Re: **Revisions to 601 Truman-919 Simonton Sec. 108-230**

Other project info. (Sec. 108-230):

Phasing Schedule (anticipated):

Phase	Commencement	Completion
I	Within <u>21</u> years of the effective date of the approval	Within 1 year of commencement
II	<u>Prior to the expiration of the BPAS award for 601 Truman-919 Simonton pursuant to Res. No. 2021-20 and subsequent extensions¹</u> Within 5 years of the effective date of the approval²	Within 1 year of commencement

2. Target dates for the approval phase and the development phases are anticipated above.
3. The expected completion date of the approval phase is TBD. The expected completion date of the phase 1 development is estimated to be within 21 years from the effective date of the approval. The expected date of the phase 2 development will commence prior to the expiration of the BPAS award for 601 Truman-919 Simonton pursuant to Res. No. 2021-20 and subsequent extensions³ ~~is estimated to be within 5 years of the effective date of the approval⁴~~. The timeline of the phase 2 is being proposed to coordinate with the Florida Department of Environmental Protection to mitigate existing buried pollution at 601 Truman and 919 Simonton from its previous use as a gas and auto service station during construction.

¹ See attached exhibit. Currently Res. No. 2021-20 is set to expire on 08/24/2024, however this is subject to change pursuant to F.S. 252.363.

² With the ability to seek up to an additional 5-year extension upon demonstration of cause pursuant to Sec. 108-203.

³ See attached exhibit. Currently Res. No. 2021-20 is set to expire on 08/24/2024, however this is subject to change with future EO-declared states of emergency.

⁴ With the ability to seek up to an additional 5-year extension upon demonstration of cause pursuant to Sec. 108-203.
