Objective

To ensure the highest standards of my chosen industry serving the community with honesty and integrity.

Experience

1993-Present Owner/President Dan-Ace Roofing, Inc.

I continue to perform all of the things listed in qualifications. After contracts are signed, I schedule all roofing jobs, assign and supervise the work crews ensuring jobs are done correctly and in a timely manner adhering to all City/County and State requirements.

Education

1992-1996 Key West High School

Skills

I am a third generation roofer. I began working with my family while I was still in high school learning everything I could about roofing, Upon graduation, being able to work full time, I was able to learn all aspects of the industry. I specialize in metal, shingles and flat roofing. I assess each roof we will work on, calculating estimates and drawing up contracts. I also coordinate with other contractors on projects as well. I order all materials, dealing directly with various vendors. I hire, instruct and supervise all employees. I am responsible for client consultation and maintaining communication with them. I also maintain inventory control. I work closely with the city of Key West and Monroe County Building Departments. Originally licensed in 2009 I participate in all available continuing education courses.
