## STAFF REPORT

DATE: March 27, 2018

RE: 725 Emma Street (permit application # T18-8931)

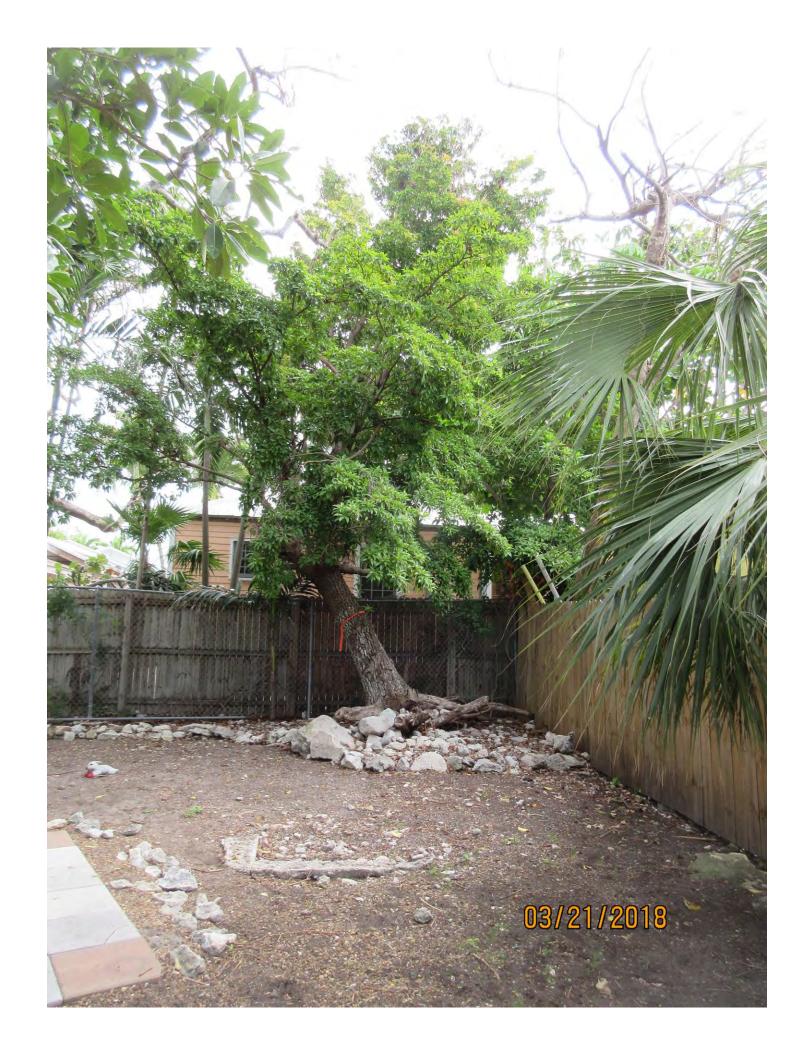

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of **(1) Sapodilla tree**. A site inspection was done on March 21, 2018 and documented the following:

Tree Species: Sapodilla (Manilkara zapota)

Sapodilla tree located in back yard behind these canopy trees.

Diameter: 17.1"

Location: 60% (against fence in backyard) Species: 100% (on protected tree list)

Condition: 30% (very poor, half of root system decayed and uplifted, old canopy cut at main trunk has resprouted—appears entire top of tree was

cut to the trunk at one time-previous hurricane cut?)

Total Average Value = 63%

Value x Diameter = 10.7 replacement caliper inches

Recommendation: Recommend approval of the removal of one (1) Sapodilla tree at 725 Emma Street to be replaced with 10.7 caliper inches of dicot or fruit trees from approved list, FL#1, to be planted on site.
