**RE: Application for Tax Increment Appropriation
Bahama Village Resource Development Project**

Dear Mr. Norwood:

Thank you for your request for Tax Increment Appropriations. Your request to provide evaluation and capacity building services for programs that receive TIF Funding for the 2012 cycle has been reviewed by staff. No applications for programs were received this funding cycle. We encourage you to consider making a presentation to the Bahama Village Redevelopment Advisory Committee regarding your services for future projects. Please keep in mind that the City has procurement regulations that require competitive bidding for services such as yours.

Please contact me should you have any additional questions.

Respectfully,
