Good morning
Thanks for your patience with me.
As Tiffany mentioned - I spoke with her about placing the "BLUE" sculpture below in the corner of the Grinnell St Pocket dog park where the bench is...
The BLUE sculpture is a donation to the City from the artist's widow - same artist obviously of the WHITE sculpture that is sited on the pad in the middle of the park.
The AIPP board has approved this placement after seceral discussions about "spreading out" the work into other parks...it is the desire of the widow that the pieces of artwork are meant to be together and that separately them diminishes the impact.
Since I live nearby I go by the park lots and at first thought about suggesting the piece go into the rear corner but that's really where the dogs can run and roam.
We all think the "bench" corner would be ideal.
The BLUE sculpture is also in a photo below and is now sitting the neighboring driveway - if you or your Parks & Rec Board members would like to take a look.
We are hoping that you will "bless" this recommendation at your meeting so that I can seek final approval from the City Commission

I'll be at a Conference next week so I am unable to attend your meeting!
thanks and happy to answer any questions before I leave on Tuesday.
liz
