

Dear Melissa,

David McConnell here. As you may remember, my partner Darrell Crawford and I live at 702 Elizabeth Street and had some issues with the eaves variance Robert Fernandez was seeking for his project at 620 Angela. We're withdrawing our objection. I hope you're able to get us on the agenda for tomorrow.

I will be coming to the Planning Board meeting. As I predicted, Robert and I have been working well together. It seems very likely now that we'll be able to come to an agreement that satisfies all the parties involved.

All Best  
David
