RE: 8 Kestral Way (permit application # T2023-0029)

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of (1) Mahogany tree.
A site inspection was done and documented the following:

Tree Species: Mahogany (Swietenia mahagoni)

Photo showing location of tree.

Photo of
whole
tree.

Photo of
main tree
trunks,
view 1.

Two photos
of tree
canopy,
views 1 & 2.

Photo of main tree trunks, view 2.

Photo showing termite mud in main trunk/canopy .

Photo showing cut-large trunk from this section recently broke off and fell on structure. Cut made to clean break area.

Photo below break area in main trunk showing included bark and a decay area.

Two close up photos of decay area showing termite mud and active termites.

Two photos showing termite mud in a crotch area of tree.

Two photos below break area showing major decay in main crotch/trunk area.

Photo of main tree trunks, view 3.

Photo showing canopy branch structure.

Photo looking up at canopy trunks from ground level showing heavy side of canopy.

Close up photo of main trunk.

Diameter: 43.3"

Location: 80% (very visible tree growing in front yard)

Species: 100% (on protected tree list)

Condition: 30% (overall condition is poor, decay in major trunk crotch areas, evidence of active termites observed.)

Total Average Value = 70%

Value x Diameter = 30.3 replacement caliper inches

Note: The tree dropped a large trunk section during a storm in November 2022. Reviewing possible alternatives-pruning; to alleviate the potential safety issues would require the removal of a significant amount of the canopy. Major decay exists at the primary trunk crotch areas therefore, the threat of large sections of canopy trunks dropping during storm events are high.

Recommend approval of the removal of (1) Mahogany tree to be replaced with 30.3 caliper inches of approved trees, FL#1, to be planted on site or on HOA property.

RE: Tree Removal
8 Kestral Way Key West, FL 33040

I am in receipt of your request for approval to remove a Mahogany Tree from 8 Kestral Way. It is understood that the tree was inspected by Orkin and has Subterranean Termites. You would need to have a certified arborist inspect the tree and go to the City of Key West Tree Commission for final approval. You have KWGC HOA approval to proceed with this project. In that, the work is limited to this. Please keep in mind that the work must be done in a workmanlike manner using quality products with no materials being placed on the Association's common properties during the process.

In addition, please coordinate the arrival of the contractors with the Association's Manager who can be reached through our offices by calling 293-0301.

Should you have any questions, please do not hesitate in contacting me.

Thank you

Randy Niles
