**WHEREAS**, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant;

**WHEREAS**, the Planning Board finds that granting the variance requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings, or structures in the same zoning district;

**WHEREAS**, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant;

**WHEREAS**, the Planning Board finds that the variances granted is the minimum variance that will make possible the reasonable use of the land, building or structure;

**WHEREAS**, the Planning Board finds that the granting of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare;

**WHEREAS**, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures, or buildings in other districts are grounds for the issuance of the requested variance; and

**WHEREAS**, the Planning Board finds that the applicant has demonstrated a “good neighbor policy” by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors.

**NOW, THEREFORE, BE IT RESOLVED** by the Planning Board of the City of Key West,
