

Historic Architectural Review Commission Staff Report for Item 7

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Enid Torregrosa-Silva, MSHP
Historic Preservation Planner

Meeting Date: July 27, 2022

Applicant: Artibus Design

Application Number: H2022-0028

Address: 220 Eanes Lane

Description of Work:

Demolition of non-historic shed at rear of existing structure.

Site Facts:

The site under review contains a one-story main house listed as a contributing resource to the historic district. The house was built circa 1933 and its north side yard abuts the Hemingway house property. During Hurricane Irma the front porch was severely damaged by a tree that fell over. Currently the concrete floor is the only remnant of the historic porch. A one-story shed structure was added to the rear of the house at some point.

Ordinance Cited on Review:

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis:

The Certificate of Appropriateness under review proposes the demolition of a non-historic shed structure located at the rear of the historic house. In addition, less than 30" height wood decks located at the rear of the house will be removed. The submitted plans include a new covered porch that will be located at the rear of the house.

Proposed demolition for non-historic shed.

The Historic Architectural Review Commission shall not issue a certificate of appropriateness that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.*

It is staff's opinion that the non-historic rear shed is not a structure that define the site's historic character.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.*

The structure under review is not historic and its demolition will not affect any urban relationship acquired through time.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

It is staff's opinion that the non-historic shed is not a significant element to the site or surrounding neighborhood.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

Although the main structure under review is a historic and contributing building the shed is not. It is staff's opinion that the shed under review will not qualify to be contributing to the building or site in a near future.

Staff finds that the requested demolition of a non-historic shed can be consider by the Commission as it conforms with the current ordinance for demolition set under the LDR's. If approved, this will be the only required reading.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

Demolition of the non-historic shed located in the rear of the existing structure

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

N/A

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

Not associated with events of local, state nor national history.

(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

No significant character, interest, or value is affected by the proposed demolition.

(d) Is not the site of a historic event with significant effect upon society.

Property is not the site of a historic event.

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

No cultural, political, economic, social, or historic heritage of the city is affected by the demolition.

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

Does not portray the environment in an era of history.

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history,
N/A

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:	
The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):	
(1) Removing buildings or structure that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.	
The shed is not important in defining the overall historic character of a district.	
(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.	
No historic relationship between other buildings or structures and open space.	
(3) Removing an historic building or structure in a complex; or removing a building façade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.	
Not defining to the historic character of a site or the surrounding district.	
(4) Removing buildings or structures that would otherwise qualify as contributing.	
Does not qualify as contributing structure.

MONROE COUNTY
RESIDENTIAL STORMWATER RETENTION CALCULATION SHEET

1. Determine Total Impervious Coverage on site:

a. Determine Impervious Coverage EXISTING prior to new improvement:

Roof/slabs	A	1,595.00	ft ²	Sidewalks	D	0.00	ft ²
Decks / Patios	B	0.00	ft ²	Pool/Deck	E	0.00	ft ²
Driveways	C	0.00	ft ²	Other	F	0.00	ft ²
Impervious Coverage EXISTING prior to improvement(A + B + C + D + E + F)				1,595.00		1a	

b. Determine NEW Impervious Coverage PROPOSED with improvement:

Roof/slabs	A	172.00	ft ²	Sidewalks	D		ft ²
Decks / Patios	B		ft ²	Pool/Deck	E	0.00	ft ²
Driveways	C		ft ²	Other	F	0.00	ft ²
Impervious Coverage PROPOSED with improvement (A + B + C + D + E + F)				172.00		1b	

Total Impervious Coverage: EXISTING + PROPOSED (1a+1b)				1,767.00		1	
--	--	--	--	----------	--	---	--

2. Determine Percentage of Impervious Coverage on site:

1,767.00	1	ft ²	/	3,969.00	ft ²	=	44.52%	2	% of Impervious Coverage
Total Impervious Coverage		Total Lot Area							

3. Determine "Disturbed Area" [(114-3(f)(2) 4]

3,969.00	ft ²	-	0.00	ft ²	=	3,969.00	3	Disturbed Area
----------	-----------------	---	------	-----------------	---	----------	---	----------------

Total Lot Area Native Vegetation - If no BMP enter "0"

For the purposes of this section, the term "disturbed area" includes the entire lot except that the areas covered by the following best management practices (BMP) shall be subtracted from the calculation of disturbed area: (i) Forested upland areas/vegetative buffer strips (both natural and manmade) which will be retained intact and over or through which vehicular access or travel is not possible and will not occur; and (ii) Open water surfaces and wetlands (salt marsh, buttonwood, mangroves, or freshwater marsh habitat types). It will be the responsibility of the applicant to affirmatively demonstrate that the best management practices used for the project are designed, constructed, and maintained properly.

4. Determine Required Swale Volume – Complete a, b, or c:

a. For a NEW home with less than 40% Impervious Coverage, use:

3,969.00	3	ft ²	X	0.083	=		4a	ft ³	Swale Volume
Disturbed Area									

b. For a NEW home with 40% or greater Impervious Coverage, use:

3,969.00	3	ft ²	X	0.208	X	44.52%	2	% =	4b	ft ³	Swale Volume
Disturbed Area		% of Impervious Coverage									

c. When only new impervious area requires storm water retention (Existing Single Family & Duplexes Only):

1. When the total lot impervious coverage remains below 40% after the additional development:

172.00	1b	ft ²	X	0.083	=	14.28	4c1	ft ³	Added Swale Volume
Impervious Coverage PROPOSED		Swale Volume							

2. When the new development increases the total lot impervious area to 40% or above:

172.00	1b	ft ²	X	0.208	=		4c2	ft ³	Added Swale Volume
Impervious Coverage PROPOSED		Swale Volume							

5. Determine Swale Length (Swale side slopes must be no steep than 4:1)

(	5.00	ft	X	0.50	ft	) / 2 =	1.25	ft ²	Cross Sectional Area**
Width		Depth							

	14.28	ft ³	/	1.25	ft ²	=	11.42	ft	Swale Length
Swale Volume		Cross Sectional Area							

Either 4 - a, b, c1 or c2 (**e.g. a V-shaped swale with 4:1 slopes, 8 feet wide and 1 foot deep has 4 SF of Cross Sectional Area.)
