Amazing from start to finish. I was torn on whether to give a good review or bad simply for the reason to keep this studio all to myself. The property is just as you see it, clean, beautifully decorated and well situated in Key West. I really enjoyed using the bikes they provided to get around. Shawn and Adele were such gracious hosts giving us plenty of tips and info on the area. (Including a ride back to the airport after our stay!) You will not find a better host or location.

If you are looking for a full immersion visit to KW and living as the Islanders do then this is the rental for you!

This place is just like on the pictures. A cute small studio and between the house of the owners and the studio a nice little garden. I highly recommend this place: it is fully equipped, clean, love the bikes to explore the island. If you are looking for a nice place in Key West, just book this place.

We had a very pleasant stay at Shawns Studio. It was very clean and fully equipped. The bicycles were very useful to get around the town and all the spots as beaches, inner city, southern most point, etc. Very friendly atmosphere and we would definitely stay there again.

Shawn is a great host. He is there when you need him and otherwise gives you space and privacy. All of the directions for your stay at his beautiful studio are clear and informative. The apartment is well appointed - just as shown. The bikes supplied were very fun to use and a must have in Key West. The on-street parking worked out well, as did the 2 close-by laundromats. You can ride bikes or walk to the beaches and restaurants no problem. Everything is very convenient to the location without being right in the middle of Old Town. We had a great time and would highly recommend the stay.

Andrew

The room was amazing, perfect size for two people, a really cold fridge, a nice bathroom, comfy bed, and the bonus of a quality TV for when you are just relaxing in the room. The use of the bikes was how my wife and i got around, they were incredibly handy and honestly riding around the island day or night was one of our favorite parts of the entire trip to Key West. We typically made our own breakfast using the kitchen so that was good to have as well. The patio area is a nice place to relax if its not too hot. The room is located in the middle of the island so nothing is far away, including the airport. There is a lot in walking distance including a very highly reviewed Cuban restaurant, El Siboney, as is the local grocer, two different laundry mats w/great coffee and espresso, and also 2 different gyms if you need to go workout.

My girlfriend and I stayed in Key West for 4 nights over Memorial Day weekend. This was hands down one of the best vacations I have ever had, and a big part of that reason was because I got to stay in Shawn's studio apartment. The pictures don't lie and the apartment comes with everything you will need. The location is perfect - blocks away from the beach and bars. This is the real deal and I highly recommend this place to stay. You won't find a better bang for your buck. It's very private. I never saw Shawn because we arrived late at night, but he readily answered my phone calls and texts.

Don't forget to take advantage of the bikes Shawn provides for FREE. Really fun!

The perfect AirBnB experience. Shawn (host) is a fellow traveler and clearly knows what travelers want. He's thought of every detail and wants to ensure you have the perfect stay. The room is great for a couple and the location is close to almost everything on the island. Better yet, the bikes ensure you get all the fun on Duval without having to stay in the tourist district. The place feels safe, quality and private. Forget the Marriott and stay at a place where you actually get some bang-per-buck. Contact Shawn and book today!

This is a beautiful space to stay in a great location! The space is very well appointed for a comfortable stay, equipped with everything you might need. I was contemplating how I would iron the dress I brought for the wedding we were attending, I opened the wardrobe, and there was the iron. Same story for many little amenities. Beautifully decorated. Bikes included with the rental! The space is 1 block from a little grocery store, 6 blocks from the beach, with a yoga studio, restaurants, and cafes within a block. Shawn is super friendly and helpful, made us feel welcome and got us oriented. Would definitely stay here again!

Christine

My husband and I stayed in this studio apartment for a week. It was perfectly located in the heart of Key West. The bikes were awesome and we also walked everywhere. The beach is just a 5 minute walk away and there is a fun restaurant there that has lots of live music and happy hour outside, everyday! The accommodations were exactly as Shawn indicated. It is an adorable and immaculately kept place and the attention to decorating detail is really lovely. I would definitely recommended this rental to friends and family who have a sense of adventure and independence and who DO NOT want to be overwhelmed by the touristy loudness of Duval Street. Shawn is very nice and made sure we were fine and our needs were met.
