Re: Sustainability Priorities for FY16/17

Dear Mr. Scholl,

As tasked, the Sustainability Advisory Board is responsible for advising on sustainability matters to the City and its Commissioners. The Board recently held our annual priority ranking workshop and places utmost importance on the following actions:

1) Support Bicycle / Pedestrian Educational and Infrastructure Improvements

- A. Education & Outreach, including targeted marketing to visitors and local workforce (\$100K)
- B. Infrastructure/Improvements/Maintenance: Bike Racks, Striping, Engineering (\$100K)
- C. Bikeshare (\$100K)
- D. Diamond Level Certification as a Bike Friendly Community Adopt a goal to become "Key West- the Best Bicycling City in the USA!"

2) Greenhouse Gas Emission Goals

- A. Report on 2015 Goal of 15% GHG reduction.
- B. Create Energy Action Plan – set goals for next 5 years
- C. Active outreach to businesses and residents, including adaptation planning for sea level rise
- D. Pass resolution for Property Assessed Clean Energy (PACE)

3) Increase Commercial Recycling

- A. Door to Door active engagement
- B. Green Business Certification
- C. Consider mandatory measures

Reducing vehicle miles travelled, increasing recycling and conserving energy are key to sustaining the viability and resiliency of our island. If you wish to discuss any of these actions, please don't hesitate to contact me.

Thank you,
