

Historic Architectural Review Commission Staff Report for Item 5

To: Chairman Bryan Green and Historic Architectural Review Commission Members

From: Kathleen McDonald, MHP
Historic Preservation Planner II

Meeting Date: April 26, 2022
March 22, 2022 - Postponed

Applicant: Reynolds Engineering

Address: #6 Fletchers Lane

Description of Work:

Raising rear historic portion of sawtooth.

Site Facts:

The property under review contains a historic two-story frame vernacular structure and several historic and non-historic additions. The structure is listed on our survey as contributing, with a year built circa 1923, although it appears on the 1912 Sanborn map. There are two existing historic sawtooth additions on the rear, which can be seen on all of the Sanborn maps, as well as a non-historic shed roof addition on the rear, and a non-historic addition on the East side of the main house.

This project received an administrative variance from the Planning Department in January 2022 because the rear addition that is proposed to be raised in height currently sits in the rear setback.

Guidelines Cited on Review:

- Guidelines for Additions and Alterations on Contributing, Non-Contributing, and Non-Historic Buildings and Structures (pages 37a-37k), specifically guidelines 1, 2, 4, 5, 6, 11, 13, 14, 17 and 29.

Staff Analysis:

This proposal has been revised since it was postponed at the March 22nd HARC meeting. The original proposal would have altered a historic sawtooth addition at the rear, as well as a non-historic shed roof addition, by covering both structures with a new gable roof.

The revised design takes into account the Commissioners' comments from the March 22nd HARC meeting, where it was suggested that a new shed roof extending out from the historic sawtooth would be a more appropriate solution in terms of the guidelines. It was specified at the meeting that the new shed roof should extend out from the historic sawtooth 1/3 of the way down from the historic ridgeline to the eave; this is what the revised design proposes.

Consistency with Cited Guidelines:

Staff finds the current proposal to be consistent with the cited guidelines.

The proposed shed roof form would allow for the needed increase in height, while also leaving the historic sawtooth at the rear partially exposed. The proposed shed roof would limit its size and scale in relationship to the historic main building and historic rear additions. The proposed shed roof form is not a foreign element to the existing structure, as a shed roof currently exists at the rear.

The proposed alteration of the roofline at the rear would not be visible from the street. Demolition of historic forms in order to accommodate the alteration would be minimized, as the historic ridgeline of the sawtooth would be left exposed.

| CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES: |
|---|
| Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies): |
| (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria: |
| (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration. |
| N/A |
| |
| |
| (2) Or explain how the building or structure meets the criteria below: |
| (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction. |
| Rear portion of home where work will be conducted was deemed non historic by HARC. |
| |
| |
| |

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

| |
|---|
| (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history. |
| N/A |
| |
| |
| |
| (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past. |
| N/A |
| |
| |
| |
| |
| (d) Is not the site of a historic event with significant effect upon society. |
