Re: 1730 Bahama Drive – Roof sheathing replacement & Rafter Repairs

Dear Tony:

On Friday, October 12<sup>th</sup> I went to 1730 Bahama Drive to observe the progress of the work underway to repair the roof trusses and other roof rafters for attachment of the replaced roof sheathing. The Contractor, Castro Construction, is still proceeding with the work, but I did see that the work that was completed is in accordance with the approved plans dated 8/28/2012.

Thank you,
