Mayor, Commissioners & City Management

I'm writing to confirm my full support for Rams Head to continue the management of our Coffee Butler Amphitheater.

As an Event Director who produces several of our city-wide events and community fundraisers, I have had many opportunities to work with and alongside the Rams Head Team. They are brilliant event partners, generously dedicated and focused on our community. They have produced a diverse and wonderful line up of performances, creating a truly unique experience for all who attend. Successfully drawing visitors and residents to see these world class entertainers in this one-of-a-kind venue.

With my 30+ years of perspective in our Key West tourism industry, it is apparent that Rams Head has successfully established the Amphitheater as one of our top attractions. In this industry we are always working months and years into the future; please renew their agreement and allow this momentum to continue for Rams Head and Key West!

Professionally and personal – I am inspired by the way Rams Head has built up this venue for the benefit of everyone in the Florida Keys – and I look forward to working with them on many future endeavors.
