Historic Diesel Plant Redevelopment Updates

- Four community meetings were held to obtain public input regarding the redevelopment of the Historic Diesel Plant. There were two in-person meetings at Frederick Douglass Gym, and two virtual meetings. Summaries from the meetings are available on the Planning Department's [webpage](#).
- The RFP has been drafted and is currently under reviewed by the Legal Department. The City projects that the RFP will be released in early-to-mid April.
- The final RFP is expected to go before the City Commission for approval in June.
