Subject: **Frederick Douglass Community Center- Black Educators History Museum Space Designation**

ACTION STATEMENT

As per Resolution 21-091 the City Manager has been directed to work with the Frederick Douglass Black Educators Memorial (FDBEM) to locate an appropriate space to develop and operate a museum primarily dedicated to the historically black Key West and Bahama Village families and individuals who have made significant contributions to the long history of Key West. Staff has formally identified space located at the new construction site at the Frederick Douglass Gym for their museum.

BACKGROUND

A resolution (Res 21-091) of the City Commission of the City of Key West Florida, directing the City Manager to work with the principles of the Frederick Douglass Black Educators Memorial to locate an appropriate space to develop and operate a museum primarily dedicated to the historically black Key West and Bahama Village Families and individuals who have made significant contributions to the long history of Key West.

Some proposed places included 3.2 parcel or former diesel plant. Based on timing and availability, Frederick Douglass Community Center was the best location for the museum. A preliminary floor plan was presented to Mr. Smith on 11/02/21 with some ideas on how the museum could be incorporated into the community center. His main concern was the size of the main museum space, (11'-8" x 19'-0"= 220sf +/-). It was suggested that they start by creating a list of all of the items/ pieces that would be in the museum to get a better understanding for the needs of the space. Some other suggestions were to rotate what was displayed in the main museum space on a schedule that works for the museum.

On 07/07/2022 the proposed plan was presented to the Bahama Village Redevelopment Advisory Committee (BVRAC) for review and comment. One member requested an operational plan or more information regarding what the museum had planned for the space.

PREMISES: As outlined in the preliminary floor plan. The City holds the right to review and approval all items that will be displayed in the common area(s) and classroom(s) that are outside of the main museum space.

TERM: Two (2) years with a sixty (60) day cancellation provision

USE: Proposed use is for the “Black Educators History Museum.” Final space requirements TBD.

RENT: \$1.00 per year, per 2-941(c) public benefit lease

EXPENSES: The Tenant will pay for operating costs including all utilities, repairs, and maintenance, replacements, and renovations necessary to keep the premises in good repair and condition as it associates to their space.

FINANCIAL: This agreement transfers the costs of utilities, maintenance, and repairs to the tenant for the main museum space and shared costs for the common space(s) that included property insurance and operating expenses.

RECOMMENDATION:

Staff recommends City Commission approval to advertise for a period of 30 days prior to execution of any lease agreement, the availability of the designated space as defined above, in the new Frederick Douglass Community Center for use as museum development. Proposals for use of the designated property will be accepted during this period for review and consideration by the City. Such proposals shall commit to the delivery of a plan for the operations and sustainability of a museum within 60 days of being selected by the City, before establishing the designated property as a permanent location as directed by the City Commission via Resolution 21-091. This plan shall include an inventory of proposed permanent exhibits as well as plans for rotating new exhibits periodically.

FREDERICK DOUGLASS SCHOOL BLACK EDUCATORS' PROJECT MEETING

November 2, 2021

PRESENT:

**Patti McLauchlin, City Manager
Steve McAlearney, Director of Engineering
Amanda Willett-Ramirez, CRA Manager
Karen Wilman, Architect
John Wilson Smith, President, FDSBEP
Portia Navarro, Executive Administrator**

A meeting to meet with Mr. John Wilson Smith, President of the FDSBE, to discuss a space for the FDSBEP Museum.

President Smith asked if he could record the meeting for the other members of the committee.

City Manager McLauchlin once again asked for the names and contact information of the committee members.

President Smith stated he did not have that information and said he would take notes instead. He also asked if he could receive copies of the notes of the Portia, the Executive Administrator.

City Manager McLauchlin answered in the affirmative.

Architect Karen Wilman advised that the Engineering Department are in the process of designing a building to provide spaces for:

- A brand-new community center**
- A brand-new courtyard**
- Tutoring classrooms**
- Room – Music Program**
- Kitchen**
- Areas to display pictures, art, etc.**
- Approximate room size 250 square feet**
- Building will be above flood.**

City Manager McLauchlin request that we be provided with:

- Members names and contact information**
- Number of pieces pictures, art, etc.**
- Copy of the committee plan**
- Room size**
- Inventory**

Architect Wilman requested an inventory be provided as soon as possible and that a shovel in the ground will take place in about a year from now.

In response President Smith stated:

- Museums needs to be contained in one building.
- Custom House has designated an area just for the FDSBEP.
- Custom display should run about one year.
- Museum needs to have visibility.

President Smith conversations continued as to the importance of the presence of a Black historical museum in the Bahama Village area. He reiterated there is a lot of history to be shared with the family members currently living and those who may express an interest in Bahama Village heritage and culture. These stories must be told.

City Manager McLauchlin stated we have no problem with assisting you and the FDSBE in this endeavor, but as stated we need the size of the room for inventory and to determine how much space you will need.

Can you give us an idea as to what type of display, exhibit will be placed in the Custom House?

President Smith stated they are reserving a large room for the FDSBE to showcase some of their art and exhibits.

Conversations continued and City Manager McLauchlin asked President Smith to meet with the City on a regular basis so we can determine what we need to do to assist FDSBE.

Executive Administrator Portia asked President Smith if he wanted to schedule another meeting with the City in about two weeks, and he said he would contact the city manager office once he has spoken with the other members.
