

To whom it might concern,

As a born and raised Local "Conch" and Business Owner I am happy to recommend the exponential quality of management services provided by Kelly Norman and her team at Rams Head Promotions of Key West at the Coffee Butler Amphitheater as well as the Eaton Theater.

In past few years Rams Head Management company has brought in so many amazing artists and performances for the Key West locals and Visitors to our little island city. Which does great things for our local economy.

I have enjoyed the events as well as had a chance to cater other events for Rams Head Promotions –

On a personal level I always enjoyed the music and special charity events that took place at the venue, the organization of shows is always at it's best and professional level.

I am confident that The Rams Head Promotions of Key West will be able to continue to manage the Venue at the superb level and will bring business and music, and performances to Key West.

Sincerely,

Chef Marin Liz
