City of Key West,

The purpose of this communication is to provide the general public who are planning to attend Mote's Ocean Fest Key West on April 23, 2022 from 10am - 4pm with a list of safety measures that Mote will be implementing for Ocean Fest Key West in an effort to minimize the risk of contracting and/or spreading COVID-19 while hosting Ocean Fest Key West on the Truman Waterfront Lawn, Below is a list of safety recommendations Mote Marine Lab's Event Coordinator will provide in email communication to vendors and staff, social media postings, and event posters throughout the Truman Waterfront Lawn.

- Masks are highly recommended
- Social distancing in crowded areas
- Sanitizing stations will be placed throughout the Truman Waterfront Lawn
- A Handwashing station will be placed near the portable restrooms

MOTE. ORG

- Disposable masks will be provided by Mote
- A small supply of hand sanitizer bottles will be provided by Mote for vendors

For any questions or concerns about Mote's COVID-19 Safety Plan for Mote's Ocean Fest Key West 2022, please contact Haley Burleson at hburleson@mote.org.

Kind regards, Haley Burleson Field Marketing Manager Mote Marine Laboratory International Center for Coral Reef Research and Restoration C: 703-895-8538
