I stand in support of Commissioner Haskell's resolution.
It is not the perfect solution to an overwhelming problem, but it is a good-faith, positive effort to comply with the recommendations of the Grand Jury Report.

The criteria set forth for the targeted sample of permits to be extracted from all building permits issued between January 1, 2020, and April 30, 2025, are both reasonable and in keeping with the spirit of the Grand Jury Report.
I therefore support this resolution.
