Re: Request for Qualifications for Architectural Services.

William P. Horn Architect, P.A., is pleased to respond to your request for qualifications for Architectural Services for City of Key West.

William P. Horn Architect, P.A. is a Key West based architectural firm that has been in business in the Florida Keys and Key West since October 1993. Our firm is located at 915 Eaton Street, Key West, Florida. Our team of architects, planners and engineers have worked together on numerous projects within Key West and the Florida Keys over the last twenty nine years. We have vast experience in working on governmental projects, commercial projects, residential projects, mixed use projects and historic preservation/restoration projects. We have worked on as many new building projects as we have on renovation/restoration projects.

William P. Horn Architect, P.A., presently has an annual contract with Monroe County, the Monroe County School District, the Key West Housing Authority, the City of Marathon and the City of Key West. We have specialized over the last twenty nine years in working with local Government agencies and enjoy working on the various size and types of projects that an annual contract provides. We hope that we can work with you on your projects.

Under our present annual contracts, we are currently working with the City of Key West on the Historic Seaport Common Area Enhancement Plan, building hardening projects (3 sites) and a new 10,000 SF homeless shelter (KOTS) on Stock Island. For Monroe County we just completed the temporary relocation of Public Works on Rockland Key and have just started a two story addition to the jail on Stock Island for new generators and storage. We are under construction for a 103 unit workforce housing project on Stock Island and designing five new affordable houses in Bahama Village for the Housing Authority. For the School Board we are just starting construction at Coral Shores for a small renovation to classrooms and restrooms, new stairways and ramps and first floor classroom renovations for the Big Pine Academy, a new softball field for the Key Largo School, spalling repairs to an office building on Trumbo Point and stair ceiling repairs at HOB school.

William P. Horn Architect, P.A., is a financially stable Key West based architectural firm that has not had any previous or pending litigation issues. Our team's present workload is such that we can make a full and immediate commitment to your new projects.

Your review of this proposal is appreciated and we look forward to the possibility of working on your future projects.

William P. Horn Architect, P.A.

WILLIAM P. HORN ARCHITECT, P.A Firm Profile:

William P. Horn, Architect P.A. is a full service architectural firm that has been in business since 1993. We have successfully completed hundreds of projects throughout the Florida Keys. The firm has worked on many types of projects including commercial, governmental, residential, multi-family housing, affordable housing, master planning, sustainable and historic projects. The firm started out in 1993 as just two people, Bill Horn and his wife Alma and now is one the largest firms in Monroe County. The firm presently consists of six people.

William (Bill) Horn is the principal owner of the firm and has been working on projects within Monroe County and Key West since 1988. He is a registered architect in Florida, a LEED AP, BD&C and member of the NCARB. He has previously worked in New York and Philadelphia. Bill went to the University of Pennsylvania, Graduate School of Fine Arts to get his Master Degree in Architecture, 1988 and went to Clemson University, College of Architecture to get his Bachelor of Science Degree in Design, 1982. He is presently a member of the Key West Chamber of Commerce, Sunrise Rotary Club, US Green Building Council (National) and the past Chair of the Keys Branch of the US Green Building Council (South Florida). Bill was past president of Old Island Restoration Foundation and past chairman of the Historic Architectural Review Commission in Key West, Florida.

Frank Herdliska is an architect and has worked for the firm since 1995. He is a registered architect in Louisiana and received his bachelor of architecture from the University of Southwestern Louisiana. He has worked on numerous government projects within the last 25 years . He is past secretary and member of the USGBC, keys branch.

Evelia Medina has been with the firm since 2002. She is originally from Venezuela and is a registered architect in that country and received her Architectural Degree from the University Simon Bolivar, Caracas, Venezuela. She was a principal partner in her architectural firm prior to moving to Key West. Evelia is a LEED AP, BD&C.

Joe Scarpelli is an Architectural Project Manager who has been working with the firm since 2017. Joe has a Bachelor of Science degree in Architectural Technology from New York Institute of Technology and is a registered architect in New York State and Florida. He has over eight years of experience in architecture and has exceptional experience/skills in construction and BIM (Building Information Modeling). He is presently a planning commissioner (Chairman) for Monroe County.

Joanna Walczak is an Interior Design Intern who joined in 2015. She has a Bachelor of Fine Arts Degree in Interior Design from the Japanese Academy of Information Technology in Warsaw, Poland, Bachelor of Economics and Management (Poland) and Bachelor of Business in Marketing (Ireland). Her previous work experience includes work in Architectural firm in Warsaw, Poland and in Stockholm, Sweden prior to moving to Key West.

Alma Horn has been with the firm since it started in 1993. She has a number of rolls, including drafting, payroll and book keeping. She has an interior design degree from Mexico, her home country.

William P. Horn, Architect P.A. provides full services for our clients, from initial site and design studies to final construction documents and specifications, bidding and construction administration. The firm provides architectural services for a variety of project types, from government work to developer projects to custom residential project. We provide services for renovation projects as well as new construction projects.

William P. Horn, Architect P.A. presently has an annual contract with the City of Key West, Monroe County School District, Key West Housing Authority, City of Marathon and Monroe County for architectural and engineering services.

Our goal is to provide solutions to our clients needs and be of services to them through the entire process. We strive to create unique solutions to each project that respond to the specific site parameters and to the individual needs of the clients.

Advantages of working with our firm:

1. Local Key West firm allows quick access for all phases of the project.
2. William Horn, the firms Principle/Owner will be directly involved in all projects.
3. We have 29 years of proven local client satisfaction.
4. Local expertise in construction solutions that work in the Florida Keys.
5. Firm has successfully completed hundreds of projects within the Florida Keys.

TEAM PROFILE AND HISTORY

Team History

The team of architects, planners and engineers have worked on numerous local governmental projects through out Monroe County. For over twenty nine years we have been providing Monroe County and Key West government agencies quality services and successfully completed projects.

William P. Horn Architect, P.A. is a Key West/Monroe County based Architectural firm that has been in the business since 1993 and will be providing full architectural services. The firm's principal, William P. Horn has been a registered architect in Florida since 1990 and has worked in Monroe County since 1988. He previously has worked in New York and Philadelphia. William Horn served on the Key West HARC Board for 4 years and was chairman for 3 years.

The firm is now one of the oldest architectural firms in Monroe County and has successfully completed hundreds of government and commercial projects throughout Monroe County and Key West.

William P. Horn Architect, P.A. presently has an annual contract with the City of Key West, the School District, the City of Marathon, the Housing Authority and Monroe County for architectural services.

William P. Horn Architect, P.A. is a local Key West firm and this allows us to be readily accessible to the client for meetings throughout all phases of the project. Also, since we are not a large out of town firm, the clients will be coordinating directly with William Horn (the principle of the firm).

Perez Engineering & Development, Inc., is a local professional civil engineering firm and will provide Civil Engineering Services. They have been in business in Key West since 1999. They have successfully managed and completed various types of multi-discipline contracts including continuing services contracts for municipal and state government, federal government and private industry. Their performance on past and current contracts confirms their ability to meet both schedule and budget requirements with a strong emphasis on quality.

Perez Engineering & Development, Inc. has a fairly diversified amount of professional experience which encompasses the design and preparation of construction documents, permitting, and construction services for a variety of roadway and land development projects. Their engineering design experience includes hydraulic and hydrologic computer modeling of storm water management systems; the design of potable and sanitary utility systems, pump stations, paving and grading design.

Keister Webb Structural Engineers LLC, is a Structural Engineering firm, located in Jacksonville, Florida and will be providing Structural Engineering services. Mark Keister, P.E. began his career as a structural engineer in 1983 in Atlanta, Georgia. Since then he has been providing consulting structural engineering service and expertise to architects and owners throughout the southeast. The firm has been working on projects within the Florida Keys for over 15 years and has worked on numerous projects for us over the last 12 years. Within the last 12 years we have worked on numerous projects including the Glenn Archer Gym Renovation, The May Sands Demolition/Renovation project, the Garden View Workforce Housing Project, Tavernier Old School Renovation and the New Nissan Showroom Building, the New Kots Building and the New Jail Addition.

Marathon City Hall

Innovative Engineering Group is a M.E.P. engineering firm who will be providing MEP engineering services. They have provided all of our mechanical, electrical, plumbing and fire sprinkler work since we started our company. The firm is based in Miami, Florida. They are very familiar with our local environment and regulations and have successfully produced numerous projects throughout South Florida. Sudhir Gupta, PE, LEED AP is the owner of the firm and he has an extensive experience in HVAC and Mechanical systems. Sudhir's firm is the M.E.P engineer for all of our projects.

Landwise Design, Inc. is a Jacksonville, Florida based landscape architectural firm that has worked successfully on numerous projects within Monroe County and will be providing Landscape Design Services. Ladd Roberts, the principal landscape architect of the firm provided landscape services for the redevelopment of Bernstein Park for Monroe County, The New Kots Building and Garden View Apartments Affordable Housing Project.

Trepanier & Associates, Inc. is a Key West Land Use Planner firm and will be providing planning Services. They have been in business since 2004. Owen Trepanier, the owner of the firm is a planner and has previously worked for the City of Key West as a planner. Owen is one of the most knowledgeable planners in Monroe County and the firm is the leading expert in the Key West and Monroe County permitting process. His firm was the planner who helped us get major development approvals for Roosevelt Sands, the New Kots Building and Garden View Apartments Affordable Housing Projects.

Trifecta Construction Solutions is a Ft. Myers, Florida based sustainability Engineering Consulting firm and will be providing Sustainability Services. They have been in business for over 16 years. The firm provides sustainability consulting for a variety of rating systems, including LEED Certification, Florida Green Building Coalition or Energy Star Ratings and Certifications. Dr. Jennifer Languell, the owner of the firm, is a nationally recognized leader in educating construction industries and developing sustainable projects. She is presently working with us on getting Florida Green Building Coalition Certification for the 37 unit Workforce Housing project for Catholic Charities in Key West, the New Kots Building and for the 103 unit Garden View Apartment Project.

The combined efforts of all team members will provide The City of Key West with the appropriate staff size, expertise and availability necessary to meet the needs of your projects in a timely and most cost effective manner.

5. METHODOLOGY AND APPROACH

PROJECT METHODOLOGY AND APPROACH

The initial method and approach is an important part of each project. William P. Horn Architect, P.A., implements numerous reviews for each phase of each project to assure a quality project. We have developed a reputation of providing complete, accurate and detailed submittals for each phase of a project, such as Historic Board submittals, Variance and Planning Board submittals, and construction documents and specifications. The City staff in the planning and building department have complimented us on our submittals numerous times. William P. Horn Architect, P.A. has not had any lawsuits on any of the firms projects, which supports our efforts for good quality control.

PROJECT START

An important part of any project is listening to the clients needs and understanding the full scope of the project. During the initial meetings with the client William Horn, the principal architect on this team, attends the meetings to make sure he understands the full scope of the project and all the needs of the client. He maintains personal communication with the client throughout the entire project to assure consistency and quality.

Once the program for the project is understood and design work is started the team uses their vast experience with zoning and building codes and applies the knowledge to the project. It is important at this early stage, to assure that the project can be realized within the codes and find conflicts early. Preliminary construction costs are developed and discussed to clarify budget limitations. Sustainability goals are discussed and set for the project.

SCHEMATIC DESIGN PHASE

After the projects program, initial code review and preliminary budget is set, we move into the schematic design of the project. We explore numerous design options to assure that we have found the best quality design for the project. The quality of the design is important to the team. For new buildings or larger renovation projects we have been initiating our design in 3-D (Revit). A 3-D model is created on the computer that allows the design team and the client clearly understand the design, thus eliminating any misunderstanding of the design, this 3-D presentation is also used for submission to HARC and The Planning Board if required.

The design is reviewed by the project architect, the principal architect and the other team members to assure land use, handicap code, FEMA and building code compliance. Sustainability goals are reviewed and integrated into the design. Costs estimates are reviewed.

The project then gets submitted to the DRC, Tree Commission, Planning Board, HARC Board, City Commission and the State for review and approvals.

WILLIAM P. HORN ARCHITECT, PA.

915 EATON ST., KEY WEST, FL. 33040 TEL. 305-296-8302

WPHORNARCHITECT.COM

DESIGN DEVELOPMENT PHASE

Once the schematic design is developed and reviewed and all initial approvals are received from the Tree Commission, DRC, Planning Board, HARC Board, City Commission and State, the team moves into design development. The design is developed by all team members to assure that all systems coordinate properly. The project architect meets with each consultant to review the projects development and resolve any conflicts. The client is made aware of all aspects of the development of the project to assure that there are no surprises or mis-understanding. The principal architect, William p. Horn, reviews the project and then meets again with the client to finalize this part of the project. The construction cost estimate is updated again.

CONSTRUCTION DOCUMENTS PHASE

When the project is developed enough so that all systems of the building and site are coordinated and the clients needs have been met the team proceeds to develop the construction documents and specifications. The project architect conducts extensive coordination with all of the team members (structural, civil, MEP engineers, etc.) to assure that everyone is working with the latest information and that everything is coordinated. The client has the opportunity to review the drawings at the 50% and 90% level of completion. The principal architect meets weekly with the team and reviews the project for completeness and clarity.

When the construction documents are 100% complete the client and the team review the project once more to assure the completeness and quality of the project. A final construction cost estimate is completed.

BIDDING PHASE

William P. Horn Architect, P. A. and the team assist the client with the bidding process to assure the contractors clearly understand the project so that they can provide a quality bid. Many contractors have complemented our construction documents and specification as being complete and clear. We work hard to be available and answer any questions from the bidders or provide more clarification on any issue. The bids are reviewed and compared for consistency so that the client has accurate bids.

CONSTRUCTION PHASE

During construction the team can provide the client complete construction supervision to make sure the contractor completes the project as per plans and specifications. Inspections during construction are provided only by the teams registered architects or engineers. Since most of our team members are in Key West, we can quickly go out to the site to review the construction.

We have found that in order to maintain the quality of the project through the construction phase the architects, engineers and owner, must review the construction on a consistent basis. This consistent review is one of the most important parts of obtaining a quality project.

Allen E. Perez, P.E.
President

Mr. Perez has more than twenty-five (25) years of experience in roadway design, sanitary sewer systems, stormwater systems, potable water systems, and general civil engineering services. His experience includes the management and technical preparation of master plans, construction documents, permit submittals, and construction services for a wide variety of development activity. Mr. Perez has been providing professional engineering services, from his Key West office, for projects throughout the Florida Keys for over seventeen (17) years.

Mr. Perez has experience in providing Civil Engineering services for a variety of private and public sector clients. The following is a summary of some of his current and past public sector continuing services contracts:

- *City of Key West*
 - *General Storm Water and Wastewater Engineer*
 - *Professional Engineering Consulting Services*
- *Monroe County*
 - *General Airport Consultant*
 - *Architectural/Engineering Services for Small Projects*
- *Florida Keys Aqueduct Authority*
 - *General Engineering Services*
- *Monroe County Housing Authority*
 - *General Engineering Services*
- *Key West Housing Authority*
 - *General Engineering Services*
- *Monroe County School Board*
 - *General Engineering Services*
- *Florida Keys Community College*
 - *General Engineering Services*

Mr. Perez’s engineering design experience is fairly diversified and includes hydraulic and hydrologic computer modeling of storm water management systems; the design of potable and sanitary utility systems, pump stations, paving and grading design.

University of Florida
Masters of Landscape Architecture, 1997

profile **Over 18 years experience delivering**

- Recreation Planning
- Landscape Architecture
- Public Facilitation and Consensus Building
- Project Management (Sub-Consultant Coordination)
- Excellent Client-Consultant Coordination
- Alert Attention to Detail

experience **Landwise Design, Inc. [2004-Present]**
Landwise Design is currently marketing in Northeast Florida, the Florida Keys and Coastal Florida. Mr. Roberts's vast design experience, leadership coordinating various design disciplines, attention to detail and overarching understanding of the design and construction process empower him to make Landwise Design, Inc. the right company for your project challenges.

HDR Engineering [2002-2004]
HDR Engineering purchased Landers-Atkins Planners to establish a planning and landscape architecture division within their Jacksonville office. Building upon an already extensive client base, this merger provided a broader scope of work to our planning department; including FDOT, the Better Jacksonville Plan and parks and recreation work throughout multiple counties.

Responsibilities included the project management of nearly six hundred thousand dollars worth [design fees] of annual parks and recreation projects, plus FDOT, commercial and private projects.

Landers-Atkins Planners [1997-2002]
Landers-Atkins Planners was a medium sized land planning and landscape architecture firm in northeast, Florida. Mr. Roberts was hired in 1997 and brought with him a backlog of established clients and projects to the firm. He quickly rose to project manager, facilitating residential, commercial, private and municipal projects.

projects **Project references available upon request.**

Owen John Trepanier

CAREER SUMMARY

President, Trepanier & Associates, Inc., Key West, FL **2004 to present**

Owen is responsible for marketing and project development for this regional land-use planning firm. Provide professional planning assistance and project management to clients for affordable housing, beneficial use, commercial & residential development, comprehensive planning, conditional use approvals, condominium conversions, development plan approvals, FEMA-related issues, historic redevelopment, senior housing, site planning, variances, and zoning changes & ordinance drafting.

Associate, The Craig Company, Key West, FL **2003 to 2004**

Provided technical planning assistance to company clients for new construction, redevelopment, condominium conversion, affordable housing, subdivisions, comprehensive planning and future land use map changes.

Senior Planner, The City of Key West, FL **2000 to 2003**

Interpreted and administered land development regulations. Authored technical analysis and recommendation reports for affordable housing, conditional uses, development plans, easements, ROGO beneficial use allocations, transient units & license transfers, subdivisions, vacations of public property, and variances.

Community Development Director, Village of Princeville, IL **1998 to 2000**

Coordinated development of the Village's Future Land Use Map. Developed a business enhancement loan subsidy program with TIF funds, created a community development assistance program revolving loan fund, and created a volunteer program of 200 individuals. Developed the \$2 million Princeville Heritage Center.

Peace Corps Fellow, Western Illinois University, Macomb, IL **1997 to 1999**

Collaborated on the writing of community and development program assessment reports. Performed strategic planning and visioning sessions for community planning processes.

Peace Corps Volunteer, Nandi District, Kenya **1995 to 1997**

Established working relationships between the community, government, nongovernmental organizations and The Peace Corps. Solicited and won grant funds for 50 small-scale reforestation, income generation and education projects.

Physical Science Lab Technician, US Geological Survey, Denver, CO **1994 to 1995**

Collaborated on the development of a paleo-environmental indicator database for Yucca Mountain Nevada Nuclear Repository Site.

Jennifer L. Languell, PhD

PROFILE

Dr. Jennifer Languell is a nationally recognized leader in educating construction industries about the benefits of green building and sustainable development. She has worked as a part of the development team on high performance, single-family housing, affordable high-rise residences, commercial projects and some of the largest and most sustainable land developments in the world. She has also worked with governments and municipalities that are moving toward sustainable and fiscally prudent operating and management practices. She has partnered with the City of Tallahassee, the Army Corps of Engineers and many others to analyze the life cycle and quantify sustainability. Dr. Languell frequently appears at national and international conferences, speaking to professionals and consumers in their own language about the environmental and cost benefits of building “green.”

Dr. Languell serves in leadership roles with many non-profit organizations that are involved with green building and sustainability. She is the Past President/Vice President of the Florida Green Building Coalition, a LEED Accredited Professional for the USGBC, a Class 1 Certified Energy Rater, a NAHB Verifier and Certified Green Professional, and a Certifying Agent with the Florida Green Building Coalition she currently is serving as a board member for Babcock Neighborhood Schools, which is the first project to achieve the new pilot program for Green Globes.

TEAM EXPERIENCE AND HISTORY

WILLIAM P. HORN ARCHITECT, P.A. and our team members are mostly a local team that specializes in working with local government agencies on their annual contract projects for architectural services.

We have had an annual contract with the City of Key West, Monroe County and the School Board for many years. We have also recently received an annual contract with the Key West Housing Authority and the City of Marathon.

Included in this section is a long list of successful projects completed under all of our annual contracts.

William P. Horn Architect, P.A. has also, within the last 29 years, completed many different types of projects (see list of projects within this section). We can offer this experience to the City.

Our team is very experienced in the City's approval process for projects within the Planning Department, HARC, Tree Commission or the Building Department.

William P. Horn has received numerous awards and recognitions and most of our team has LEED credentials.

Team Experience / History Summary:

William P. Horn Architect P.A. has worked with the following team Consultants for the length of time noted below :

MEP Engineer:	29 years
Civil Engineer:	20 years
Structural Engineer:	12 years
Planner:	17 years
Landscape Architect:	20 years
Sustainability Consultant:	10 years

Bernstein Park

North Key Largo Fire Station

Conch Key Fire Station

Roosevelt Sands Housing

TEAM EXPERIENCE WORKING SUCCESSFULLY TOGETHER

WILLIAM P. HORN ARCHITECT, P.A. and his team members have worked together on many projects over the last 29 years.

MEP ENGINEERING: INNOVATIVE ENGINEERING GROUP, INC.

Innovative engineering group has been our MEP engineer on almost all of our projects for the last 29 years. They were the MEP engineer on Roosevelt Sands Housing and Community Center, Catholic Charities Workforce housing and Commons Building, 725 Duval street mixed use project, Seven Fish Restaurant and Bernstein Park/Community Center, Kots Homeless Shelter and Garden View Workforce Housing project.

CIVIL ENGINEERING: PEREZ ENGINEERING & DEVELOPMENT, INC.

Perez Engineering & Development has been our civil engineer on over 50 projects over the last 20 years. They were the civil engineers on Roosevelt Sands Housing project, Catholic Charities Workforce Housing project, 725 Duval street Mixed Use Housing project, Bernstein Park/Community Center, Kots Homeless Shelter and Garden View Workforce Housing project.

PLANNING: TREPANIER & ASSOCIATES, INC.

Trepanier & Associates has worked with us as a planner on over 30 projects over the last 17 years. They were the planners on Roosevelt Sands Affordable Housing. 725 Duval Street mixed use project, Dockmaster Building, Seven Fish Restaurant, Kots Homeless Shelter and Garden View Workforce Housing project.

STRUCTURAL ENGINEERING: KEISTER WEBB STRUCTURAL ENGINEERS, LLC

Keister Webb Structural Engineers has worked on over 12 projects with us over the last 12 years. They are presently working with us on Kots Homeless Shelter and MCSO Generator and Mark Keister was the Principal Engineer on Garden View and the Gym Renovations.

LANDSCAPE ARCHITECT: LANDWISE DESIGN, INC.

Landwise Design has been our Landscape Architect on over 15 projects over the last 20 years. They were the landscape architects on Catholic Charities workforce housing project, 725 Duval Street mixed use project, Henderson building mixed use project, Coral Hammock Housing and Community Center, Bernstein Park/Community Center, Kots Homeless Shelter and Garden View Workforce Housing project.

SUSTAINABILITY CONSULTANT: TRIFECTA CONSTRUCTION SOLUTIONS

Trifecta construction solutions has been our FGBC sustainability consultant since we started working on projects requiring FGBC certification. They were the sustainability consultants on Catholic Charities Workforce Housing Project and Common Buildings. 725 Duval Street mixed use project, Old Gym Renovations, Dockmaster Building, Bernstein Park/Community Center, Kots Homeless Shelter and Garden View Workforce Housing project.

- 5 new residences at Sunset Key Island
- Multiple affordable housing projects see Key West Housing Authority work)
- Multiple single Family renovations, new construction and additions

(see website: www.wphornarchitect.com)

CITY OF KEY WEST DEVELOPMENT REVIEW PROCESS

WILLIAM P. HORN ARCHITECT, P.A. and his team members have a lot of experience with the City of Key West development review process. The team has been getting projects successfully approved for the last 25 years within Key West and Monroe County. We are very familiar with obtaining variances, Planning Board approvals, City Commission approvals, HARC approvals and Tree Commission approvals.

Owen Trepanier, our Planner for this project, was a planner for the City prior to starting his own Key West planning business. He is now one of the most experienced planner in Key West and Monroe County.

The Following is a partial list of some of our project approvals:

- KOTS Homeless Shelter
- DRC, Planning Board, Tree Commission, City Commission
- Garden View Workforce Housing
- DRC, Planning Board, Tree Commission, City Commission
- Roosevelt Sands Jr. Housing Complex & Community Center
44 unit Affordable Housing project in Key West for the Key West Housing Authority
- HARC, Tree Commission, DRC, Planning Board and City Commission
- Roosevelt Gardens
96 unit Affordable Housing project in Key West for the Key West Housing Authority
- DRC, Planning Board, City Commission and Tree Commission
- Catholic Charities
37 unit workforce Housing project with Commons Building in Key West
- DRC, Planning Board, City Commission, Tree Commission and Bpass
- 725 Duval Street Mixed Use Project
- HARC, DRC, Planning Board, City Commission and Bpass
- Dockmaster Building
- DRC, Planning Board and Tree Commission
- Old Gymnasium Building
- HARC
- Higgs Beach / Park Master Plan & Visitor / Nature Center
- DRC, Planning Board, City Commission and Tree Commission
- Seven Fish Restaurant
- HARC, DRC, Planning Board, City Commission, Tree Commission
- Strunk
- HARC, DRC, Planning Board, City Commission, Tree Commission

9. SWORN STATEMENTS AND AFFIDAVITS

- SWORN STATEMENTS AND AFFIDAVITS
- LICENSES
- INSURANCE

ANTI-KICKBACK AFFIDAVIT

STATE OF FLORIDA

SS:

COUNTY OF MONROE

I the undersigned hereby duly sworn, depose and say that no portion of the sum herein response will be paid to any employee of the City of Key West as a commission, kickback, reward or gift, directly or indirectly by me or any member of my firm or by an officer of the corporation.

BY: _____
WILLIAM P. HORN

sworn and prescribed before me this 29th day of Aug, 2022

NOTARY PUBLIC, State of Florida

My commission expires: 11/22/25

SWORN STATEMENT PURSUANT TO SECTION 287.133(3)(A)
FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

THIS FORM MUST BE SIGNED AND SWORN TO IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICIAL AUTHORIZED TO ADMINISTER OATHS,

1. This sworn statement is submitted for WILLIAM P. HORN, PRINCIPAL
(print individual's name and title)

by WILLIAM P. HORN ARCHITECT, P.A.
(print name of entity submitting sworn statement)

whose business address is 915 EATON ST., 1224 WEST, FL. 33040

and (if applicable) its Federal Employer Identification Number (FEIN) is

65-0562195

(if the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement): _____

2. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
3. I understand that "conviction" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 01, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
4. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
- a. A predecessor or successor of a person convicted of a public entity crime: or
 - b. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime.

The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members and agent who are active in the management of a n affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment of income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

5. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statute means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement (indicate which statement applies).

Neither the entity submitting this sworn statement, or any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 01, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 01, 1989. However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR THE CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

(SIGNATURE)

WILLIAM P. HORN

NOTARY PUBLIC, State of Florida at Large

My Commission Expires: 11/22/25

CITY OF KEY WEST INDEMNIFICATION FORM

PROPOSER agrees to protect, defend, indemnify, save and hold harmless The City of Key West, all its Departments, Agencies, Boards, Commissions, officers, City's Consultant, agents, servants and employees, including volunteers, from and against any and all claims, debts, demands, expense and liability arising out of injury or death to any person or the damage, loss of destruction of any property which may occur or in any way grow out of any act or omission of the PROPOSER, its agents, servants, and employees, or any and all costs, expense and/or attorney fees incurred by the City as a result of any claim, demands, and/or causes of action except of those claims, demands, and/or causes of action arising out of the negligence of The City of Key West, all its Departments, Agencies, Boards, Commissions, officers, agents, servants and employees. The PROPOSER agrees to investigate, handle, respond to, provide defense for and defend any such claims, demand, or suit at its sole expense and agrees to bear all other costs and expenses related thereto, even if it (claims, etc.) is groundless, false or fraudulent. The City of Key West does not waive any of its sovereign immunity rights, including but not limited to, those expressed in Section 768.28, Florida Statutes.

These indemnifications shall survive the term of this agreement. In the event that any action or proceeding is brought against the City of Key West by reason of such claim or demand, PROPOSER shall, upon written notice from the City of Key West, resist and defend such action or proceeding by counsel satisfactory to the City of Key West.

The indemnification provided above shall obligate PROPOSER to defend at its own expense to and through appellate, supplemental or bankruptcy proceeding, or to provide for such defense, at the City of Key West's option, any and all claims of liability and all suits and actions of every name and description covered above which may be brought against the City of Key West whether performed by PROPOSER, or persons employed or utilized by PROPOSER.

The PROPOSER's obligation under this provision shall not be limited in any way by the agreed upon Contract Price as shown in this agreement, or the PROPOSER's limit of or lack of sufficient insurance protection.

Title or Rank

22 | RFQ #22-010

General Architectural Services

RFQ # 22-010 GENERAL ARCHITECTURAL SERVICES

RFI Addendum #1

Date: 2022.08.18

1. Could you please clarify if the City is seeking a team of professional services (including engineering, landscape architecture, surveying, etc.), or if firms should submit just for architectural services? Since the RFQ mentions to *"identify each proposed sub-consultant along with sub-consultant's type of professional services and identify sub-consultant(s) team members by name, job classification, and qualifications"*.

This RFQ is for architectural services. All firms responding need to list/identify the sub-consultants necessary to provide complete architectural services as described.

2. Can you please advise if this RFQ is replacing/renewing a previous contract and if so, what firm is the incumbent.

The last contract for general architectural services ran from 2017 to August 1st, 2022, the architecture firms included were Bender & Associates Architects, William P. Horn Architect, Saltz Michelson Architects, Inc., AMEC Foster Wheeler, PFB Architects, Rodriguez and Quiroga, K2M Design, and Hayes Cummings.
