RE: ITB # 18-014

Dear City Clerk of Key West:

I would like to thank you for your invitation to bid on the City Fuel Supply ITB # 18-014.

We will supply Marathon Petroleum branded product as called for by the bid. The **guaranteed allocation** associated with supplying branded product was incredibly valuable during the Hurricane Irma aftermath. Marathon branded signs will be supplied for the Marina. Currently, there is not a reliable source for QUALITY CONTROLLED Bio diesel fuel available at Pt Everglades Terminal. Although currently unavailable, if the product becomes available by a reputable source, we will notify the City personnel about purchasing it at that time.

All freight related costs are included in the Bid Response Forms with the exception of the freight fuel surcharge. In January of 2000, the freight industry began levying a fuel surcharge due to the high prices of fuel. This surcharge is based on the US Energy Information Administration East Coast Lower Atlantic average on-highway diesel fuel price which changes each Monday. This surcharge will be listed as a separate line item rather than be included in the per gallon freight charge. This surcharge is not reflected in the attached Bid # 18-014.

I truly hope that we have the opportunity to continue serving the City with its fuel needs. It has been a pleasure working with everyone there. If you have any questions or need further clarifications on any of the enclosed information, please feel free to contact me.

Sincerely,

Greg R. McKenzie
President
