

*Why are you and the commissioner's Ruining the  
AMBIENCE CHARM of Key West??*

*Why are you approving the cutting down of so many  
TREES that have been here for multitude of years??  
I don't understand this at all??*

**I'm Pleading here for you to STOP the Massacre of so many  
Beloved TREES, it's so senseless!!!  
Just trim them BY an EXPERT ARBORIST from the mainland!!!**

**We are losing the CHARM OF OLD KEY WEST!!! I guess all of you don't  
CARE!!!**

**They give shade, birds and insects live in these trees, PLUS it take  
years and years for then to grow!!!**

**Have you ever wonder who was the person who planed them, it's just  
like the setters brought the chickens for eggs and food??  
They also brought Different Types of Trees to the AREA!!!**

Why are the TREES Protected if you and the commissioner's keep  
approving them to be cut down??

**On the list for Today's Massacre are. . . .Really???**

**3 Royal Poinciana, 7 Mahogany, 2 Sabal Palms,  
2 Sapodilla Trees,  
2 Gumbo Limbo, 5 Silver Buttonwood, 1 Jamaican  
Caper, 1 Pigeon Plum Tree,  
1 Spanish Lime, 2 Jamaican Dogwood, 1 Stopper Tree,  
1 Cherry Tree, 1 Podocarpus Tree, 2 Coconut Palms  
That's Total of  
31 Beautiful TREES, up on the chopping block in the**

city of Key West that will probably die because of all of  
YOU!!

You must not have a conscience???

*And your supposed to REPLANT TREES and I  
haven't heard anything about it???*

*We want Key West Ambiance to stay the  
same as it's been for years and years, BUT  
your  
Forever changing it!!*

*A question for you Mayor Cates, how long  
have you lived here?  
Just remember, when you first put your eyes  
in this Quit Charming Town  
Of Key West, how green the town was full of  
Trees and Vegetation,  
It doesn't look like it anymore? Does it!!*

Sincerely,  
A very concerned citizen,  
Mary Parsons

I'm asking you to put this letter in tonight's meeting minutes,  
March 13, 2018, Thank you
