Good morning again,

He replied that they are having the parade, and that they never put it in the application. I told him I would approve of the street fair, but suggested that he modify the application to show the times and route of the parade and check with you regarding the issue. For those of you who were not there, the parade caused traffic issues to the point that participants (Patti was one) had to help direct traffic. This year, I would like to have the parade covered separately from the street detail.

Good morning,

Approved. I have a message in to Glenwood regarding any possible parade. If so, I will direct him back to you to correct the application. It will require a separate detail. Patti, you are hereby relieved of traffic control duties. 😊

Good morning again,

He replied that they are having the parade, and that they never put it in the application. I told him I would approve of the street fair, but suggested that he modify the application to show the times and route of the parade and check with you regarding the issue. For those of you who were not there, the parade caused traffic issues to the point that participants (Patti was one) had to help direct traffic. This year, I would like to have the parade covered separately from the street detail.

Good morning,

Approved. I have a message in to Glenwood regarding any possible parade. If so, I will direct him back to you to correct the application. It will require a separate detail. Patti, you are hereby relieved of traffic control duties. 😊

Good afternoon! I am on vacation, but I remember sending the approval for this because I mentioned about Patti having to direct traffic. I think the parade needs to be addressed in the commission meeting. You can call me on the cell if you need to 8134773045.
