Application Fee: \$4,830.25

(includes \$310.00 advertising/noticing fee and \$110.25 fire review fee)

Please complete this application in its entirety accompanied by a check for **\$4,830.25** made out to the City of Key West. **Deliver the original and 2 signed & sealed surveys and site plans** to the Planning Department located at 1300 White Street, Key West, FL 33040. Due to the complexity and individuality of each transaction, the Planning Department may need additional information prior to processing.

This application is for a transaction involving a transfer from one location (sender site) to another (receiver site). If there is an additional site at either end of the transfer process, this requires another application.

The owner(s) of both the sender site and receiver site are the applicants and must sign the application. Corporations and partnerships must sign as legally required. If another person is acting as the agent or authorized representative of the owner, supporting documentation must be provided as indicated.

RE: 921 Center St #3 & 314 Duval Street
Transient Business Tax Receipt Transfer

Dear Ms. Halloran:

The owners of 921 Center St. Unit #3 wish to transfer their transient license to 314 Duval St. 314 Duval is a more appropriate location for a transient license being that it is a mixed-use site with 9 non-transient rental units and commercial floor area, including 150 restaurant seats.

The owner of 314 Duval proposes to enclose most existing doorways into the transient unit to mitigate from the creation of any lockouts. Further, if required for life safety requirements, the unit proposes adding an emergency egress-only door, preventing ingress access into the transient unit.

Sincerely,

Owen Trepanier

Solution Statement:

The "Sender Site", 921 Center Street #3, Key West, is currently occupied as a single-family dwelling. 921 Center Street #3 is a condominium in the "Old Town Garden Villas" and is the current holder of an existing transient license. The property owners propose transferring the transient business tax receipt from unit #3 to become a permanent residential dwelling unit.

The "Receiver Site", 314 Duval Street, Key West, is a mixed-use site with 9 non-transient rental units and commercial floor area, including 150 restaurant seats. The proposed transfer of the transient business tax receipt from 921 Center Street #3 to 314 Duval Street will allow for a more appropriate use in an area more suited for a transient rental. The current location of the transient business tax receipt is more suited as a permanent residential dwelling unit within the Old Town Garden Villas condominium. The mixed-use receiver site is a more appropriate location for the transient business tax receipt.

Sec. 122-1339. – Transfer of transient business tax receipt.

- (a) A business tax receipt for transient use of a unit may itself be transferred from an area where transient uses are prohibited to a receiver site without the accompanying transfer of the unit. In addition, licenses may be transferred from the HNC-1 and HNC-3 zoning districts. A transfer of a license under this section shall not result in a loss of affordable housing at the receiver site.
- (b) Where a license alone is transferred, the planning board shall consider whether the receiver site is suitable for transient use in the zoning district, shall consider the relative size of the unit from which the license is transferred, and shall consider the room configuration of both sites to maintain approximately the same or less net number of occupants.

Sec. 122-1340. – Development review committee and planning board review.

The development review committee (DRC) shall review each application for transfer. The Planning Board will receive comments from the DRC and the recommendation of the planning department and may deny an application on the grounds of inconsistency with the purpose of the ordinance or a violation of the specific provisions of the ordinance. When approving an application, the planning board may impose conditions, including but not limited to physical modifications and the filing of deed restrictions, to assure the continuation of permanent residential housing, the preservation of community character and that the transfer advances the purposes of this division. The decision of the planning board shall be final.

RE: LUD Application – 314 Duval Street, Key West, FL 33040

Dear Mr. Tillman,

Initially, on behalf of the City, please allow me to apologize for the length of time it has taken to process your lawful unit determination application. We have recently undertaken a concerted effort to review all pending applications and appreciate your patience during this period.

We have reviewed your application for an additional 8 non-transient units for the real property located at 314 Duval Street, Key West, FL 33040. Your application was reviewed in accordance with the criteria found in Key West Code of Ordinances section 108-991. Specifically, 108-991(3) provides in part that:

Units determined to have been in existence at the time the April 1, 2010, census was prepared are presumed not to be affected by BPAS. The city planner shall review available documents to determine if a body of evidence exists to support the existence of units on or about April 1, 2010. Units existing in 2010 will be documented through a mandatory site visit by city staff and at least two of the following records:

- a. Aerial photographs and original dated photographs showing that the structure existed on or about April 1, 2010;
- b. Building permits issued prior to April 1, 2010;
- c. Copies of city directory entries on or about April 1, 2010;
- d. Site visits which indicate that the age of the structure and associated improvements likely pre-date 2010;
- e. Rental, occupancy or lease records from before and including April 1, 2010, indicating the number, type and term of the rental or occupancy;
- f. Copies of state, county, and city licenses on and about April 1, 2010, indicating the number and types of rental units;
- g. Documentation for Keys Energy Service, Florida Keys Aqueduct Authority and other available utilities indicating the type of service (residential or commercial) provided and the number of meters on or about April 1, 2010;

THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3700

h. Documentation for the Monroe County Property Appraiser's Office for the time on or about April 1, 2010, (Green Card); and

i. Similar documentation as listed above.

Provision of affidavits to support the existence of a unit is allowed, but cannot be the sole record upon which a decision is based. Provision of documents is the responsibility of the applicant. The city planner's decision shall be rendered to the department of economic opportunity for a determination of consistency with the principals for guiding development.

After a review of your application considering these criteria, coupled with a site visit on March 23, 2017, it is my determination that you have established that 9 non-transient units exist on the property. This is a net increase of 8 non-transient units above what the City has previously recognized.

In order for your unit(s) to be legally recognized the Key West Code of Ordinances requires the following additional criteria to be met:

- a. The applicant satisfies the building department that the unit meets the Florida Building Code, through as-built certifications or other means acceptable to the building official; and
- b. Fees: All back fee payments shall be paid current and in full, from the date determined to be the established date of the unit. All impact fees shall be paid in full for units determined to have been established after the implementation of the Impact Fee Ordinance (January 1, 1985).
- c. Occupational license with the city is updated, and street addresses are assigned commensurate with the updated unit count.

Under separate letter, you will receive a calculation of the back fee payments due. This letter should be sent to you within a maximum of 60 days of the receipt of this correspondence.

While the City of Key West recognizes the unit contingent upon fulfillment of the three additional requirements above, City Code also mandates that we render our decision to the Department of Economic Opportunity in Tallahassee for a determination of consistency with the Principals for Guiding Development. If the Department makes a finding that this determination is consistent with the Principals, you will have 180 days from the Department's finding to meet the criteria described in A, B & C above.

Sincerely,

Patrick Wright
Planning Director
