ADDENDUM NO. 2

HURRICANE IRMA – VEGETATIVE DEBRIS BURN: RFP 003-18

This addendum is issued as supplemental information to the bid package for clarification of certain matters of both a general and a technical nature. The referenced Request for Proposal (RFP) package is hereby amended in accordance with the following items:

Questions from prospective Proposers:

- 1) *Does the Contract need to be signed and submitted in the proposal or post award?*
 - a. **Post Award**
- 2) *Are payment and performance bonds due post award?*
 - a. **Yes**
- 3) *Page 10 Section 9 of the RFP asks if a Key West Business License Tax Receipt is required post award?*
 - a. **As the project is located on Rockland Key, a Key West Business License Tax Receipt is not required; however, proposers should confirm with Monroe County any licensing requirements.**
- 4) *We are a Limited Liability Company. Which section do we fill out on page 18?*
 - a. **A Limited Liability Corporation is not considered a Sole Proprietor or Partnership; therefore, the Proposer would fill out the "If Corporation" section.**
- 5) *Page 32 states we need to submit 1 flash drive and p. 6 states we need to submit 2 flash drives. Which is correct?*
 - a. **Replace Item 10 of page 32 (Proposal) with:**
 - i. **Bid submitted intact with the volume entitled "Bidding Requirements" and "Contract Forms" one (1) ORIGINAL bid package and two (2) FLASH DRIVES as stated in the invitation to bid."**
- 6) *Would there be a prior Bid Tabulation for this Request for Proposal?*
 - a. **No, this is the first RFP for this project.**
- 7) *Would you please provide clarification of the requirements for the section (Contract Bonds: Performance and Payment Bonds)? We are not supplying materials for construction? With this in mind, the project would not involve guarantees against defective workmanship or materials for the construction of work. Nor, would we be providing a warranty period following the date of final acceptance. With this said, this section should be removed from the contract requirements.*
 - a. **No, as required by City purchasing ordinance, the winning Proposer shall provide all Bonds required by the Contract Documents.**
- 8) *Relative to previous experience, how far back can we go to achieve the requirements?*
 - a. **As far back as needed**
- 9) *Will liquidated damages be assessed if the Contractor does not meet the deadline they referenced in the proposal form?*
 - a. **Yes, \$3,700.00 per day**
- 10) *Can Contractor sub out 100% of the work?*
 - a. **Yes**

Contract Documents

11) INVITATION TO BID

- a. In third paragraph (page 6), DELETE "approximately 120,000 cubic yards" and INSERT "approximately 102,024 cubic yards (as measured by FEMA monitors)"
- b. DELETE entire paragraph nine (last on page 6) and replace with the following:
"Within 10 days following Notice of Award, Bidder shall furnish documentation showing that he is in compliance with applicable state and Monroe County licenses and certificates."
- c. Under Section 2. General Description of the Project (page 7), DELETE entire first paragraph and replace with the following:
"The City of Key West is soliciting proposals for the disposal of vegetative debris collected from Hurricane Irma. The City is leasing a Temporary Debris Management Site (TDMS) located at Rockland Key/Toppino Industrial Drive, where approximately 102,000 cubic yards of collected vegetative debris has been placed on a 10-acre site. The disposal method at the TDMS will be use of Air Curtain technology to thoroughly burn the vegetative debris while minimizing particulate emission during the processing stage. In the event non-burnable debris (e.g., white goods, solid waste) is encountered, Contractor shall segregate and place in a to be designated location on the Site."
- d. Under Section 6.C. Special Bidding Requirements, INSERT last sentence:
"Bidders to submit a 1-2 page (maximum) qualification summary in addition project references with their proposal."
- e. Under Section 6.D. Attachments, DELETE "City of Key West Business License Receipt".

9) PROPOSAL

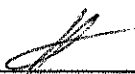

- a. DELETE entire "PROPOSAL" form (pages 14-18) and replace with revised "PROPOSAL" form attached to this ADDENDUM.

Attachments

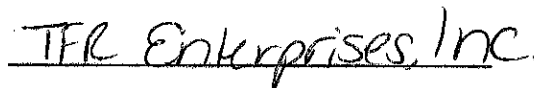

- 1. PreBid Meeting Minutes
- 2. PreBid Meeting Attendance Sheet
 - a. The representative for Clean Air Combust was delayed by traffic and arrived after the meeting concluded. The City was notified of this delay prior to the PreBid meeting. As subsequently discussed at the meeting, Clean Air Combust will be permitted to submit a proposal in response to this RFP.

All Bidders shall acknowledge receipt and acceptance of this Addendum No. 2

with Attachment by submitting the addendum with their proposal. Proposals submitted without acknowledgement or without this Addendum may be considered non-responsive.

BIDDER'S DECLARATION AND UNDERSTANDING

The undersigned, hereinafter called the Bidder, declares that the only persons or parties interested in this Proposal are those named herein, that this Proposal is, in all respects, fair and without fraud, that it is made without collusion with any official of the Owner, and that the Proposal is made without any connection or collusion with any person submitting another Proposal on this Contract.

The Bidder further declares that he has carefully examined the Contract Documents for the construction of the project, that he has personally inspected the site, that he has satisfied himself as to the quantities involved, including materials and equipment, and conditions of work involved, including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the work and to identify the said quantities with the detailed requirements of the Contract Documents, and that this Proposal is made according to the provisions and under the terms of the Contract Documents, which Documents are hereby made a part of this Proposal.

CONTRACT EXECUTION AND BONDS

The Bidder agrees that if this Proposal is accepted, he will, within 10 days, not including Sundays and legal holidays, after Notice of Award, sign the Contract in the form annexed hereto, and will at that time, deliver to the Owner examples of the Performance Bond and Payment Bond required herein, and evidence of holding required licenses and certificates, and will, to the extent of his Proposal, furnish all machinery, tools, apparatus, and other means of construction and do the work and furnish all the materials necessary to complete all work as specified or indicated in the Contract Documents.

PROPOSAL (continued)START OF CONSTRUCTION AND CONTRACT COMPLETION TIME

The Bidder further agrees to begin work within 14 calendar days after the date of the initial Notice to Proceed and to complete the project, in all respects within 00 calendar days (Bidder to provide).

LIQUIDATED DAMAGES

In the event the Bidder is awarded the Contract and shall fail to complete the work within the time limit or extended time limit agreed upon, as more particularly set forth in the Contract Documents, liquidated damages shall be paid to the Owner at the rate of \$3,700.00 per day (not to exceed 10% percent of the lump sum base bid) for all work awarded until the work has been satisfactorily completed as provided by the Contract Documents. Sundays and legal holidays shall be excluded in determining days in default.

ADDENDA

The Bidder hereby acknowledges that he has received Addenda No's. 1, 2,

(Bidder shall insert No. of each Addendum received) and agrees that all addenda issued are hereby made part of the Contract Documents, and the Bidder further agrees that his Proposal(s) includes all impacts resulting from said addenda.

SALES AND USE TAXES

The Bidder agrees that all federal, state, and local sales and use taxes are included in the stated bid prices for the work.

LUMP SUM ITEMS

The Bidder further proposes to accept as full payment for the work proposed herein the amounts computed under the provisions of the Contract Documents and based on the following lump sum amounts. The Bidder agrees that the lump sum represent a true measure of the labor and materials required to perform the work, including all allowances for overhead and profit for each type and unit of work called for in these Contract Documents.

TOTAL LUMP SUM BASE BID:

\$ Seven hundred thirty-seven thousand Dollars & no
Cents (4) amount written in words

Payment for materials and equipment authorized by the Owner in a written Change Order but not listed in the above Proposal will be provided at the suppliers invoice plus 10 %.

SWORN STATEMENT UNDER SECTION 287.133(3)(A)
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS.

1. This sworn statement is submitted with Bid or Proposal for Hurricane Irma-
Vegetative Debris Burn: RFP 003-18.

2. This sworn statement is submitted by TFL Enterprises, Inc.
(name of entity submitting sworn statement)

whose business address is 401 Leander Drive
Leander, Texas 78641

and (if applicable) its Federal Employer Identification Number (FEIN) is _____
72-1149862

(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement _____)

3. My name is Tipton F. Rowland
(please print name of individual signing)

and my relationship to the entity named above is CEO

4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including but not limited to, any bid or contract for goods or services to be provided to any public or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, material misrepresentation.

5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication guilt, in any federal or state trial court of record relating to charges brought by indictment information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

PUBLIC ENTITY CRIMES (continued)

6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means
- a. A predecessor or successor of a person convicted of a public entity crime; or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(8), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
8. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies).

Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (Please indicate which additional statement applies.)

There has been a proceeding concerning the conviction before a hearing of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of

Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

PUBLIC ENTITY CRIMES (continued)

_____ The person or affiliate has not been put on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

(To be submitted with each bid or offer exceeding \$100,000)

The undersigned CONTRACTOR certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The CONTRACTOR, TEL Enterprises, INC, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 *et seq.*, apply to this certification and disclosure, if any.

1. Establishing TDSR Site For Burning and Grinding Operations

When preparing temporary facilities for handling debris resulting from the clean-up efforts due to hurricane or other natural or man-made disaster damage, the following guidelines shall be considered when establishing TDSR Sites for Burning and Grinding Operations.

These guidelines apply only to sites for grinding or burning vegetative storm debris (yard waste, trees, limbs, stumps, branches, and untreated or unpainted wood). Arrangements shall be made to screen out unsuitable materials.

The two methods of reducing vegetative and land clearing storm debris is “chipping/grinding” for use in landscape mulch, compost preparation, and industrial boiler fuel or using an “air curtain burner (ACB)”, with the resulting ash being land applied as a liming agent, incorporated into a finished compost product, or being landfilled.

Air Curtain Burner Sites

Locating sites that are intended for air curtain burning (ACB) operations is a coordinated effort between the Debris Management Center and the local air quality officials for evaluating the surrounding areas and to reevaluate potential sites used in the past. The following guidelines are presented for selecting an ACB site and operational requirements once a site is in use:

- Contact the local fire marshal or fire department for input into site selection in order to minimize the potential for fire hazards, other potential problems related to fire fighting that could be presented by the location of the site, and to ensure that adequate fire protection resources are available in the event of an emergency.
- The requirements for ACB device(s), in accordance with local fire safety rules require the following buffers: a minimum of 500 feet from the ACB device to homes, dwellings and other structures and roadways. Contact the local Fire Marshall’s Office for updates or changes to their requirements.
- Sites shall be located outside of identifiable or known floodplain and flood prone areas; consult the Flood Insurance Rate Map for the location to verify these areas. Due to heavy rains associated with hurricanes and saturated conditions that result, flooding may occur more frequently than normally expected. If ACB pit devices are utilized, a minimum two-foot separation to the seasonal high water table is recommended. A larger buffer to the seasonal high water table may be necessary due to on-site soil conditions and topography.
- Storage areas for incoming debris shall be at a minimum 100 feet from all surface waters of the state. “Waters of the state” includes but is not limited to small creeks, streams, watercourses, ditches that maintain seasonal groundwater levels, ponds, wetlands, etc.
- Storage areas for incoming debris shall be located at least 100 feet from property boundaries and on-site buildings and structures.
- Air Curtain Burners in use shall be located at least 100 feet from on-site storage areas for incoming debris and 200 feet from, potable water supply wells, and septic tanks and leaching fields.

- Wood ash stored on-site shall be located at least 200 feet from storage areas for incoming debris, processed mulch or tub grinders (if a grinding site and ACB site is located on the same property). Wood ash shall be wetted prior to removal from the ACB device or earth pit and placed in storage. If the wood ash is to be stored prior to removal from the site, then rewetting may be necessary to minimize airborne emissions.
- Wood ash to be land applied on site or off site shall be managed in accordance with the guidelines for the land application of wood ash from storm debris burn sites. The ash shall be incorporated into the soil by the end of the operational day or sooner if the wood ash becomes dry and airborne.
- Sites that have identified wetlands shall be avoided, if possible. If wetlands exist or wetland features appear at a potential site it will be necessary to delineate areas of concern. Once areas are delineated, the areas shall be flagged, and a 100-foot buffer shall be maintained for all activities on-going at the site.
- Sites bisected by overhead power transmission lines need careful consideration due to large dump body trucks and trailers used to haul debris and the intense heat generated by the ACB device. Underground utilities need to be identified prior to digging pits for using the ACB device.
- Provisions shall be made to prevent unauthorized access to facilities when not open for use. As a temporary measure, access can be secured by blocking drives or entrances with trucks or other equipment when the facilities are closed. Gates, cables, or other more standard types of access control shall be installed as soon as possible.
- When possible, post signs with operating hours and information about what types of clean up waste may be accepted. Also include information as to whether only commercial haulers or the general public may deposit waste.
- Closure of air curtain burner sites shall be within 60 days of removing the last load of debris or reduction products. If site operations will be necessary beyond this time frame, permitting of the site may be required. If conditions at the site become injurious to public health and the environment, then the site shall be closed until conditions are corrected or permanently closed. Closure of sites shall be in accordance with the guidelines for closure and restoration of TDSR sites.

Equipment Resources

TFR maintains an extensive number of equipment to provide our clients with greater value and to ensure the quality of our work. With the largest fleet in the industry coupled with numerous staging areas, TFR can respond to any natural or man-made disaster quickly and efficiently. This rapid

response capability provides the client with vital emergency road clearance services to allow federal, state and local officials access to debris restricted areas and begin the disaster recovery efforts. Often on TFR projects, our equipment and manpower completely fulfill all project scopes and requirements in a timely matter. When subcontractors are used on large-scale projects, TFR self-performs any and all key elements of the project to satisfaction of the client and to certify the work is done properly to the TFR standard.

Furthermore, our in-house maintenance crew provides immediate support to our field operators to provide the sustainability of our equipment and operations. With years of experience working on Diamond Z's to overhauling dozer engines, TFR's maintenance crew is the logistical support necessary to ensure the limiting of costly downtime. Dedicated to their trade, TFR's maintenance crew can quickly identify, address and repair any problem befalling our equipment and additionally, make the appropriate modifications on other similar equipment to avoid future pitfalls.

For large-scale projects, TFR has the ability to augment our own resources with local rental suppliers in the area. TFR maintains valuable, fruitful relationships with rental companies to rapidly obtain any additional equipment needed to perform the work under contract. With corporate accounts and a priority call rating with Hertz Equipment Rental, Nations Rent and Rental Services Company, TFR can readily access hundreds of pieces of specialized equipment quickly to achieve desired project goals and time requirements. Furthermore, with years of loyalty with National Dealers for Caterpillar, Prentice Loaders and Diamond Z Corporation, TFR can obtain new and used equipment for rent or purchase faster than any other company in the industry. This vital lifeline to equipment suppliers allows TFR to mobilize a job however large and specialized the project may be.

Highlighting just a few pieces of equipment, TFR possesses eight (8) Diamond Z Tub Grinders with a 14' diameter tub operating off of 1000 HP Caterpillar engines reducing,

at capacity, 1,200 CY of “woody” debris an hour. With the largest fleet of grinders in the industry, TFR can operate and manage 8 TDSR sites with strictly its own resources. This provides any project, and the TFR management team, with the flexibility to coordinate debris reduction efforts and perform multiple contracts simultaneously. Additionally, in locations of relative remoteness, TFR can deploy one (1) of five (5) Mobile Command Units to provide immediate logistical, operational and administrative support.

Detailed below is a list of available TFR and subcontractor owned equipment:
