May 12, 2023

To Teri Johnson, Mayor and City Commissioners,
& To The Citizen Review Board,

I am writing this letter to express my gratitude for being elected to serve on the Citizen Review Board for the past seven years. I have learned a lot about what our City Police Officers has to face on a daily basis, in which they do it with all finest, dignity and respect.

I have served on the board with some awesome people within our community throughout the years. I had the opportunity to travel to Albuquerque, New Mexico for the NACOLE training to gain insight of other Citizen Review Boards from around the country.

At this time, I will not be seeking another term to serve on the board due to changes in my schedule that will not allow me to devote my time as I was able to do so in the past.

Serving on the CRB will be an experience that I will never forget.

Thank you for trusting in me to serve our community. It was a pleasure to do so.

I pray that God will continue to keep our beautiful City of Key West safe.

Respectfully,

Rev. Rochelle McEntyre, Pastor
Cornish Memorial AME Zion Church
