

**Historic Architectural Review Commission
Staff Report for Item 13**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: November 28, 2017

Applicant: Pike Architects

Application Number: H17-03-0049

Address: #718 Windsor Lane

Description of Work:

Demolition of rear and side additions. Partial demolition of rear wall of main house.

Site Facts:

The main structure in the site is a contributing resource to the historic district. The historic house, built circa 1920 is a one-story frame vernacular structure that has been altered on its rear and side elevations. The house sits second to the west corner of Windsor and Galveston Lanes.

The house has a rectangular shape floor plan configuration and the original portion of the house still preserves its roof form and its full wide front porch, however, the front porch does not preserve its original wooden floors. Several alterations have occurred to the east side and rear portion of the house. Currently, the rear portion of the house exhibits a frame addition with a flat roof, which is different in width and height from the historic gable roof structure depicted in several aerial photographs found for this review.

Staff has not been able to find approvals for the construction of the side or rear additions other than in 2005 a building permit was released for the improvements to the kitchen and bathroom "in the same footprint"- which are located on the rear addition of the house. Between the periods from 2001 through 2017, there has been no Certificate of Appropriateness issued for this address.

In October 19, 2017, the Planning Board approved a variance for rear yard setbacks, as the new design proposes extending the existing nonconformity or the rear portion of the house.

Ordinance Cited on Review:

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis:

The plan includes the removal of a non-historic side addition. The design also proposes the demolition of the rear portion of the house and partial demolition of rear wall. After reviewing available aerial photographs and visiting the house, it is staff's opinion that the rear wall and rear portion of the house, all have non-historic structural and components. Since the elements proposed to be demolished are non-historic, this review is based on section 102-218 (b), which requires the following criteria for demolitions: The historic architectural review commission shall not issue permits that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;*

It is staff's opinion that the removal of the rear and side additions, as well as the partial demolition of the rear wall will not jeopardize the historic character of the neighborhood or the historic integrity of the house. By the contrary, removing the side addition will bring back an important character defining elevation to the historic house.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;*

The proposed elements to be demolished are not historic.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

The non-historic elements to be demolished are not significant or important in defining the historic character of the site. The side addition obscures a

historic and character defining elevation of the house. The rear addition, which replaced an original rear bump, was not built using the same three-dimensional footprint of the previous historic structure. Staff finds that both additions are not significant to the historic fabric or site.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

It is staff's opinion that the elements proposed to be demolish will not qualify to be contributing to the historic house in a near future.

In conclusion, it is staff's opinion that the Commission can consider the request for demolition proposed in the plans as it complies with the criteria for demolition stated under the Land Development Regulations.

If the Commission approves the request for demolition of the non-historic additions and the partial demolition of the rear façade, this will be the only required reading.

DETAILED PROJECT DESCRIPTION OF DEMOLITION

**REMOVAL OF NON HISTORIC REAR ADDITION + REPLACE W. NEW 1 STORY ADDITION.
 REPLACE EX. CONCRETE FRONT PORCH W. MORE HISTORICALLY APPROPRIATE WOOD FRAMED PORCH.
 REMOVE EXISTING SIDE ADDITION THAT IS ALSO NON HISTORIC.**

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

OCT 25 2017

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

(d) Is not the site of a historic event with significant effect upon society.

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history.

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

THE REMOVAL OF THE EXISTING REAR ADDITION WILL NOT DIMINISH THE HISTORIC CHARACTER OF THE DISTRICT OR NEIGHBORHOOD.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

REMOVING THE EXISTING REAR ADDITION ^{SIDE} WILL NOT DESTROY THE HISTORIC RELATIONSHIP BETWEEN THE BUILDING / STRUCTURE & OPEN SPACE. THE REMOVAL OF THE SIDE ADDITION WILL ONLY INCREASE THE OPEN SPACE.

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

REMOVING THE REAR & SIDE ADDITIONS ARE NOT IMPORTANT IN DEFINING THE HISTORIC CHARACTER OF THE SITE OR NEIGHBORHOOD.

(4) Removing buildings or structures that would otherwise qualify as contributing.

THE REMOVAL OF THE REAR & SIDE ADDITIONS WOULD NOT QUALIFY AS CONTRIBUTING.

PLANNING BOARD RESOLUTION

**PLANNING BOARD
RESOLUTION NO. 2017-44**

A RESOLUTION OF THE CITY OF KEY WEST PLANNING BOARD GRANTING WITH CONDITIONS A VARIANCE TO THE REAR YARD SETBACK REQUIREMENT ON PROPERTY LOCATED AT 718 WINDSOR LANE (RE # 00019000-000000) IN THE HISTORIC HIGH DENSITY RESIDENTIAL (HHDR) ZONING DISTRICT PURSUANT TO SECTIONS 90-395, AND 122-630(6) (c) OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST, FLORIDA.

WHEREAS, the applicant proposes to construct a one story rear addition with a pitched roof design on the property located at 718 Windsor Lane (RE# 00019000-000000); and

WHEREAS, Section 122-630(6)(c) of the Land Development Regulations (the "LDRs") of the Code of Ordinances (the "Code") of the City of Key West, Florida (the "City") states the rear yard setback is twenty feet; and

WHEREAS, the proposed rear yard setback is fifteen feet and five inches; and

WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on October 19, 2017; and

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other land, structures or buildings in the same district; and

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant; and

Chairman

Planning Director

WHEREAS, the Planning Board finds that granting the variance requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings or structures in the same zoning district; and

WHEREAS, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant; and

WHEREAS, the Planning Board finds that the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure; and

WHEREAS, the Planning Board finds that the granting of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare; and

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures or buildings in other districts are grounds for the issuance of the requested variance; and

WHEREAS, the Planning Board finds that the applicant has demonstrated a "good neighbor policy" by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors.

 Chairman
 Planning Director

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the City of Key West,
Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. An approval by Resolution of the Key West Planning Board for the minimum open space requirements, sides and rear setback requirements variance for the reconstruction of a rear addition and porch on the property located at 718 Windsor Lane (RE# 00019000-000000) in the HHDR Zoning District pursuant to Sections 90-395, and 122-630(6) (c). of the City of Key West Land Development Regulations with the following conditions:

General Conditions:

1. The proposed development shall be consistent with the plans signed and sealed May 26, 2017 by Pike Architects, PA. No approval granted for any other work or improvements shown on the plans other than the construction of an addition to the property.

Section 3. It is a condition of this variance that full, complete and final application for all conditions of this approval for any use and occupancy for which this variance is wholly or partly necessary, shall be submitted in their entirety within two years after the date hereof; and further, that no application shall be made after expiration of the two-year period without the applicant obtaining an extension from the Planning Board and demonstrating that no change of circumstances to the property or its underlying zoning has occurred.

Chairman

Planning Director

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to this variance in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate this variance, which variance shall be of no force or effect.

Section 5. This variance does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Section 6. This Resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 7. This Resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of Economic Opportunity. Pursuant to Chapter 73C-44, F.A.C., this permit or development order is not effective for forty five (45) days after it has been properly rendered to the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period, the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.

Chairman

Planning Director

Read and passed on first reading at a regularly scheduled meeting held this 19th day of October 2017.
