For applicants with income of 80% AMI or less, will receive deferred loans. The entire amount of the loan covering last month’s rent and security deposit will be returned to the City upon fulfillment of the lease.
- (g) No Changes

Procurement

Initial funding for this program will come from the the American Rescue Plan Act (ARPA) grant award received by the City of Key West. These funds were provided to state and local governments to build an equitable economic recovery from the devastating economic effects caused by the COVID-19 pandemic.

ARPA funding can be used to assist small businesses, households, and hard-hit industries, economic recovery, premium pay for essential workers, investments in water, sewer, and broadband infrastructure.

This program plan has been designed to bring funding back into the City of Key West. Borrowers are required to repay all or a portion of their loan, depending on their income. This will allow the City to recycle funding and help more applicants.

Continued funding for this program may originate from other sources of funds in the future.
