance and improve public property, thereby benefiting visitors and residents of the City of Key West.

OPTIONS / ADVANTAGES / DISADVANTAGES:

1. The City Commission can approve the addition of a project to the City's Fiscal Year 2015 budget for the construction of a Vietnam Veteran's Memorial at Bayview Park with a budget amount of \$500,000.00 and approve the application and acceptance, if awarded, of a Tourist Development Council (TDC) grant. This will allow the City to submit an application for a TDC grant that meets the 100% funded requirement. If the grant is awarded, up to 50% or \$250,000.00 of the estimated project cost of \$500,000.00 will be funded.
2. The City Commission can reject the request to add this project to the City's Fiscal Year 2015 budget and reject the request to apply for a TDC grant. Without the addition of the project to the Fiscal Year 2015 budget, the City would need to amend this year's budget in order to meet the 100% funded requirement. If the City Commission chooses to reject the request to apply for a TDC grant, the project will be delayed until the full amount of the estimated total project cost of \$500,000.00 is obtained. No TDC funding would be available.

FINANCIAL IMPACT:

The TDC grant is a crucial funding source for this project. Without the funding, the project will be delayed indefinitely. If approved by the City Commission, the Vietnam Veteran's Memorial project will be added to the City's Fiscal Year 2015 budget at an estimated total project cost of \$500,000.00. This will allow the City to meet the 100% funded requirement and apply for a TDC grant that could provide up to 50% or \$250,000.00 of the estimated total project cost of \$500,000.00. The City's commitment to provide financial support to the project at an amount not to exceed \$150,000.00 is included in the \$500,000.00 project cost estimate.

RECOMMENDATION:

Staff recommends that the City Commission select option 1, approving the addition of a project to the City's Fiscal Year 2015 budget for the construction of a Vietnam Veteran's Memorial at Bayview Park with a budget amount of \$500,000.00 and approving the application and acceptance, if awarded, of a Tourist Development Council (TDC) grant.

CAPITAL PROJECT FUNDING PROCESS

This application is intended for applicants whose facility has a primary purpose of promoting tourism.

The Monroe County Tourist Development Council (TDC) administers the four (4) cent bed tax collected for the purpose of promoting the Florida Keys as a tourist destination. Each year, the TDC advertises a Request for Applications (RFA) for capital project funding through the TDC. Projects must be owned and operated by either a **governmental entity** or **non-profit organization**. Individuals and for-profit organizations **are not eligible** to apply for Capital Projects funds. Applicants must be registered to do business in Florida. All applications will be reviewed by the appropriate District Advisory Committees (DAC's), who shall make recommendations on funding the project to the TDC. Upon approval of recommended funding allocation by the TDC, the administrative office will coordinate with the project coordinator to establish an agreement for the project, and will present the proposed agreement to the County for final approval.

This application will be funded as a fifty percent (50%) reimbursement of funds expended by any individual organization. The applicant must show that all funds (100%) are available for the project at the time of application so that there is no delay in the progress of the project, and that TDC funding is not used as "matching" funds.

IMPORTANT INFORMATION

All information furnished or disclosed as part of the application process is considered public record by the laws of the State of Florida.

The applicant shall not lobby, solicit or act to influence the advisory committee members and/or the TDC board members in any way that may have an effect on the outcome of the competition, discussion or negotiations leading to the allocation of funding, or an award of an agreement as reviewed and approved by the County Attorney's office. Such action may lead to withdrawal of the application from consideration.

Commencement of Project: No portion of the project for which you are seeking TDC funding may commence prior to the approval of an agreement by the Monroe County Board of County Commissioners.

Prior to filling out application, please go to www.sunbiz.org to ensure that your organization is registered to do business in the state of Florida. Only applicants that are duly registered will be accepted. **Print out and attach as Exhibit A.**

Cost of preparation and submission of the application is the responsibility of the applicant.

Applicant shall complete, copy, sign (by an authorized officer) and submit the correct number of copies of the application to the Monroe County Purchasing Department. (Please DO NOT use three (3) ring hard binders, soft binders or spiral binding; no binders are preferred.)

Completed Application: The application shall be considered complete upon receipt and should stand alone with no other information being provided after-the-fact other than any additional information that may be requested by the TDC administrative office, or questions from the DAC at the allocation meeting.

All attachments should be noted as such in the top right hand corner of each sheet – please do not use tab inserts.

Applicant shall familiarize itself with referenced online materials noted in this application (sample agreement): http://www.monroecounty-fl.gov/pages/MonroeCoFL_TDC/index.

Any part of the project for which the applicant wishes to seek reimbursement from the County, must NOT commence prior to the date of County approval.

Be advised that if your organization is awarded funding you will be required to enter into an agreement which delegates you to maintain accurate and complete documentation of the project. You will be required to obtain a signed amendment to the agreement before making any substantive changes to the project or you may nullify the County's obligation to pay. You will be required to comply with the following reimbursement procedures outlined in the sample agreement which can be found at http://www.monroecounty-fl.gov/pages/MonroeCoFL_TDC/index.

The recipient of TDC capital project funding shall designate a project manager if no licensed architect, engineer or general contractor is involved in the project. If the project is performed by County or City personnel, the project manager shall be the Engineer, Building Official or Construction Manager of that local government.

Taxes: The TDC/County is exempt from Federal, Excise and State of Florida Sales Tax.

Maintenance: The applicant shall be responsible for all maintenance and operational costs of the premises improved or constructed with the use of funding from the TDC/County. The applicant shall be responsible to the TDC/County for the safekeeping and proper use of the property entrusted to applicant's care, to include any and all insurance for the value of the equipment and any maintenance or service contracts relating to such equipment for its service life. Any disposal of assets procured through funding under this agreement shall comply with chapter 274, F.S. or chapter 617, F.S., dependent upon the type of entity funded under this agreement.

Permits: Applicant shall be responsible for securing all federal, state and local development approval and permits necessary to complete the project. Award of funds under this application do not indicate any development approval by the County and applicant shall be required to

comply with all County concurrency requirements under land use laws of the County and State. The TDC/County shall not reimburse for the cost of permits.

Insurance: Applicant shall provide the TDC/BOCC with current insurance certificates as per the requirements set forth within the funding agreement. The TDC/County shall not reimburse for the cost of insurance relating to the project for which the applicant is receiving funding.

Performance Guarantee: A successful applicant shall warrant, by signing this application, that applicant has the financial capability of completing the project as planned without the need to request further funding from TDC/County for same. Applicant shall warrant by signing this application and confirm in writing (in the form of bank statements; signed letter from the bank stating that funds are in the bank for the specified project; documentation provided by a financial institution of a line of credit assigned to the specific project within the application) that applicant has the funds in place at the time of the application for grant funds to be able to complete the project prior to seeking reimbursement of TDC funds. A governmental applicant shall provide a line item budget for the project in question, and proof that the budget has been adopted by the governing board of that entity. The applicant by signing the application certifies that: applicant, its principals, and any previously owned business is/are not and have never been in default to Monroe County under the terms of any contract. (Default means failure to fulfill contractual obligations where County had to take legal action to obtain remedy or where a bonding company had to make good for applicant.)

In-kind services: In-kind services (donated/free/volunteered labor; materials; goods; services) up to 25% of the total cost of the project may be considered to meet the 100% funding of the project. Applicant shall provide a schedule of values for each unit of in-kind service and/or goods at the time of the application. Volunteered labor, as a component of in-kind services, will be eligible for reimbursement at a reasonable hourly rate for the type of work/service being performed (e.g. an architect who volunteers to paint will be able to seek reimbursement for the reasonable rate for the painting work performed not the professional rate of an architect). Should funding be allocated, County/TDC reserves the right to deny the application of certain in-kind services and goods and to negotiate a revised schedule of values for permissible items. For example, county will not accept as in-kind, the waiver of governmental fees, or in-kind towards the acquisition of property. The amount of in-kind services you note within your application shall be entered into your final agreement. Applicants will not be able to introduce a request to allow in-kind services after submission of the application.

Construction and Other Contracts: Applicant, by signing the application, warrants that, if awarded funds for the project, all contracts, for construction or otherwise, to complete the project shall be met in compliance with all applicable laws and County purchasing policy and to comply particularly with F.S. Chapter 255, Chapter 274 and Chapter 287. Applicant further agrees to provide TDC/County and their designated representatives with:

- a) access to the project premises for inspection of the progress of the project;
- b) documentation including copies of all sub-contracts/Request For Bids verifying compliance with purchase/construction/architectural contract requirements of the County [Notice to owner: list of sub-contractors, and release of liens must be provided to County]; and
- c) access to all records concerning the project. These records must be retained by applicant for a minimum of four (4) years after the termination date of agreement.

This requirement may be for a different time period than that required by other government agencies. All records must be kept in accordance with Generally Accepted Accounting Principles.

Termination for Default/Convenience: The TDC/County reserves the right to terminate any agreement if, in its opinion, there shall be a failure at any time to properly perform faithfully any portion of the project as funded by TDC/County according to the plan presented with the application, or as modified and accepted in writing by TDC/County. Further, TDC/County reserves the right to terminate payments under this agreement should the anticipated funding become unavailable for any reason. Should termination occur under this provision, TDC/County shall give applicant thirty (30) days notice prior to termination.

Payments: Applicant shall submit all documentation required by the County Finance Department in accordance with instructions from said department, prior to payment of any funds awarded. The TDC Application for Payment forms provided in the TDC reimbursement package shall be used. Ten percent (10%) of every progress payment shall be withheld by County until certification of completion of project.

Contractor and Sub-Contractor Bonding: Applicant shall require all contractors and sub-contractors to post such performance bonds as are required by such contractors/sub-contractors entering into agreement with the TDC/County.

Design/Architectural Costs: Final design plans and architectural costs will be paid upon completion of the physical bricks and mortar portion of the project outlined within the agreement. Applicant shall submit for reimbursement of final design plans and architectural services within the last segment of their proposed project (Exhibit A). This is to ensure that TDC dollars are used for completed projects that are open to the public. No portion of the final design plans or architectural drawings for which you are seeking TDC funding may commence prior to the approval of an agreement by the Monroe County Board of County Commissioners. Applicant may submit a preliminary plan within their application to provide the District Advisory Committee and TDC with an idea of the proposed plan.

Acquisition of Property: Applications for acquisition of property will only be considered if the applicant can confirm availability of funding for one hundred percent (100%) of the purchase price through a bank statement showing that the entity has funding set aside in a line item for the purchase of the property, or that a loan from a financial institution has been fully approved; there are no liens on the property; and a clear title of ownership will be held by the entity requesting funding upon the closing of the purchase of the property. A clear title in the name of the contracting entity will be required to submit for reimbursement of the TDC funds allocated. The property shall be used for a minimum of ten (10) years as a tourist facility. The County will evaluate non-compliance of use as a tourist facility and upon request by the County the applicant shall pay a prorated reimbursement of funding allocated. The purchase or down payment of the property may not commence prior to approval of a funding agreement between the County and contracted entity. No in-kind services apply to the purchase of property, and payment will be made in one reimbursement check upon completion of the requirements set forth within the funding agreement.

Acknowledgements: Applicant shall be required to display an appropriate public acknowledgment of the support of the Monroe County Tourist Development Council in a publicly prominent area of the project.

Funding Allocations: DAC recommendation on funding allocations shall be limited to recommending allocations which do not exceed the amount requested by the applicant.

Funding requests may be denied, or reduced to a lesser amount than requested by the applicant.

Public Record: All information furnished or disclosed as part of the application process is considered public record by the laws of the State of Florida.

RE: Vietnam Veterans Memorial Park

Dear Mike,

This letter will serve as our agreement to provide professional services for the Vietnam Veterans Memorial at Bayview Park. Following is a description of services, associated deliverables, and fees which we are donating back to the project through pro bono services. We will generate invoices and show a zero balance via pro bono services credits.

The project team will include Bender & Associates Architects, P.A., for Architectural Services and Team Leader and Littlejohn Engineering Associates for Landscape Architecture. Bert Bender will serve as Project Manager and primary contact.

We propose to provide the following services.

Preliminary Design:

We will meet with the Vietnam Veterans Memorial Committee to establish goals. This information will then be used to design site plan options and develop a preliminary site and context plan. Cost estimates for construction of the park will be prepared.

Please note that this phase is complete. *"The project goal is to establish a living memorial to honor those who served in the Vietnam War and to honor service members of other conflicts that occurred before and after the Vietnam conflict; to create a memorial that will draw visitors from around the State of Florida and the nation; and to establish a peaceful place for reflection that will foster the healing process."*

Five different concept plans were developed, reviewed with the committee, and a final preliminary plan was established. This plan was presented to the public at the March 4, 2014 City Commission Meeting.

Design Development:

During this phase, we will develop the project details and finalize the design of individual components, including but not limited to, the Memorial Wall, the "Boot and Helmet" sculpture, paving patterns and materials, bench details, and a general landscape plan for review with the City Urban Forester. Deliverables will consist of drawings, product data, photographs, and written materials to describe the final design in detail.

Construction Documents:

These will include drawings, specifications, and other documents that form a complete biddable set of construction documents. Deliverables consisting of the above documents will be submitted for your review and comment. We will incorporate all City and Memorial Committee comments into a final biddable package.

Bidding Phase:

We will assist you during the bidding phase. Services will include, but not necessarily be limited to, attendance at prebid meetings, responses to bidder questions, issuing of addenda or supplemental documents, review of bids and recommendations as may be required. Deliverables will include documents as identified above or as required.

Construction Phase:

We will assist during construction as required. We will make periodic inspections to determine the status of the work, compliance with the contract documents, and attend construction meetings. We will respond to contractor requests for information, requests for Change Orders, and issue bulletins as needed. We will assist you with project closeout and attend a one year post construction inspection.

Miscellaneous services will be provided as needed or requested, including attendance at meetings and/or providing updates to the City Commission.

Fees:

We will provide services on a pro bono basis. The services listed above have a value of \$44,000, or approximately 10% of the project construction cost. The fees are prorated as follows:

Preliminary Design	15%	\$ 6,600
Design Development	20%	8,800
Construction Documents	40%	17,600
Bidding Phase	5%	2,200
Construction Phase	20%	\$ 8,800
Total Fees	100%	\$44,000

In an effort to minimize our out of pocket expenses, Keith Oropeza will combine trips related to the Veterans Memorial Park with Key West City Hall trips. His lodging, travel and per diem expenses will be absorbed under our Key West City Hall contract. We will provide you with digital copies of our documents for your use in reproduction of hard copies. I will absorb costs for reimbursable expenses for printing and reproduction of documents but ask that you are reasonable in your requests for hard copies.

Please call if you have any questions.

Sincerely,

Bert L. Bender, Architect
