Staff Report for Item 3

To: Chairman Bryan Green and Historic Architectural Review Commission Members

From: Enid Torregrosa Silva, MSHP
Historic Preservation Planner

Meeting Date: October 23, 2019

Applicant: Meridian Engineering

Application Number: H2019-0041

Address: #717 Duval Street Rear

Description of Work:

New single-family frame structure replacing a building destroyed by fire.

Site Facts:

The site in question is one of two lots situated at 717 Duval Street; the lot is the rear one, which faces DuPont Alley. Both lots are vacant as the Chief Building Officer requested the demolition of both structures after a fire took place on September 21, 2017. The yard facing DuPont Alley is the rear yard for the property. In 2018 and 2019, the city issued a build back letter classifying the property as a mixed-use property and one transient license respectively. One cmu wall still stands on the site.

Guidelines Cited on Review:

- Guidelines for New Construction in the Historic District (pages 38a-38q), specifically guidelines 1, 2, 6, 7, 8, 9, 11, 12, 13, 14, 17, 18, 22, and 25.

Staff Analysis:

A Certificate of Appropriateness is under review for a construction of a new frame structure to be dedicated as a single-family dwelling. The structure will have a one-story porch facing DuPont Alley, while the principal roof will increase in height towards the west side. The proposed front elevation, facing Duval Street will be a two-story façade with an asymmetrical gable roof. The Duval Street façade will have four false shutters, two on each floor. In the future, this façade will be obscured with a new building.

The highest point of the building will reach 22' - 10 3/4" on its highest point and the floor footprint will be rectangular. A pool will be located on the northeast portion of the lot, at the rear and under the proposed second story. The rear porch will have three bays and posts will be wood. Exterior walls will have fiber cement as siding and trims, windows, doors will be impact resistance, and roof will have metal v-crimp.

Consistency with Cited Guidelines:

It is staff's opinion that the proposed design meets the cited guidelines for new construction. Guidelines for pools prohibits the installation of swimming pools in the front yard, but in this case, although the house faces DuPont Alley, the pool location is in the rear, within the required 5 feet setbacks from property lines.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

Exterior concrete block walls approximately 11' tall. The majority of the structure was removed due to fire damage. The CBO condemned the structure.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

No distinctive characteristics. Only block walls

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

No associated events.

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

No significant character.

(d) Is not the site of a historic event with significant effect upon society.

N/A

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

N/A . Only 4 walls

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

N/A no structure is present except walls

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

N/A

(i) Has not yielded, and is not likely to yield, information important in history.

N/A

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

(4) Removing buildings or structures that would otherwise qualify as contributing.
