A. For both *Conditional Uses* and *Development Plans*, provide the information requested from the attached **Conditional Use and Development Plan** sheet.

B. For *Conditional Uses* only, also include the **Conditional Use Criteria** required under Chapter 122, Article III, Sections 122-61 and 122-62 of the Land Development Regulations (see attached copy of criteria).

C. For *Major Development Plans* only, also provide the **Development Plan Submission Materials** required under Chapter 108, Article II, Division 7, Sections 108-226 through 108-248 of the Land Development Regulations (see attached copy of criteria) and any additional information as determined by the Planning Staff.

D. For both *Conditional Uses* and *Development Plans*, one set of plans **MUST** be signed & sealed by an Engineer or Architect.

Conditional Use Criteria Section 122-61 and 122-62:

A. Findings.

The Planning Board may find that the application meets the Code purpose of ensuring that “a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity.” Kava Culture has been operating consistent with the proposed use under a Specialty Retail business license without any adverse impacts on the public’s interest or on properties in the immediate vicinity. The Conditional Use Application is being made to obtain a Food Service Establishment License now required by the City of Key West Code and Licensing Departments.

B. Characteristics of use described.

The following characteristics of a proposed conditional use shall be clearly described as part of the conditional use application:

1. **Scale and intensity of the proposed conditional use as measured by the following:**
 - a. **Floor area ratio:** Unchanged.
 - b. **Traffic generation:** As the proposed conditional use is consistent with the current Specialty Retail use it is unlikely that the proposed use will generate any additional vehicle traffic above and beyond the current allowable traffic demands and intensity.
 - c. **Square feet of enclosed building for each specific use:** 1570
 - d. **Proposed employment:** Kava Culture currently employs 6 individuals, which will remain the same under the proposed use.
 - e. **Proposed number and type of service vehicles:** Applicant is not proposing and service vehicles.
 - f. **Off-street parking needs:** Additional parking not required.
2. On- or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:
 - a. **Utilities:** The property has adequate utilities to support the proposed use.
 - b. **Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in chapter 94:** Not applicable.
 - c. **Roadway or signalization improvements, or other similar improvements:** Not applicable.
 - d. **Accessory structures or facilities:** Not applicable.
 - e. **Other unique facilities/structures proposed as part of site improvements.** None.
3. On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:
 - a. **Open space:** Current use includes square footage of open space.

b. **Setbacks from adjacent properties:** Not applicable.

c. **Screening and buffers:** Not applicable.

d. **Landscaped berms proposed to mitigate against adverse impacts to adjacent sites:** Not applicable.

e. **Mitigative techniques for abating smoke, odor, noise, and other noxious impacts:**
The proposed use does not seem to create any issues that would require mitigation. However, the Applicant is willing to entertain mitigative techniques should they be warranted.

C. Criteria for conditional use review and approval.

1. **Land use compatibility.** The conditional use as a Kava Bar selling non-alcoholic beverages in ready-to-consume state is compatible and harmonious with adjacent land use and will not adversely impact land use activities in the immediate vicinity. The neighborhood contains multiple bars, cafes and retail shops and is also made up of commercial and transient/residential uses and is heavily tourist-oriented with pedestrian traffic. Kava Culture Key West has been operating as a Kava bar at this location since May 2022 under a Special Retail Business License.
2. **Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use.** The size and shape of the site, the proposed access and internal circulation, and are adequate to accommodate the proposed scale and intensity of the conditional use requested. The site shall be of sufficient size to accommodate urban design amenities such as screening, buffers, landscaping, open space, off-street parking, efficient internal traffic circulation, infrastructure (i.e., refer to chapter 94 to ensure concurrency management requirements are met) and similar site plan improvements needed to mitigate against potential adverse impacts of the proposed use.
3. **Proper use of mitigative techniques.** Not applicable
4. **Hazardous waste.** No materials that contain hazardous waste will be used in connection with the proposed use.
5. **Compliance with applicable laws and ordinances.** The applicant will comply with all applicable laws and regulations as a condition of approval.
6. **Additional criteria applicable to specific land uses.** Applicants for conditional use approval shall demonstrate that the proposed conditional use satisfies the following specific criteria designed to ensure against potential adverse impacts which may be associated with the proposed land use:
 - a. **Land uses within a conservation area.** Not applicable. This site is not located within a conservation area.
 - b. **Residential development.** Not applicable. This application does not include residential development.
 - c. **Commercial or mixed-use development.** This conditional use application is within the historic district. The conditional use does not require HARC approval.

d. **Development within or adjacent to historic district.** This conditional use application is within the historic district.

e. **Public facilities or institutional development.** Not applicable. Public facilities or other institutional development is not being proposed as part of this application.

f. **Commercial structures uses and related activities within tidal waters.** Not applicable. This subject property is not located within tidal waters.

g. **Adult entertainment establishments.** Not applicable.
