

Team BLU

Key West High School 2021-2022

Beach Cleanup November 13th 2021

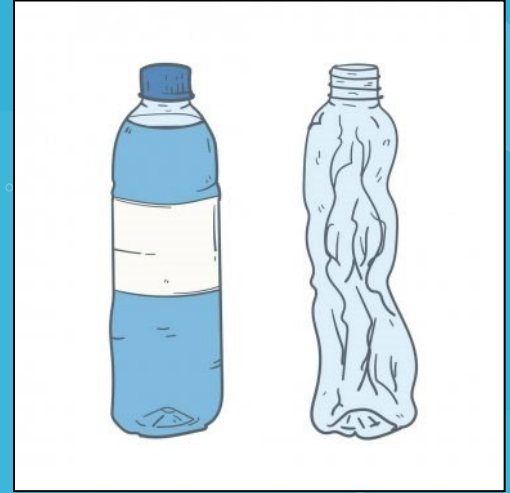

Turtle Hospital Visit April 23rd

Every year 25 million tons of plastic is added to the ocean

Every square mile of our ocean contains over 45,000 individual pieces of plastic.

In 2021, over 250 million plastic bottles were not recycled.

8-9 Metric Tons of plastic that ends up in our oceans every year

Plastic bottles make up 6% of the oceans plastic waste

Why BLU Water?

It is 100% reusable and
recyclable!
All Aluminum!

It benefits highschool students
trying to make a difference

Beach Cleanup Compilation

**We are making a
difference and
hope you do too.**
