Karen,
We completely understand your position and will shoot for the June DRC if possible. Once the landscape plan is completed I'll contact you for a follow up discussion.
Best Regards,

No, I am not okay with this moving forward at this time. You can try for the May DRC but I know there are still some issues and no communication. You will not be ready for the June 12 Tree Commission as I have some serious issues with the last plan I reviewed and I have no idea if any changes have been made. I will need time to review and discuss.

Sincerely,

Karen
