

STAFF REPORT

DATE: May 30, 2018

RE: **2505 Seidenberg Avenue (permit application # T18-9036)**

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received requesting the removal of **(1) Mahogany tree**.
A site inspection was done and documented the following:

Tree Species: Mahogany (Swietenia mahagoni)

05/23/2018

05/23/2018

05/23/2018

March 8, 2018 inspection of exposed root of tree at neighbor's property (2509 Seidenberg).

03/08/2018

Diameter: 23.5"

Location: 40% (close to property line, roots impacting structure)

Species: 100% (on protected tree list)

Condition: 80% (healthy tree-has been maintained)

Total Average Value = 73%

Value x Diameter = 17.1 replacement caliper inches

I have been to this property numerous times evaluating the tree. Looking at the exposed root systems on both sides of the tree indicates that root pruning is not an option as too many of the main structural roots of the tree would need to be cut to help alleviate the issues with the foundation and sewer lines. Cutting that many roots would de-stabilize the tree and cause a potential safety issue.

My Commission Expires: _____

DEAR Commissioners:
Address 2505 SEIDENBERG Ave.

It is with great angst that I have to request a permit to remove a mahogany tree located directly next to our porch ~~and~~ which is also attached to the side entrance of our home. Believe the tree was PLANTED by previous tenants when property was a RENTAL. Unfortunately they had no knowledge perhaps of the type of tree and how large it would grow. We have exposed the roots to show they are lifting the porch and have caused some cracking to the concrete blocks. My husband has numerous times taken the screen door off to be shaved down so we can shut proper, due to FLOOR on porch being raised. Our neighbors have great concern after Digging up part of their DRIVEWAY that it will NOT TAKE MUCH LONGER

Over →

for the ROOTS TO Reach the
FOUNDATION of their ACTUAL Home
and also the sewer pipes which
are also PLACED through the Driveway
Tree shifted so much During IRMA
that my husband fell through a small
hole near base of tree. Our neighbor
is also voicing concern and fear that
the tree will FALL on their home
with great damage to home. SAID Tree
is LOCATED inbetween our TWO Homes.
Have had tree trimmed many times with
hopes of the growth to eventually
STOP. NOT the case. This is not a
request taken LIGHTLY and will
ENTAIL a great DEAL of money. My
Husband also wants TO save a Large
portion of the tree which can be
repurposed into furniture etc. Keep
doing a great job of educating the
public of proper PLACEMENT of
Shade TREES. Thank-you for your
consideration of this necessary
REMOVAL To save our Homes.
