Re: Contract Number FSA17-VEL25.0 Police Rated, Administrative, Utility Vehicles, Trucks and Vans

We are pleased to announce that the Florida Sheriffs Association has successfully completed its 25th nationwide cooperative bid for vehicles. This contract is in effect beginning October 13, 2017 through September 30, 2018.

This year's bid includes 63 specifications and 215 makes and models. It offers police rated, special service, administrative, hybrid vehicles, pick-up trucks, vans, mobility transport and police motorcycles.

The competitive process for this award began in January 2017, when stakeholders were surveyed regarding procurement needs. Specifications were developed based on prior year activity and new additions were added based on survey results and the Fleet Advisory Committee's review of commodities.

On April 10, 2017, a direct notification was sent to 511 prospective bidders to register for qualification to participate in the bid process. An advertisement of the Invitation to Bid was placed within the Florida Administrative Weekly on June 1, 2017 and again on June 20, 2017. From this Invitation to Bid, 41 bidders responded. Of these respondents, 25 bidders submitted bids and 23 bidders were awarded after a review by the FSA Fleet Advisory Committee.

The Florida Sheriffs Association Cooperative Purchasing Program has followed the Contract Terms and Conditions to procure this contract, and requires that all users, both purchasers and awarded vendors comply as well.

Contract prices are extended and guaranteed to any local government or political subdivision of the state, public educational institutions, other public agencies or authorities with the State of Florida, and entities approved by the manufacturer to participate in this contract.

Out of state sales are permitted under this contract. All purchasers are bound by their local governing purchasing ordinances, rules and regulations.

All awarded vendors are governed by their manufacturer agreements and the Contract Terms and Conditions.
