NOTE: A Tree Representation Authorization form must accompany this application if someone other than the owner will be representing the owner at a Tree Commission meeting or picking up an issued Tree Permit. Tree Representation Authorization form attached () Sketch location of tree in this area including cross/corner Street

Please identify tree(s) with colored tape

Requesting removal of 1 gumbo limbo tree at the front of residence. This is a young 9" cal. tree not representing old growth. The tree was severely pruned by the previous owner and is very lopsided in nature with incorrect pruning of major limbs. The pruning was the result of the close proximity of the tree to the house. This will be an on going maintenance issue as the tree matures that the new owners do not wish to undertake. The second floor balcony handrails are being replaced due to damage caused by the tree. The owner wishes to mitigate this removal by providing a lignumvitea tree in the front yard. This new tree is appropriate in scale and character for the east side of the building.

If this process requires blocking of a City right-of-way, a separate ROW Permit is required. Please contact 305-809-3740.

Tree Representation Authorization

Attendance at the Tree Commission meeting on the date when your request will be discussed is necessary in order to expedite the resolution of your application. This Tree Representation Authorization form must accompany the application if the property owner is unable to attend or will have someone else pick up the Tree Permit once issued. Please Clearly Print All Information unless indicated otherwise.
