Narrative

NARRATIVE OF INCIDENT

Officers responded to 314 Simonton Street regarding a disorderly subject who was yelling and breaking porcelain plates on the sidewalk, prompting residents and business employees to call 911. Upon arrival, Officer Christina made contact with the subject. The subject immediately approached Officer Christina at close proximity within his reactionary gap. Officer Christina issued verbal commands for the subject to back up; however, the subject refused and became increasingly loud and argumentative.

The subject displayed active physical resistance by making overt, hostile movements. The subject was uncooperative, refused verbal commands, and advanced toward officers while exhibiting threatening and aggressive behavior. As officers attempted to gain control of the subject, the subject actively resisted and headbutted Officer Christina with the back of his head, causing injury to Officer Christina's lip.

Due to the subject's continued active resistance and assaultive behavior, Officer Christina utilized a leg sweep to take the subject to the ground, with assistance from Officer Lashley. While on the ground, the subject continued to actively physically resist officers. In order to gain compliance and prevent further injury, Officer Lashley deployed his electronic control device (Taser) in drive-stun mode to the subject's lower left back and right back portion of his thigh. This application was effective in gaining compliance.

Officers were then able to handcuff and secure the subject. The subject was transported to Lower Keys Medical Center for treatment and medical clearance, then transported to the Monroe County Detention Center without further incident. Officer Lashley also recieved minor abrasions to his left knee during the take down.

Witnesses said they observed the subject fighting the Officers and he was not listening to the Officers commanads and they observed his initial behaviour which caused Officers to respond.
