

THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3700

Comments for 6/24/21 DRC from Matt Willman, Utility Administrator/GIS

1. 601 Truman
 - New Addresses will be required before any permit application shall be accepted. Please get with Matt 809-3721
 - Assessments for Solid Waste and Storm Water shall be effective and owed at time of CO's.
 - Not in favor of Landscape Waiver
2. 617 Front St
 - Change in vehicles/use should not impact current available parking space for the Galleon.
 - Use of Front St shall not be used for any parking or temporary placement of rental vehicles.
3. 1450 Duval St
 - Should City be listed as an Owner on the application as the use from City land will be directly impacted?
 - Could the end of the pier be accessible to open water, not encompassed by the floating barrier?
 - I whole heartedly support this effort as currently (6/21/21) this area is unusable due to all of the vegetation washed on shore.
