Good Afternoon Carolyn,

The Smathers Beach Nourishment Project from the FY2025-26 LGFR will be funded with reallocated funds remaining from previous FY appropriations. We have already begun drafting the agreement and will be routing as it completes its internal routing review hopefully within the next few weeks given the volume of other grants currently.

Additionally, this may impact your upcoming LGFR submittals for FY26/27. If you have any additional questions about the upcoming LGFR or the grant in general, please feel to reach out!

Thank you,

John Irving, MSc.
