

TRANSPORTATION REPORT 2022

City of Key West

What's Happened

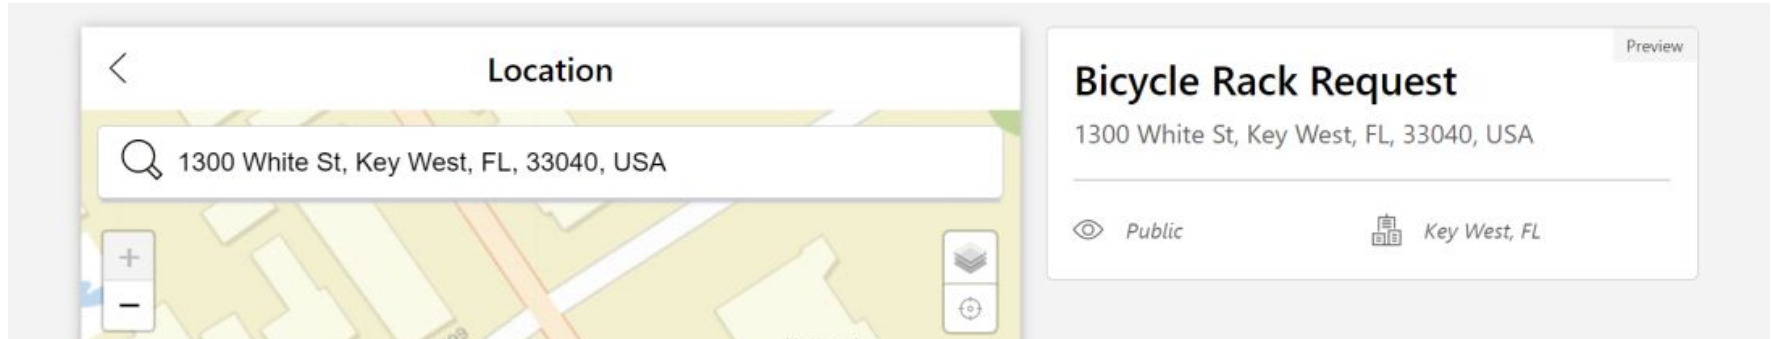

- New Bicycle Racks
- Bike Lights
- Micromobility Ordinance
- Bicycle and Pedestrian Counts

Bicycle Racks

- Installed over 54 bike parking spaces
- Key West has nearly three thousand bike parking spaces
- Map is on our website where residents can submit requests

Bike Lights

- 100s of bike lights given out by staff and our Police Department
- Those in need can stop by the police station to pick up free lights to stay visible and safe

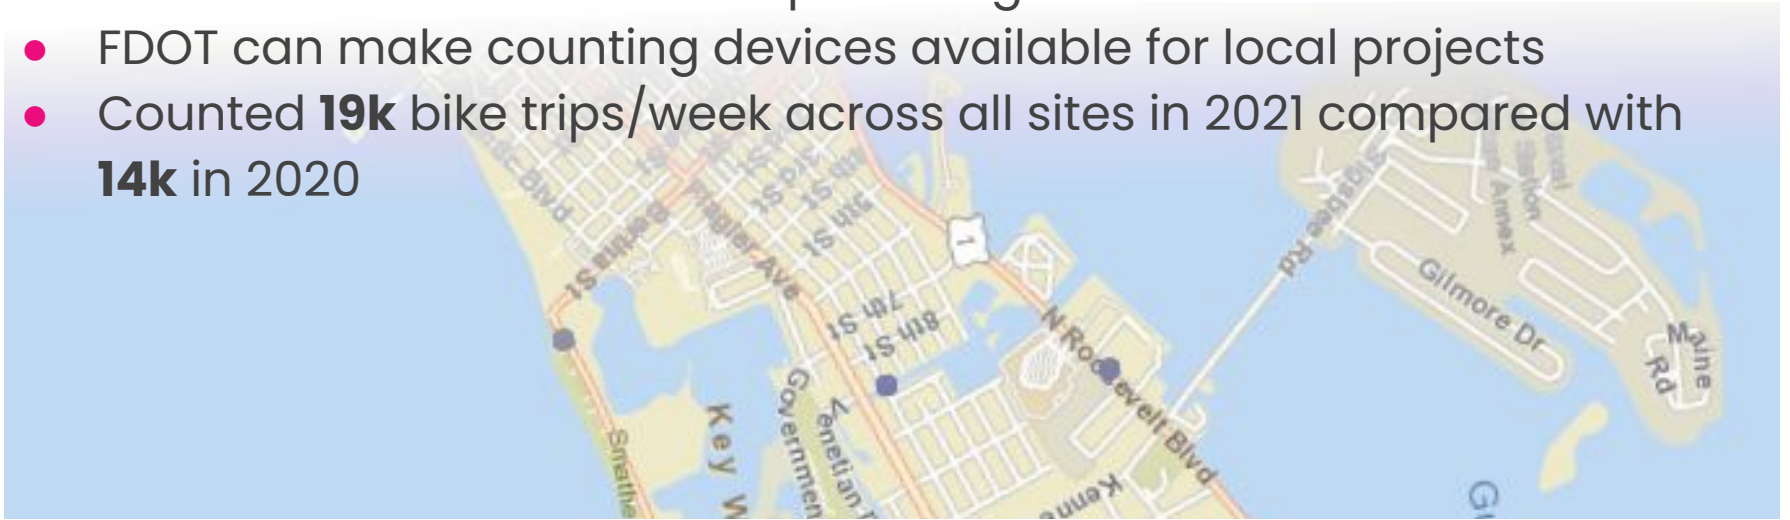

Micromobility Ordinance

- Went into effect July 21, 2021
- Restricted ebikes and scooters from narrow sidewalks
- Set a 15mph limit for ebikes on multi-use trails such as North and South Roosevelt promenades

Bicycle and Pedestrian Counts

- Collaborated with FDOT to collect non-motorized counts along North and South Roosevelt and Staples Bridge
- FDOT can make counting devices available for local projects
- Counted **19k** bike trips/week across all sites in 2021 compared with **14k** in 2020

What's Next

- Crosstown Greenway Improvements
- Public Transportation Advances
- Final Mile Mode Shift
- Keys COAST

Crosstown Greenway Improvements

- Partnering to increase street trees
- Wickers realignment is in the planning phase
 - Submitted grant to help pay for the estimated \$683k construction cost
 - Construction could begin 2024

Public Transportation Advancements

- Most bus drivers received a pay increase
- Working toward Transit on Demand and infotainment
- Key West Intermodal Center (KWIC)

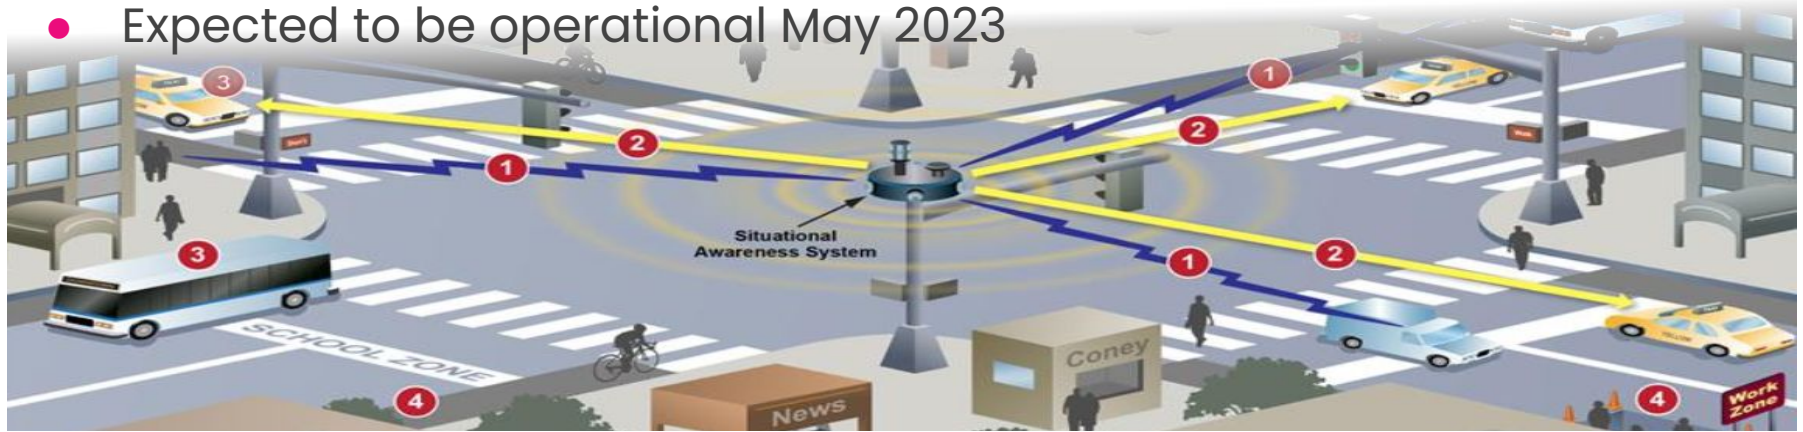

Final Mile Mode Shift Project

- Cycling amenities near 80+ bus stop across the lower Keys
- Includes bike lockers, repair stands, transit lights
- Project expected to go to bid this Summer

Keys COAST

- FDOT funded Connected Vehicle technology program
- Emergency preemption, Freight & Transit signal priority
- Establish connectivity between different modes to improve safety
- Expected to be operational May 2023
